All Tarragona And Its Province

Karl Joseph von Hefe

All Tarragona And Its Province:

The Rough Guide to Spain Simon Baskett, 2004 Presents a guide to traveling in Spain providing an introduction to the country with advice on planning a visit and discussing the attractions restaurants accommodations shopping and entertainment venues of Madrid and other cities and regions Includes maps and photographs **Southern Catalonia, Knowledge Region** Francesc Xavier Grau Vidal, 2017-07-24 The document Southern Catalonia Knowledge Region argues that Catalonia needs to develop its own internal regional policy which would provide a framework for a decision making system of regional planning and development This system would also cover the southern region The document describes the features that this system should have taking as its source the European cohesion policy which focuses on regional development based on smart specialization RIS3 and allows to identify regions with economic and social knowledge based activity European regional policy therefore identifies Southern Catalonia as a Knowledge Region and provides an operational definition of the region There is first a bottom up need that arises from the concerns and demands repeatedly expressed by the various levels of society whenever a decision with strategic regional scope has had to be taken on infrastructure health tourism industrial development etc And as the document shows there is also a top down need European policies need to be implemented more effectively to allow for cohesive growth The document discusses the desirability of defining the attributes of the NUTS2 region and analyses the advantages of doing so and the disadvantages of not doing so the main strengths and weaknesses of the region and the difficulties that need to be overcome With this document Universitat Rovira i Virgili's Chair for the University and Knowledge Region rises to the challenge of facilitating and contributing to the organization of a system of governance for Southern Catalonia as a region of knowledge The document also describes the action plan that is being put into practice by the URV Chair for the University and Knowledge Region to help define the Southern Catalonia region

Foreign Service of the United States, Diplomatic and Consular Service, 1927 The Splendor and Opulence of the Past Paul Freedman, 2023-11-15 The Splendor and Opulence of the Past traces the career of Jaume Caresmar 1717 1791 a church historian and a key figure of the Catalan Enlightenment who transcribed tens of thousands of parchments to preserve and glorify Catalonia s medieval past in the face of its diminishing autonomy As Paul Freedman shows Caresmar s books essays and transcriptions some only recently discovered provide fresh insights into the Middle Ages as remembered in modern Catalonia and illustrate how a nation s past glories and humiliations can inform contemporary politics and culture From the ninth to the sixteenth centuries Catalonia was a thriving independent set of principalities within what would become modern Spain In the wake of the dismantling of its autonomy by the eighteenth century Spanish state Catalan scholars looked to the region s medieval independence and wealth as a means of maintaining a distinct Catalan identity and resisting Castilian hegemony Through their writings and archival investigations Caresmar and the canons at Santa Maria de Bellpuig de les Avellanes where Caresmar was abbot laid the foundations for not only the scholarly exploration of the Middle Ages but also the development of Catalan national sentiment Although the eighteenth century is often regarded as a low point for the Catalan language and culture The Splendor and Opulence of the Past emphasizes the importance of this period s antiquarians to Catalan projects of modernization and economic progress and links their historiography of the Middle Ages to struggles over Catalonia s relationship to the Spanish state over two centuries
