The Blending of Foster and Adopted Children Into the Family Heather Lehr Wagner, 2002 Explores issues facing families confronting the challenges created by adoption and foster care and identifies steps members of blended families can take to ensure that they have a strong foundation

Weaving Traditions: Blending Cultural Practices in Multicultural or Mixed-Faith Families Silas Mary, 2025-02-03 Weaving Traditions is a thoughtful guide for families navigating the complexities of blending different cultural practices beliefs and traditions This book explores how to create harmony in multicultural and mixed faith households by honoring diverse backgrounds while fostering unity Learn how to integrate and celebrate various traditions create inclusive family rituals and teach children to appreciate the richness of their heritage Weaving Traditions provides practical tools and heartwarming examples of how to navigate family life in a way that embraces diversity and builds a strong shared foundation of values and respect

Blending Families Trevor Crow Mullineaux, Maryann Karinch, 2016-05-26 Blending Families responds to the need for a book that explores step parenting by starting with the marriage as the central relationship in a new blended family unit Just as you are better able to help your child in an airplane emergency if you put your oxygen mask on first you are better able to blend two families if you take care of the marriage first Starting with a discussion of attachment styles the authors explore how those styles translate into the new family unit when trying to forge a new marriage while parenting tween and teen children in a family unit that is new to them as well They provide parenting guidance premised on the fact that parenting occurs within a context and in this case a context that is unfamiliar territory for everyone involved Using true stories throughout they explore the variety of challenges that may arise such as sibling rivalry puberty dating emotional and intellectual differences and preferential treatment and offer suggestions for overcoming obstacles to fully blending By focusing the light on the marriage as the most important source of stability the authors encourage readers to develop a style of parenting that works for everyone and brings a sense of unity and strength to the household

The Courage to Learn Marcia Eames-Sheavly, Paul Michalec, Catherine M. Wehlburg, 2023-07-03 It takes courage to engage in the kind of deep transformational learning that so many people need in their lives and this book is designed to help find and nurture that courage in learners including those that are engaged in facilitating the courageous learning of others Inspired by Parker Palmer's classic book *The Courage to Teach* the authors have carefully examined the learning side of the teaching and learning relationship and this book shares the resulting wealth of knowledge and experience with readers This book is informed by Palmer's observation that the conversations in teaching can be organized around four questions what how why and who In this book the authors center learning instead of teaching as they ask What is the content of learning How do we learn Why is it necessary what motivates us And who is the self that learns The authors have engaged in conversation with adult learners across the lifespan representing different ages social economic levels and approaches to learning Drawing on these discussions their own experiences and the scholarly literature

they weave a tapestry with threads of learning and teaching story and analysis that serve as warp and weft The authors pay tribute to the learner s journey in the fullness of the process and name the distinct forms of courage that learning takes In the concluding chapter the authors explore the implications for educational practice and offer guidance for any educator wishing to bring a Courage to Learn conversation to their community *The Travels of Annie T. Hastings* Michael Hastings,2008-03 With a gun a typewriter and a wolf hound Annie fires up her junker and embarks on a journey across America seeking a long lost daughter At seventy years old driven mad with guilt alienated from her family angry at the world Annie has little time to make it right It all happened so fast the infant ripped from her arms at birth then hustled away the forcing of her signature on the adoption papers Annie aches for her daughter s understanding forgiveness and love What she gets is redemption Neurotic funny and enduring Annie Hastings narrates the conflicts she confronts and at times creates They must all be conquered and overcome before finding her daughter and facing a truth buried in Annie s past A birthmother on a mission and an oldster on a mission **Resources in Education** ,1993 **The Ancient Mythologies of Peru and Mexico** Henry Romano, Almost exhaustive proof of the wholly indigenous nature of the American religions is offered by the existence of the ruins of the large centers of culture and civilization which are found scattered through Yucatan and Peru These civilizations preceded those of the Aztecs and Incas by a very considerable period how long it is impossible in the present state of our knowledge of the subject to say Those huge buried cities the Nineveh s and Thebes of the West have left not even a name and of the peoples who dwelt in them we are almost wholly ignorant That they were of a race cognate with the Aztecs and Toltecs appears probable when we consider the similarity of design which their architecture bears to the later ruins of the Aztec structure Nevertheless there is equally strong evidence to the contrary At what epoch in the history of the world these cities were erected it would at present be idle to speculate The recent discovery of a buried city in the Panhandle region of Texas may throw some light upon this question and indeed upon the dark places of American arch ology as a whole In the case of the buried cities of Uxmal and Palenq e great antiquity is generally agreed upon Indeed one writer on the subject goes so far as to place their foundation at the beginning of the second Glacial Epoch

The Neglected Ape Biruté M.F. Galdikas,R.D. Nadler,N. Rosen,Lori K. Sheeran,2013-11-11 The orangutan is the most highly endangered species of great ape Orangutans are threatened by deforestation poaching the illegal pet trade and the isolation and fragmen tation of dwindling wild populations Their conservation is impeded by certain aspects of their ecology e g a rain forest habitat and certain features of their life history e g an eight to twelve year interbirth interval Added to the U S Endangered Species List in 1970 the orangutan is now clearly on the road to extinction The number of wild orangutans in Borneo and Sumatra is currently estimated to have decreased to between 12 300 and 20 571 individuals Only 2% of original orangutan habitat is protected and some of these areas are now being destroyed Clearly attention to ecology demography censusing rehabilitation and conservation is essential if the orangutan is to survive in the wild beyond the next century The

protection of orangutans is a complex multifaceted problem involving such pressing issues as human poverty overpopulation and the economic development of Southeast Asia Although the orangutan has been placed in Appendix I of the Convention on International Trade in Endangered Species of Wild Fauna and Flora CITES more orangutans were sold illegally in Taiwan between 1990 and 1993 than are housed in all the world s zoos In the past scientific and public attention has centered on the African apes For this reason the sole Asian great ape the orangutan has been called the neglected ape **“The” Quarterly**
