HER NAME IS HOPE - LIFE FORCE Nick Armbrister, 2013-12-08 This is Nick Armbrister's third collection of poems and his fourth book. It has poems that didn't make his first two collections due to a variety of reasons. He didn't think some of his early poems were up to standard; these he edited and rewrote. Some poetry was too personal in nature, like relationship ones. Also, poetry that repeated the same subject matter never made the first two books. In later years, after re-reading his poetry, Nick decided to bring all of his remaining unpublished work together in this new volume. Poems written during the years 1996-2008. The work changes in depth, quality, and subject matter, and most of the poems have never been published before. Nick continues his passionate, multi-emotional, and often left-of-centre work in these poems. Nick has always been drawn to the weird and wonderful. While his poems are often simple and brittle, they make a graphic and powerful impact that cuts like broken glass.

Internet Fun Facts Mia Wright, 2025-03-31 *Internet Fun Facts* explores the fascinating and often bizarre evolution of the internet, revealing how it became a cultural phenomenon beyond its original purpose. Delving into the history of digital culture, the book uncovers surprising facts like the first webcam's focus on a coffee pot and highlights the quirky origins of viral content. The book argues that the internet reflects human creativity, curiosity, and at times outright weirdness, showcasing our shared digital obsessions. The book presents information in an accessible way, avoiding technical jargon while maintaining factual accuracy. It begins by examining pioneering moments in internet history, such as early email pranks and the first viral videos, before shining a light on some of the most bizarre and niche websites ever created. Finally, it investigates the cultural impact of these phenomena, exploring how they have shaped online communities and redefined digital expression. This approach provides a comprehensive overview of internet oddities. Focusing primarily on phenomena from the late 20th century to the mid-2010s, *Internet Fun Facts* provides a historical snapshot of a rapidly changing landscape. It's a valuable resource for anyone interested in understanding the forces that shape our online experiences, from internet memes to online trends.

The Lost Hamsters of Barnaby Bunch Michael Jude Schauer, 2023-12-06 How could a band of condemned and terrified hamsters ever hope to conquer a castle full of vicious wolves led by the malevolent wolf king Serigala? And how could a peaceful and melodic chorus of canaries escape the relentless pursuit of bloodthirsty bobcats led by Sanguinaire, the ghost cat? The growing evil becomes overwhelming when the wolf king and the ghost cat join forces to destroy everything that is good and pure. Who will rise to become a hero, a deliverer? Will it be Captain Nibbles, the hamster of nobility who lives with deep regret and only seeks a second chance? Or will it be Wendell Cheeks, the scrawny, tossed-away hamster who was the runt of his litter? Maybe a different hero will emerge like
