Allan Dwan:

Allan Dwan and the Rise and Decline of the Hollywood Studios Frederic Lombardi, 2013-03-05 It could be said that the career of Canadian born film director Allan Dwan 1885 1981 began at the dawn of the American motion picture industry Originally a scriptwriter Dwan became a director purely by accident Even so his creativity and problem solving skills propelled him to the top of his profession He achieved success with numerous silent film performers most spectacularly with Douglas Fairbanks Sr and Gloria Swanson and later with such legendary stars as Shirley Temple and John Wayne Though his star waned in the sound era Dwan managed to survive through pluck and ingenuity Considering himself better off without the fame he enjoyed during the silent era he went on to do some of his best work for second echelon studios notably Republic Pictures *Sands of Iwo Jima* and such independent producers as Edward Small Along the way Dwan also found personal happiness in an unconventional manner Rich in detail with two columns of text in each of its nearly 400 pages and with more than 150 photographs this book presents a thorough examination of Allan Dwan and separates myth from truth in his life and films

Douglas Fairbanks Jeffrey Vance, 2008 Douglas Fairbanks takes the full measure of the star's remarkable life Jeffrey Vance bases his portrait on a rich array of sources including Fairbanks's personal and professional papers and scrapbooks newly available documentation and rediscovered films and his own extensive interviews with those who knew or worked with Fairbanks Engagingly written and sumptuously designed with 237 photographs the book goes beyond Fairbanks's public persona to thoroughly explore his art and his far reaching influence **BOOK JACKET**

Fleming,2013-11-08 For a decade Wallace Reid was the most recognized face in Hollywood the most universally beloved actor in silent film Today all that is widely remembered of Wally Reid is that he died in a padded sanitarium cell the victim of a fatal morphine addiction Of all the actors who have enjoyed great fame only to vanish from the public eye Reid perhaps fell the fastest and the hardest This first full biography recounts Reid s complicated childhood his disrupted family history and his rise to film stardom despite these restricting factors It documents his myriad talents and accomplishments most notably his gift for brilliant onscreen acting The text explores in depth how the modern studio however unconsciously turned the popular star a well adjusted man with a loving family into a drug dependent mental patient within three years His death rocked the foundations of Hollywood and the huge new industry that he helped build nearly died with Dashing Wally Reid **Gloria Swanson** Stephen Michael Shearer,2025-01-07 A photographic tribute to Hollywood s first glamour queen Focusing on Gloria Swanson s sense of style and fashion the book contains hundreds of personal and professional photographs many never before published and running biographical commentary by Stephen Michael Shearer author of the definitive book of the star Gloria Swanson The Ultimate Star Sweethearts of the Sage Buck Rainey,1992 Compiles the entire text of Total baseball the ultimate baseball encyclopedia 2nd ed Warner Books 1991 49 95 a single volume baseball library of 2 640 pages dating back to 1871 and current to the 1991 World Series to which has been added some 500 images of players teams and ballparks ra **Douglas Fairbanks** Ralph Hancock,Letitia Fairbanks,2019-02-01 Few people have influenced Hollywood history than Douglas Fairbanks And who better than his niece and Fairbanks family historian Letitia to relate that story On screen and offscreen he was a force of nature progressing in easy leaps and bounds from the Broadway stage to silent movies when feature length film was just a few years old His happy healthy characters and acrobatic acting style brought a new energy to the medium But it was through his extraordinary success as a producer that Fairbanks achieved the goal of all creative people to run his own show This he did by co founding United Artists in 1919 with his soon to be wife Mary Pickford Charles Chaplin and D W Griffith As a producer he showed visionary taste collaborating with his directors and designers to enact gallant tales in spectacular settings Whether he played a young man on the go or a swashbuckling hero in a fairy tale land Fairbanks one of the thirty six founders of the Academy of Motion Picture Arts and Sciences put America s hopes and dreams on film This updated version of the original 1953 biography has been expanded by the Fairbanks family with archival materials as well as never before seen photographs from the Academy of Motion Picture Arts and Sciences Margaret Herrick Library **John Alton** Leon Lewis,2020-07-22 Devoted to his craft sometimes to the detriment of his reputation cinematographer John Alton

