Paul McKenna, Ph.D.

All I See:

I Can Make You Happy Paul McKenna, Ph.D.,2016-09-06 Do you want to be happier Do you want to stop feeling bad right now Do you want to experience greater joy than ever before What if it was possible to feel happier than you had ever imagined before It doesn't matter whether you're sad, bored, or depressed, or even if you're already quite content Paul McKenna can help you become a whole lot happier Scientific research reveals that our levels of happiness aren't fixed we can change them through our thoughts and actions Dr McKenna has spent the past 25 years developing a system that can have an immediate measurable impact on people's emotional well-being This book uses the latest, most powerful psychological techniques and a downloadable guided hypnosis session to help readers feel really good right now The human mind is like a computer with its own software that governs how we think and act Most human problems are caused by negative programs running in the unconscious mind This book and audio session help you install positive programs that seek out and magnify the factors that create happiness Use it to take control of your life and start feeling happier today *Half-Truths and Crazy Short Stories* Edgar Swift,2022-05-04 This book presents several chapters written by this author using the pseudonym Ole Ed The impetus for my writing these stories was to reduce the burden that I experienced from a very hectic air travel schedule that I endured before finally retiring from the Fortune 500 corporation that I was employed by for thirty years I became bored from picking up the same old magazines on airplanes and reading the same old stuff I hope that these stories will provide you with a little bit of light, pleasurable reading during your travels to places afar that I probably no longer yearn to go to All the stories presented in this book are based partially on my actual life experiences hence the title Half-Truths I have tried to word the title of each story in a way that will not give you a hint of how that story will end Have fun and guess your heart out

Sacra Pagina: The Gospel of Luke Luke Timothy Johnson,2018-10-15 What makes this commentary on Luke stand apart from others is that from beginning to end this is a literary analysis Because it focuses solely on the gospel as it appears and not on its source or origin this commentary richly and thoroughly explores just what Luke is saying and how he says it

Waterloo: A sequel to The Conscript of 1813 Erckmann-Chatrian,2022-07-20 In Waterloo A Sequel to The Conscript of 1813 Erckmann Chatrian deliver a poignant exploration of the human condition against the backdrop of the Napoleonic Wars This historical novel masterfully intertwines personal narratives with significant historical events providing a vivid portrayal of the 1815 Battle of Waterloo The authors utilize a rich descriptive literary style that immerses readers in the chaos of battle while simultaneously delving into the psychological states of their characters showcasing the interplay between heroism and futility Their nuanced approach presents a multilayered examination of loyalty and sacrifice shedding light on the deeply personal costs of war The collaboration between mile Erckmann and Alexandre Chatrian was driven by their shared passion for history

and literature both men being products of the turbulent period of the 19th century in France Their works often reflect their interest in the social implications of war informed by their own experiences and the tumultuous backdrop of post Napoleonic Europe This sequel not only builds upon the narrative of its predecessor but also serves to amplify their collective voice exploring themes of morality and destiny shaped by the chaos of conflict Readers seeking an evocative blend of historical insight and character driven storytelling will find Waterloo both compelling and enlightening It stands as a significant contribution to the literature of war offering timeless reflections on bravery loss and the haunting remnants of individual choices This book is an essential read for anyone interested in the interplay of history and personal narrative making it a valuable addition to both literary and historical collections

The Gender Effect Kathryn Moeller,2018-02-23 How and why are U S transnational corporations investing in the lives

educations and futures of poor racialized girls and women in the Global South Is it a solution to ending poverty Or is it a pursuit of economic growth and corporate profit Drawing on more than a decade of research in the United States and Brazil this book focuses on how the philanthropic social responsibility and business practices of various corporations use a logic of development that positions girls and women as instruments of poverty alleviation and new frontiers for capitalist accumulation Using the Girl Effect the philanthropic brand of Nike Inc as a central case study the book examines how these corporations seek to address the problems of gendered poverty and inequality yet do so using an instrumental logic that shifts the burden of development onto girls and women without transforming the structural conditions that produce poverty These practices in turn enable corporations to expand their legitimacy authority and reach while sidestepping contradictions in their business practices that often exacerbate conditions of vulnerability for girls and women With a keen eye towards justice author Kathryn Moeller concludes that these corporatized development practices de politicize girls and women s demands for fair labor practices and a just global economy
