Allah and Elohim Sherly Isaac,2002-10-21 It has been said that the opposite of faith is not doubt but certainty Drawing on this notion Stories of a Recovering Fundamentalist Understanding and Responding to Christian Absolutism recounts the author s journey as a member of the fundamentalist subculture as a child and his life among the Jesus Freaks Jesus Movement a congregation of deserters from the hippie drug culture of the late 1960 s and early 1970 s This movement though of great importance in the culture of the times now largely goes unrecognized although the Jesus Movement provided the cover stories for many prominent secular magazines chronicling the youth culture of the late 60 s and early 70 s While not devoted to a history of the Jesus Movement the book does a service in bringing a discussion of the Jesus Freak phenomenon to the attention of today s readers The book goes on to recount the author s eventual abandonment of fundamentalism As the story unfolds critical research related to the psychology sociology and history of the subculture provides a framework for understanding Christian fundamentalism Stories of a Recovering Fundamentalist recounts a gripping personal pilgrimage at times both humorous and painful that is rooted in honest reflection and informed by theory and research It offers worthwhile reading for mainline Christians curious evangelicals recovering fundamentalists or anyone wanting to understand this timely topic

that Christians could believe that the God of the Bible could be the same God as the Qur'an's Allah. This fascinating read takes an in-depth look at each religion's descriptions of God, providing clear support with verses from the Bible and the Qur'an. Dr. Michael J. Oldham provides readers with a comprehensive study of Allah and Elohim, what they claim to be, what their followers believe, and the message of each.

**Allah and Elohim** Sherly Isaac, 2011-04-13

On 11 September 2001, the whole world watched the most horrific and painful event taking place before their eyes. Terrorists attacked the United States World Trade Center and the Pentagon by making planes as guided missiles. Both of the 110-story buildings of World Trade Center collapsed within one hour, and about 3,000 people died. These events have raised many serious questions about the religion of Islam, Allah, Mohammed, and Muslims, because all the 19 hijackers were Muslims, and they did this horrible act purposely to kill thousands of people. Many are looking for answers, and many are curious to know more about Islam, the world's second largest religion. Many are curious to know what is Jihad, and why Muslim young men behaved like this. Many are asking: Are not Allah and Elohim, Yahweh, God, the same? Are the Muslims worshipping the God of Abraham, God of Isaac, and God of Jacob? Find answers in this book.

**The Quran** Ejaz Naqvi MD, Ejaz Naqvi, 2012

This book addresses the key themes of the Quran and answers commonly asked questions in search of finding common ground. Who wrote the Quran? Who is the God of the Quran? What is the Quranic view of the prophets, especially Moses and Jesus? What does the Quran teach about interfaith relations? Does the Quran promote peace and harmony between Muslims and the People of the Book, or does it promote violence? How does the Quran compare to the Bible on important themes like worshipping God, the prophets, human rights, moral values, and fighting for justice and human dignity? Does the Quran render women as second-class citizens? Dispelling major myths. The Quran With or Against the Bible systematically analyzes and compares the similarities in the paths of guidance the two scriptures have bestowed upon mankind.

Publisher's website: *Your Right to Know God* Emmanuel W. Ettoh, 2014-12-04

This book underscores the natural right of all humans to know God. Today we are told that God is irrelevant to our livelihood, and we do not need God for anything. This deception emanates from our lack of understanding of and about God. In this book, you will find insight into Who God really is, How and why it is your right to know God, The benefits of knowing God for the individual, nation, and the Christian, How Science tells us more about God, How you can know God on a personal level, and the stages of knowing God, How you can discover yourself in God, and the blessed privileges we all have in Christ Jesus. And many more. Usually, our understanding of God is too human, and we end up misunderstanding Him and subsequently missing out on knowing Him. This book is here to help you understand and know the true God who made you.