1901 1996 was sought after by such directors as Vincente Minnelli Richard Brooks and Anthony Mann but was disdained by others of comparable talent An auteur in the truest sense Alton established a landmark body of work described by Variety film critic Todd McCarthy as The essence and ultimate example of film noir logically created by a cinematographer not a director This collection of new essays by filmmakers and film scholars explores the central role Alton s distinctive style of painting with light played in formulating the aesthetics of noir as well as his contributions to other genres

Painting With Light John Alton, 2023-12-22 Few cinematographers have had as decisive an impact on the cinematic medium as John Alton Best known for his highly stylized film noir classics *T-Men* *He Walked by Night* and *The Big Combo* Alton earned a reputation during the 1940s and 1950s as one of Hollywood s consummate craftsmen through his visual signature of crisp shadows and sculpted beams of light No less renowned for his virtuoso color cinematography and deft appropriation of widescreen and Technicolor he earned an Academy Award in 1951 for his work on the musical *An American in Paris* First published in 1949 *Painting With Light* remains one of the few truly canonical statements on the art of motion picture photography an unrivaled historical document on the workings of postwar American cinema In simple non technical language Alton explains the job of the cinematographer and explores how lighting camera techniques and choice of locations determine the visual mood of film Todd McCarthy s introduction provides an overview of Alton s biography and career and explores the influence of his work on contemporary cinematography and the foreword written expressly for this edition by award winning cinematographer John Bailey explores Alton s often contentious relationships with colleagues the American Society of Cinematographers and the movie industry itself

The Rediscovered Writings of Rose Wilder Lane, Literary Journalist Amy Mattson Lauters, 2007-03-09 Through numerous short stories novels such as *Free Land* and political writings such as *Credo* Rose Wilder Lane forged a literary career that would be eclipsed by the shadow of her mother Laura Ingalls Wilder whose *Little House* books Lane edited Lane s fifty year career in journalism has remained largely unexplored This book recovers journalistic work by an American icon for whom scholarly recognition is long overdue Amy Mattson Lauters introduces readers to Lane s life through examples of her journalism and argues that her work and career help establish her not only as an author and political rhetorician but also as a literary journalist Lauters has assembled a collection of rarely seen nonfiction articles that illustrate Lane s talent as a writer of literary nonfiction provide on the spot views of key moments in American cultural history and offer sharp commentary on historical events Through this collection of Lane s journalism dating from early work for *Sunset* magazine in 1918 to her final piece for *Woman s Day* set in 1965 Saigon Lauters shows how Lane infused her writing with her particular ideology of Americanism and individualism self reliance and freedom from government interference thereby offering stark commentary on her times Lane shares her experiences as an extra in a Douglas Fairbanks movie and interviews D W Griffith She reports on average American women struggling to raise a family in wartime and hikes over the Albanian mountains between the world wars Her own maturing conservative political views

provide a lens through which readers can view debates over the draft war and women's citizenship during World War II and her capstone piece brings us again into a culture torn by war this time in Southeast Asia. These writings have not been available to the reading public since they first appeared. They encapsulate important moments for Lane and her times revealing the woman behind the text, the development of her signature literary style and her progression as a writer. Lauter's introduction reveals the flow of Lane's life and career offering key insights into women's history, the literary journalism genre and American culture in the first half of the twentieth century. Through these works readers will discover a writer whose cultural identity was quintessentially American, middle class, midwestern and simplistic and who assumed the mantle of custodian to Americanism through women's arts. *The Rediscovered Writings of Rose Wilder Lane* traces the extraordinary relationship between one woman and American society over fifty pivotal years and offers readers a treasury of writings to enjoy and discuss. Douglas Fairbanks Alistair Cooke, 2002. This now classic portrait of Douglas Fairbanks, the

