Cowal Way in Argyll John Fisher, James McLuckie, 2003-02-17 Loch Lomond & Cowal Way James McLuckie, Michael Kaufmann, 2019-03-06 Lavishly illustrated guidebook with route map plus practical information Scots Magazine The Loch Lomond Cowal Way runs for 57 miles 91 km across the Cowal peninsula which lies west of Glasgow and is easily reached by public transport road and ferry The route starts at Portavadie on Loch Fyne and ends at Inveruglas on Loch Lomond The trail is waymarked and undulating with rugged terrain and glorious views over the Isle of Bute and the Firth of Clyde The area is rich in history and heritage with wildlife sightings including red squirrel red deer and golden eagle Cowal has ferry links to Bute to Kintyre and across Loch Lomond to join the West Highland Way It's the missing link that enables Scotland's ultimate long distance walk from Kintyre all the way to Inverness In November 2018 the route's name was extended to Loch Lomond Cowal Way to reflect the fact that over 50% of it runs within the Loch Lomond Trossachs National Park This new guidebook celebrates that name and contains many new photographs However it is a successor to the previous guidebook Cowal Way second edition 2016 which documented the same route *Against the Stream: Kerry of Kilfinan. History of a Highland Parish* Jamie Stewart Jones, 2024-10-04 This book examines the economic development of the southernmost quarter of the parish of Kilfinan Kerry of Kilfinan in the Cowal peninsula of Argyll Scotland during the period 1790-1870 which has become known in the United Kingdom as the Industrial Revolution The examination begins by looking at the significant changes in agriculture and land use as subsistence farming was pushed out by sheep with residents turning to herring fishing to compensate for their loss The opening of a gunpowder factory in the parish stemmed the tide of departures by providing paid work for the existing population and attracting the inward migration of skilled workers from elsewhere It also led to investment in infrastructure with the construction of new roads and piers The book also looks at the development of tourism to the parish with its proximity to the Central Belt and the advent of cheap and plentiful steamers bringing members of the

urban middle class where many eventually decided to build the Victorian villas that exist along the shore creating new opportunities for the people of Kerry of Kilfinan
