political conflicts and polarization However some people might imagine them living in the shadows or margins of Iraqi life especially since there is a near total absence of studies on Iraqi Armenians in the different fields of humanities and social sciences This gives us an impression of their conservatism and closeness but this dissipates as soon as the researcher goes to investigate them This leaves us with a number of questions about the existence of Armenian people in Iraq What is their relationship with the mother country Armenia What are the demographic characteristics of their population in Arabic countries What are the social and cultural characteristics of their lifestyle in Iraq including marriage customs What were their roles in the development of Iraqi public life if they existed in Iraq Do they have a conflict of social identity All these queries are our current research concerns through which to introduce Iraqi Armenians to the reader and interested parties

The Fatimid Armenians Seta Dadoyan,2021-11-15 This first study of its kind cuts across and brings together the political and cultural histories of the medieval Near East The peculiar episode of the Fatimid Armenians 1074 1163 and other phenomena earlier on are given their proper background and context the Armenian Period in the last century of the Fatimid caliphate in Egypt is shown to be a major phase in the perpetual alliance between Armenian sectarians and Muslims The reconstruction of this to date unstudied subject also reveals new relevant data Through its methodology this book proposes fresh criteria and perspectives for the evaluation of patterns of cultural and political interaction in Near Eastern history

The Armenians in the Medieval Islamic World Seta B. Dadoyan, 2017-09-08 In the second of a three volume work Seta B Dadoyan explores the Armenian condition from the 970s to the end of the fourteenth century This period marked the gradual loss of semi autonomy on the traditional mainland and the rise of Armenian power of diverging patterns in southeastern Asia Minor north Syria Cilicia and Egypt Dadoyan's premise is that if Armenians and Armenia have always been located in the Middle East and the Islamic world then their history is also a natural part of that region and its peoples She observes that the Armenian experience has been too complicated to be defined by simplistic constructs centered on the idea of a heroic yet victimized nation She notes that a certain politics of historical writing supported by a culture of authority has focused sharply on episodes and in particular on the genocide For her sources Dadoyan has used all available and relevant primary and secondary Armenian sources as well as primary Arab texts and sources This book will stimulate re evaluation of the period and re conceptualizing Armenian and Middle Eastern histories The Armenians Hamo B. Vassilian, 1993 **History of Armenia** Armen Khachikyan, 2016-12-16 The book is addressed to Armenians in Diaspora and to readers living in various countries who are interested in history and culture of Armenia The book is a brief review of the history of Armenia beginning with the formation of the Armenian nation up to our days The book also contains maps of different phases of Armenia s Media Framing and the Destruction of Cultural Heritage Mischa Geracoulis, 2025-04-24 Analyzing media coverage history in cases where cultural heritage sites have been destroyed during conflict occupation and war this book highlights the important role media play in the preservation of cultural heritage when states or other combatants engage in human rights

violations Author Mischa Geracoulis discusses how the role of journalism and the media during times of conflict is to report information from the front lines and war zones with integrity and report accurately when states or other combatants engage in human rights violations. This book examines the media coverage language and discourse surrounding two key situations the destruction of Armenian cultural heritage in Artsakh Nagorno Karabakh and that of Palestinian cultural heritage in Gaza and explores the ways media coverage has succeeded or failed in accurately illustrating the destruction of cultural heritage as a human rights violation Geracoulis emphasizes the importance of factual ethical reporting and sufficient coverage underlining professional journalistic standards and best practices for the future to ensure similar destruction is not only understood but responded to within a human rights framework This book will be of interest to students and scholars of media journalism and cultural studies as well as media professionals interested in the role and influence of media framing and narratives on war conflict human rights and humanitarian response Introduction to Armenia Gilad James, PhD, Armenia is a landlocked country located in the South Caucasus region of Eurasia It has a population of approximately 3 million people and covers an area of 29 743 square kilometers Armenia is bordered by Turkey to the west Georgia to the north Azerbaijan to the east and Iran to the south The history of Armenia dates back to 4000 BC and has been marked by numerous conflicts and invasions In the early 20th century Armenia was part of the Russian Empire which was dissolved following the Russian Revolution In 1918 Armenia declared independence but it was short lived as the country was occupied by the Soviet Union in 1920 Armenia regained independence in 1991 following the collapse of the Soviet Union Today Armenia is a rapidly developing country with a diverse economy and a rich cultural heritage Armenia Helen C. Dadovan.2012-11-01 In this first of a massive three volume work Seta B Dadovan studies the Armenian experience in the medieval Islamic world and takes the reader through hitherto undiscovered paradigmatic cases of interaction with other populations in the region Being an Armenian Dadoyan argues means having an ethnic ancestry laden with narratives drawn from the vast historic Armenian habitat Contradictory trends went into the making of Armenian history yet most narratives fail to reflect this rich texture Linking Armenian Islamic history is one way of dealing with the problem Dadoyan's concern is also to outline revolutionary elements in the making of Armenian ideologies and politics This extensive work captures the multidimensional nature of the Armenian experience in the medieval Islamic world The author holds that every piece of literature including historical writing is an artifact It is a composition of many elements arranged in certain forms order sequence proportion detail intensity etc The author has composed and arranged the larger subjects and their sub themes in such a way as to create an open dynamic continuity to Armenian history that is intellectually intriguing aesthetically The Armenians Edmund Herzig, Marina Kurkchiyan, 2004-11-10 A comprehensive appealing and close to lived experiences introduction to the historical forces and recent social and political developments that have shaped today s Armenian people With contributions from leading Armenian American and European specialists the book focuses on identity formation exploring how the Armenians perceptions of themselves and their place in the world are informed by their history culture and present day situation The book also covers contemporary politics economy and society and relates these to ongoing debates over future directions for the Armenian people both in the homeland and in the diaspora communities Journey to the Republic of Armenia Kalman Dubov, 2021-11-26 Armenia sits on the cusp between Europe and Asia landlocked between Turkey and Iran two opposing powers For much of its history Armenia was forced to contend between two greater powers positioned on either side of it There was Persia and its powerful influence on one side and Turkey on the other both interested in advancing and assuming control over the Armenian Plains Today these enmities continue to persist with Turkey refusing to open its borders with Armenia while there is a strong tourist trade with Iran Besides these competing countries Azerbaijan claims the Nagorno Karabakh enclave as does Armenia There are periodic flare ups with the most recent ceasefire brokered by Russia taking place on 10 November 2020 resulting in Azerbaijan gaining a distinct military advantage large territories in the disputed region In August 2017 I traveled to and spent a nearly month in Armenia visiting sites both in Yerevan the capital and in locations distant from the capital The ancient Zorats Karer site of the Armenian Stonehenge has massive stones configured in a curving S shape placed by ancient and unknown people The site is also known as the singing stones because of the holes bored into the stones One must conjecture that the ancient construction of Gobekli Tepe in Turkey attracted ancient hunter gatherers to this large region where they constructed these sites for reasons with which we

