All Fired Up:

All Fired Up Malcolm Castle,2012-03-15 A unique and gloriously nostalgic account of one eventful year in the fire service for readers who loved books such as CALL THE MIDWIFE and TRUST ME I M A VET Nothing about the county fire service was quite what Malcolm expected when he joined the watch in Shrewsbury As the newest member of the service he was first in line when swans terrorised the high street and when a flock of owls got stuck on the roof of his local pub Eighteen years old and more than ready to rush into burning buildings to save fair damsels in distress young Malcolm soon realised he was more likely to be jumping into slurry pits and rivers to rescue any number of unfortunate animals But for all the embarrassing situations Malcolm found himself in there were heart stopping dramas too and tragic farm and house fires As he learns on the job and begins to win the respect of the old timers Malcolm starts to feel that maybe one day he just might make it as a fireman But first he has to catch the eye of the smiley secretary in the office opposite the station Funny moving and gloriously nostalgic All Fired Up paints a unique portrait of rural Britain and shows just how surprising a fireman s life can be

Fire Vision Steven Harrison,2018-07-17 Within the pages of the Holy Bible the Lord God Almighty used fire in powerful ways to deliver His message His authority became apparent when He brought or sent fire down A few excellent illustrations include Elijah and the prophets of Baal the three young men in the fiery furnace Sodom and Gomorrah and Moses at the burning bush and the tongues of fire on the day of Pentecost Consider also our largest visual source of fire and heat The solar sun eclipses and blood moons are often considered as key events or signs in God's Word Flames entered my apartment in 1992 and left behind four distinct burned images with sealed messages from the eternal consuming fire The amazing images in my bedroom later told the story of my heart attack The Holy Spirit unlocked these images by His Word through time The Cokeville miracle story also has a detailed fire image that was burned into the wall Its message had been well hidden until now Learn the interpretations for these miraculous images and understand that the same Creator who made these images will be returning someday with His fire vision to judge all things The single most important and unanswered question for many people today remains a mystery Ask yourself How will the King of kings see me

The promise of Social Media Land was always to some extent an imperialistic dream The geeks who created this online world were all to a man urban liberals who hoped the Internet would bring the light of civilization to Sameville a mythological small town where everybody s white and wrong The enlightened minds of the multicultural metropolis were going to bring the true gospel of diversity and tolerance and freedom to the benighted citizens of Sameville If these guys had a theme song it would be a cover of Walter Donaldson s Jazz Era classic How Ya Gonna Keep em Down on the Farm After They ve Seen Paree 1919 entitled How Ya Gonna Keep em Down in Stupidlandia After They ve Seen Portlandia The dream came true Well sort of When I was a kid there were still people in my working class neighborhood who believed that if you scared a pregnant woman her baby would be born with a tail Ignorance like this of shockingly medieval proportions was everywhere to be found Few of my friends had a working twentieth century knowledge of human anatomy much less the natural world But I m happy to report that the Internet and especially Wikipedia has cleared up much of this ignorance My children have access to far more accurate knowledge about things like how a woman gets pregnant than most of my friends did at their age What s more to the best of my knowledge none of their friends believe in babies with tails To some extent then the Internet has indeed been a force of enlightenment in our world But its enlightenment has been limited in scope in part because the geeks who dreamed of conquering small town ignorance failed to anticipate how much online communities would in fact empower ignorance of all kinds These days any simpleminded partisan with a political ax to grind can find an online community of like minded whack jobs who ll happily Facebook like every stupid thing he says Communities of this kind aren t just safe spaces for stupid they re boot camps for bullshit that provide budding ideologues with plenty of rhetorical ammunition e g bogus stats pre fab arguments etc Before long what was once a more or less harmless single issue troll has morphed into something far more monstrous and formidable a veritable Swiss army knife of bullshit a perfect storm of bad ideas a walking Wikipedia of stupid There are those who see this as a kind of progress as a perfect example of the democratization of knowledge in the Information Age But I think it s more like giving nuclear weapons to a failed state run by coked up child soldiers
