it begins and ends with the story One of the things the establishment always does is isolate voices of dissent and make them specific unique if possible It's easy to dispense with dissent if you can say there's him in prose and him in poetry As soon as you say there's him him and her there and that guy here and that woman over there and there's all these other writers in Africa and then you've got Ireland the Caribbean suddenly there's this kind of mass dissent going on and that becomes something dangerous something that the establishment won't want people to relate to and go Christ you're doing the same as me Suddenly there's a movement going on It's fine when it's all these disparate voices you can contain that The first thing to do with dissent is say You're on your own you're a phenomenon I'm not a phenomenon at all I'm just a part of what's been happening in prose for a long long while James Kelman from a 1993 interview [Jessica, the Untold Story](#)
