Jealousy Peter Toohey, 2014-11-25 Compete acquire succeed enjoy the pressures of living in today's materialistic world seem predicated upon jealousy the feelings of rivalry and resentment for possession of whatever the other has But while our newspapers abound with stories of the sometimes droll sometimes deadly consequences of sexual jealousy Peter Toohey argues in this charmingly provocative book that jealousy is much more than the destructive emotion it is commonly assumed to be It helps as much as it harms Examining the meaning history and value of jealousy Toohey places the emotion at the core of modern culture creativity and civilization not merely the sexual relationship His eclectic approach

weaves together psychology art and literature neuroscience anthropology and a host of other disciplines to offer fresh and intriguing contemporary perspectives on violence the family the workplace animal behavior and psychopathology Ranging from the streets of London to Pacific islands and from the classical world to today this is an elegant smart and beautifully illustrated defense of a not always deadly sin

Jealousy's Rage Melissa A. Smith, 2013 Forget everything you think you know about the Gods of Olympus and Atlantis Both are real and both are hidden in plain sight Finally taking his long awaited vacation Declan finds the one person who just might let him grow old Although Ellie just might feel the same spark she s been mistreated one too many times in the past to trust Seeing this challenge as one he knows he can win Declan dives in head first But as in all things his job gets in the way It steals away his future and any hope at love

The Emotions Peter Goldie, 2002-08 Peter Goldie opens the path to a deeper understanding of our emotional lives through a lucid philosophical exploration of this surprisingly neglected topic He illuminates the phenomena of emotion by drawing not only on philosophy but also on literature and science He considers the roles of culture and evolution in the development of our emotional capabilities He examines the links between emotion mood and character and places the emotions in the context of such related phenomena as consciousness thought feeling and imagination He explains how it is that we are able to make sense of our own and other people s emotions and how we can explain the very human things which emotions lead us to do A key theme of *The Emotions* is the idea of a personal perspective or point of view contrasted with the impersonal stance of the empirical sciences Goldie argues that it is only from the personal point of view that thoughts reasons feelings and actions come into view He suggests that there is a tendency for philosophers to over intellectualize the emotions and investigates how far it is possible to explain emotions in terms of rationality Over intellectualizing can also involve neglecting the centrality of feelings and Goldie shows how to put them where they belong as part of the intentionality of emotional experience directed towards the world from a point of view Goldie argues that the various elements of emotional experience including thought feeling bodily change and expression are tied together in a narrative structure To make sense of one s emotional life one has to see it as part of a larger unfolding narrative The narrative is not simply an interpretative framework of a life it is what that life is Goldie concludes by applying these ideas in a close study of one particular emotion jealousy This fascinating book gives an accessible but penetrating exploration of a subject that is important but mysterious to all of us Any reader interested in emotion and its role in our understanding of our lives will find much to think about here

Feathers,2013-09 It had been almost a year since Todd and I decided to go our separate ways It was a mutual decision to break up We had simply grown apart We still loved each other very much but we just couldn t seem to get past the differences that grew between us the last year that we were together It wasn t an easy decision for either one of us We did however remain friends through the break up We still talked to each other all the time and in the first few months after the breakup I found it hard to talk to him and not ask if he wanted to try and work things out only because I didn t want to be alone I was learning firsthand what the word lonely really meant There were a couple of other boyfriends before Todd but I knew that they weren t going to last They had simply been someone to hang out with and have fun with someone to go out to dinner with or a movie I had no intentions of getting too serious with them like I had with Todd I had always thought that Todd was the one for me my true and everlasting soul mate He made me feel special and he didn t obsess over me or what I did I felt that I could be myself a free spirit with him He was soft and loving toward me he was protective but not overbearing He made me feel safe I knew that I didn t have to worry about anyone hurting me Todd would stand back and let things happen till he sees that I needed his help Then he would step in and take over No one messed with me while I was with Todd

God Is Unconscious Tad DeLay,2015-02-20 Sailing into New York Harbor Sigmund Freud stood on the deck and gazed upon a statue that was meant to symbolize someone else s vague notion of freedom The embryonic field of psychology so very interested to hear this theory which excavated the depths of the psyche anticipated his arrival in America with lamentably eager fanfare Whether out of hubris or prescience Freud could only whisper They don t realize we are bringing them the plague It was a theory that undercut our creative justifications for every action and belief and it suggested our anxious identities are charted by a big Other one we cannot begin to comprehend As psychoanalysis undergoes a resurgence of interest within religious studies political theory and cultural criticism its innovative and peculiar claims remain difficult to grasp without any guide for the perplexed In *God Is Unconscious* Psychoanalysis and Theology Tad DeLay explores the provocative teaching of psychoanalyst Jacques Lacan and its implications for Christianity Partly an introductory exposition of Freud i ek and Lacan and partly an application of psychoanalysis to religion and politics this book is organized as a theological meditation on an incendiary theory **The Monthly Review, Or, Literary Journal** ,1772 *Monthly Review;*