swashbuckling original King of Hollywood, was first published in 1940. This book goes step by step through Fairbanks' career. *Hollywood on the Hudson* Richard Koszarski, 2008. Thomas Edison invented his motion picture system in New Jersey in the 1890s and within a few years most American filmmakers could be found within a mile or two of the Hudson River. They planted themselves here because they needed the artistic and entrepreneurial energy that D.W. Griffith realized New York had in abundance. But as the going rate for land and labor skyrocketed and their business grew more industrialized, most of them moved out. The way most historians explain it, the role of New York in the development of American film ends here. In *Hollywood on the Hudson* Richard Koszarski rewrites an important part of the history of American cinema. During the 1920s and 1930s film industry executives had centralized the mass production of feature pictures in a series of gigantic film factories scattered across Southern California while maintaining New York as the economic and administrative center. But as Koszarski reveals, many writers, producers and directors also continued to work here, especially if their independent vision was too big for the Hollywood production line. East Coast filmmakers Oscar Micheaux, Rudolph Valentino, Ben Hecht, Charles MacArthur, Paul Robeson, Gloria Swanson, Max Fleischer and others quietly created a studio system without back lots, long term contracts or seasonal production slates. They substituted newsreel photography for Hollywood glamour, targeted niche audiences instead of middle American families, ignored accepted dramatic conventions and pushed the boundaries of motion picture censorship. Rebellious and unconventional, they saw the New York studios as laboratories, not factories, and used them to pioneer the development of new technologies from talkies to television, new genres, new talent and ultimately an entirely new vision of commercial cinema. **The Parade's Gone By** Kevin Brownlow, 1968. Well illustrated book on history of silent movies. The Noir Western David Meuel, 2015-01-28. Beginning in the mid 1940s, the bleak brooding mood of film noir began seeping into that most optimistic of film genres, the western. Story lines took on a darker tone and western films adopted classic noir elements of moral ambiguity, complex anti-heroes and explicit violence. The noir western helped set the

standard for the darker science fiction action and superhero films of today as well as for acclaimed TV series such as HBO's Deadwood and AMC's Breaking Bad This book covers the stylistic shift in westerns in mid 20th century Hollywood offering close readings of the first noir westerns along with revealing portraits of the eccentric and talented directors who brought the films to life **Stardust and Shadows** Charles Foster, 2000-09-01 You'll like Louis Mayer Mary Pickford told Charles Foster in 1943 He is from Canada too As Foster was soon to discover Mayer was not alone a great many of those who helped shape Hollywood into the movie capital of the world were Canadian Stardust and Shadows brings together the stories of 18 Canadians who were celebrities during Hollywood's formative years Most of those profiled were known to Foster and stories they told him about Hollywood's early days enhanced by many years of research and interviews with other living performers and directors from the silent movie era reveal a never before seen look at what the movie industry was really like in those early days This is Canadian history that has never been told and many of the startling stories and secrets of Hollywood's past are revealed here for the first time Celebrities profiled May Irwin Al and Charles Christie Joe and Sam De Grasse Marie Dressler Allan Dwan Florence La Badie Florence Lawrence Del Lord Louis B Mayer Sidney Olcott Jack Pickford Mary Pickford Marie Prevost Mack Sennett Douglas Shearer Norma Shearer **Action!** Gary Morris, 2009-07-01 Action draws on the very best published and unpublished interviews of the Bright Lights Film Journal and contains many gems including the last ever interview given by Francois Truffaut four months before he died **Frank Borzage** Hervé Dumont, 2009-02-04 This work brings to readers of English a comprehensive and engaging treatment of one of America's greatest if largely forgotten film directors Dumont's celebrated 1993 study translated from the French by Jonathan Kaplansky offers complete coverage of Borzage's entire career the more than 100 films he made and the effect of those films on movie audiences especially between 1920 and 1940 Lavishly illustrated with 120 photographs the book also contains a complete filmography a chronological bibliography and an index Film Dope , 1991