**The Mystery of Suffering and the Meaning of God** Anson Hugh Laytner, 2019-07-12 The Mystery of Suffering and the Meaning of God is a book written by a skeptical but spiritual person for people who struggle with the subjects of God, divine providence, prayer, and related issues. People who are looking for honest and thoughtful and sometimes humorous theological reflections but no easy answers. A work of creative theology, fifteen years in the making, The Mystery of Suffering and the Meaning of God deals primarily with the issue of suffering, starting with the book of Job and addresses the subject of theodicy before going on to explore related topics: the role of prayer, God's concepts, the meaning of revelation, and how we can best live together. Laytner intersperses these penetrating theological reflections with pertinent episodes from his life, starting with the personal tragedies that sparked this book. Trained as a liberal rabbi, Laytner riffs on Jewish themes to offer a universal yet personal response to each of the challenges he discusses. His thesis is this: If you are troubled by the issue of suffering and wonder about God's presence or lack thereof in the world, and you find no solace in any of the traditional theodicies, then change your conception of God and God's involvement in the world. Problem solved.

**Allah** Gabriel Said Reynolds, 2020-03-03 A concise and illuminating portrait of Allah from one of the world's leading Qur'anic scholars. The central figure of the Qur'an is not Muhammad but Allah. The Qur'an, Islam's sacred scripture, is marked above all by its call to worship Allah and Allah alone. Yet who is the God of the Qur'an? What distinguishes the Qur'anic presentation of God from that of the Bible? In this illuminating study, Gabriel Said Reynolds depicts a God of both mercy and vengeance, one who transcends simple classification. He is personal and mysterious; no limits can be placed on his mercy. Remarkably, the Qur'an is open to God's salvation of both sinners and unbelievers. At the same time, Allah can lead humans

astray so all are called to a disposition of piety and fear Allah in other words is a dynamic and personal God This eye opening book provides a unique portrait of the God of the Qur'an      **A History of God** Joseph B. **Christianity Without God** Lloyd Geering, 2015-12-23 Does the failure of the conventional idea of God spell the end of the Christian tradition Or does it simply mean the end of conventional Christian doctrine Christianity without God affirms the latter treating Christian culture as a living and evolving stream In this cogently argued book Lloyd Geering brings the resources of his deep scholarship to look at what the world really needs from contemporary religion His inspiration is the cultivation of the wisdom of Christianity not a dependence on beliefs about a supernatural saviour

*A BIBLICAL JOURNEY SUPPORTED BY SCIENCE* Edouard RIVIER, Emmanuel RIVIER, 2022-09-05 Science in the present state of our scientific knowledge including the most advanced can support our faith in order to make the texts not only understandable but also interesting and often beneficial for our reflection or our interior life This systematic alliance between faith and science is one of the most innovative aspects of the book which is highlighted by its title Thus on a general level history geography archaeology linguistics paleoanthropology and other disciplines are now able to retrace the history of ancient Palestine over a long period of time Retracing by the same token the history of the small territory of Canaan that the Hebrews conquered under the leadership of Moses and then Joshua You will discover Egypt master of the entire Near East for more than a thousand years and the invasions of the Sea Peoples who ravaged the land of Canaan shortly before its conquest by Joshua as well as the Hittites and the invasion of Egypt by the Hyksos If we place ourselves at the more modest level of the protagonists of the profane or sacred stories that are told in this volume 1 the time of the patriarchs science will teach us a lot about their habits their fears and their joys Texts found in the remains of the city state of Nuzi will shed light on the lifestyle of these nomadic shepherds Finally I propose to use the

theories of information and communication in a totally new way as two scientific tools at the service of the bible We will consider the sacred text as containing a series of messages in the sense of telecommunications that god addresses to us through time and space The senders of these messages are characters inspired by god the patriarchs in this volume 1 These messages reach our mailbox either e mail or brain Communication theory and habits will dictate our first action authenticate the sender so that he doesn't send spam or bugs You will discover how to authenticate abraham through history and plate tectonics and jacob through paleoclimatology and hieroglyphic inscriptions Geophysics including paleoclimatology plate tectonics volcanology and seismology makes it possible to convert facts tainted with divine wonder to simple manifestations of the earth's moods which can often be dated and which make it possible to take these great patriarchs out of the mythical fog in which our ignorance has tended to confine them
