**Breast Cancer** Julianne S Oktay, J Dianne Garner, 2013-12-16 I will always and forever feel I have a hole in my life where my mother once existed I think when you have to think about the fact you might have to take care of your parents someday and juggle kids at the same time it's a scary proposition We had open communication during and before the breast cancer But then after the breast cancer I was often afraid to bring things up in trying to protect Mom This insightful book tells the stories of women whose mothers had breast cancer It uses their own voices to express the common fears and expectations of daughters in the periods before and during their mothers illnesses involving genetic risks death and dying and changes in their relationships The case studies tables and figures and two appendices will benefit health professionals and counselors while the poignant narratives will help mothers and daughters better understand their experiences with breast cancer I was kind of surprised to be alive and free of cancer at age 42 when at this point my mother was crippled by metastases When I get to be 43 the age at which my mother died or maybe when I get to 44 it's like what do I do I have this life that I didn't expect to have *Breast Cancer Daughters Tell Their Stories* presents the results of a qualitative grounded theory study of breast cancer survivors providing in depth information about an aspect of breast cancer that has been previously overlooked The book examines the daughters experiences through four phases the period prior to mother's illness the period during mother's illness and treatment the period following mother's death if mother dies and the long term impact From this study recommendations are compiled for providing or improving services for tomorrow's daughters The radical mastectomy left her scarred and disfigured below her nightgown It was bruised and nasty looking That was kind of scary I think that has terrified me since Sometimes I'll have pains in my left breast and that's what I visualize It's terrifying I'm not really obsessed about dying of cancer I'm more along the line of If this is going to happen to me and there's a chance it's going to I'm gonna survive I'm not going to die from it From an empathetic perspective this book reveals how many daughters react to and deal with their mothers diagnoses depending on their age and family situation at the time of their

mothers illnesses It shows how daughters can gain a more accurate idea of their level of risk by providing educational materials and developing new strategies for communication It also helps breast cancer survivors see how their illnesses can shape their daughters future outlook offering new inspiration for resolving and preventing family crises [A Day in the Life of a Popular Drama Queen... A Toast to Love and Sacrifice Andrea Rachiele, 2008-11-14. The book comprises three tales written in classical verse in strict rhythms and rhyme. Although in the form of fairy tales and fables, they deal with important social and historic issues. A Tale of Dancing Chair decries racial discrimination and expounds the idea that regardless of outside help, success comes to those who don't shy away from hard work, are willing and able to use creative potential to the fullest and stand up to bigotry, injustice and unfair judgement. A Tale of Captive Puffins reflects upon events in the history of Russian/Soviet Jewry in the twentieth Century. To recognize historic prototypes of the fable's characters, one should read up on history of Tsarist Russia and Soviet Union, Weimar and Nazi Germany. However, it is not a prerequisite. The Tale is intended to trigger reader's interest in those chapters of history. A Tale of Boy Nightingale is intended to make dents in prejudices against unconventional gay and lesbian families. It proclaims love, respect and loyalty as traits identifying and holding together families, asserts that friendship between children from different families is greatest hope and strongest weapon in the struggle against prejudices still prevalent in society.      **The Terminal Game** Jay Kolo, 2004-03. A story of a man who has a spiritual awakening in an airport terminal. Thirty-three year old Jason Richter, an alcoholic, is hopeless and spiritually bankrupt. Read what leads to his spiritual awakening and how his past and future will forever be changed.