are not familiar Other than these stones nothing is known of them why they were built and its overall purpose Even their age is contested Further south is Tatev site of an ancient monastery containing a unique scientific obelisk The tall stone column standing free at its base was designed to predict the severity of earthquakes by its movement This is a remarkable construction made by an early seismologist interested in calibrating the periodic earthquakes this area experiences To travel to the monastery grounds I crossed the deep gorge by way of the world's longest cable tramway the Wings of Tatev As I review in my reviews of journeys to different countries I visited with the small Jewish community in Armenia Its chief rabbi the only formal Jewish leader in the country welcomed me and I spent one Sabbath as we discussed the history of Jews in the country and the minuscule community he leads today During the Second World War he his mother and aunt sheltered here finding the country and city a welcome respite from Nazi and Soviet anti Semitism Thousand of fellow Jews did the same and were grateful for this place of refuge But in the years following that world conflict all but approximately one hundred Jews left the country Today they reside in Israel as in other counties There is an enduring question why the Armenian setting was not conducive to Jewish settlement and business development I found Armenia to be a fascinating country with a long and complex history Known for the Armenia Genocide it is a place with attractions that remain unique I share my journey and the places of interest about this country with its complex history and its special people The Church-Union of the Armenians in Transylvania (1685-1715) Kornél Nagy, 2021-08-09 The 17th and 18th centuries have been regarded as one of the most exciting periods in the history of Hungary and Transylvania The wars of liberation to terminate the Ottoman occupation the integration of the Transylvanian Principality into the Habsburg Empire after 150 years relative independence the colonisation of the uncultivated lands during the Ottoman rule the re organisation of daily life and Prince Francis Ference R k czi s independence war 1703 1711 indicated serious challenges for the Habsburg Court in Vienna This period 1686 1711 felled serious duties to the Hungarian Catholic Church too Prior to these duties the process of Counter Reformation in Hungary's eastern and northern regions was getting increasingly under way Orthodox Ruthenians and Romanians in Transylvania united with the Roman Catholic Church The bishops who were highly supported by the missionaries delegated from Rome in order to re organise the Hungarian Catholic Church's religious life re appeared at the seats of the abandoned dioceses after the 150 years Ottoman occupation and nearly 110 years pressure from the strong Protestantism supported by the Princes of Transylvania The Armenians church union in Transylvania must be in fact analysed in this church historical context The history of Armenians in Transylvania escaping from Moldavia and Podolia between 1668 and 1672 should be regarded practically as an undiscovered area from both the Hungarian and international church historical point of view The church union of the Armenians in Transylvania is primarily associated with Bishop Oxendio Virziresco s 1654 1715 an Armenian Uniate cleric educated at Collegium Urbanum in Rome missionary efforts In this work I have tried to look for evident responses to these afore mentioned problems resting on the partly discovered and undiscovered sources as well as

analysing critically a few of secondary literature The budget & backpacker guide for Armenia, 2025-09-24 Cultural **Education - Cultural Sustainability** Zvi Bekerman, Ezra Kopelowitz, 2008-02-06 This volume is a path breaking contribution to the study of efforts of diaspora indigenous and minority groups broadly defined to use education formal and informal to sustain cultural continuity while grappling with the influences and demands of wider globalizing nationalizing or other homogenizing and assimilatory forces Particular attention is given to groups that use educational elements other than second language teaching alone in programs to sustain their particular cultural traditions. The focus of the book on cultural sustainability changes the nature of questions posed in multicultural education from those that address the opening of boundaries to issues of preserving boundaries in an open yet sustainable way As forced and elective immigration trends are changing the composition of societies and the educational systems within them bringing a rich diversity of cultural experience to the teaching learning process diaspora indigenous and minority groups are looking more and more for ways to sustain their cultures in the context of wider socio political influences. This volume is a first opportunity to consider critically multicultural efforts in dialogue with educational options that are culturally particularistic but at the same time tolerant Academics will find this an excellent reference book Practitioners will draw inspiration in learning of others efforts to sustain cultures and will engage in critical reflection on their own work vis vis that of others Teachers will realize they do not stand alone in their educational efforts and will uncover new strategies and methodologies through which to approach their work
