Soviet Union. Posol'stvo (U.S.),1945 *Armies of Sand* Kenneth Michael Pollack,2019 Since the Second World War Arab armed forces have consistently punched below their weight They have lost many wars that by all rights they should have won and in their best performances only ever achieved quite modest accomplishments Over time soldiers scholars and military experts have offered various explanations for this pattern Reliance on Soviet military methods the poor civil military relations of the Arab world the underdevelopment of the Arab states and patterns of behavior derived from the wider Arab culture have all been suggested as the ultimate source of Arab military difficulties *Armies of Sand* Kenneth M Pollack s powerful and riveting history of Arab armies from the end of World War Two to the present assesses these differing explanations and isolates the most important causes Over the course of the book he examines the combat performance of fifteen Arab armies and air forces in virtually every Middle Eastern war from the Jordanians and Syrians in 1948 to Hizballah in 2006 and the Iraqis and ISIS in 2014 2017 He then compares these experiences to the performance of the Argentine Chadian Chinese Cuban North Korean and South Vietnamese armed forces in their own combat operations during the twentieth century The book ultimately concludes that reliance on Soviet doctrine was more of a help than a hindrance to the Arabs In contrast politicization and underdevelopment were both important factors limiting Arab military effectiveness but patterns of behavior derived from the dominant Arab culture was the most important factor of all Pollack closes with a discussion of the rapid changes occurring across the Arab world political economic and cultural as well as the rapid evolution in war making as a result of the information revolution He suggests that because both Arab society and warfare are changing the problems that have bedeviled Arab armed forces in the past could dissipate or even vanish in the future with potentially dramatic consequences for the Middle East military balance Sweeping in its historical coverage and highly accessible this will be the go to reference for anyone interested in the history of warfare in the Middle East since 1945 *The First Day on the Eastern Front* Craig W.H. Luther,2018-11-01 Sunday June 22 1941 three million German soldiers invaded the Soviet Union as part of

Hitler's long planned Operation Barbarossa which aimed to destroy the Soviet Union secure its land as lebensraum for the Third Reich and enslave its Slavic population. From launching points in newly acquired Poland in three prongs North Central South German forces stormed western Russia virtually from the Baltic to the Black Sea. By late fall the invasion had foundered against Russian weather terrain and resistance and by December it had failed at the gates of Moscow but early on as the Germans sliced through Russian territory and soldiers with impunity capturing hundreds of thousands it seemed as though Russia would fall. In the spirit of Martin Middlebrook's classic *First Day on the Somme* Craig Luther narrates the events of June 22 1941 a day when German military might was at its peak and seemed as though it would easily conquer the Soviet Union a day the common soldiers would remember for its tension and the frogs bellowing in the Polish marshlands. It was a day when the German blitzkrieg decimated Soviet command and control within hours and seemed like nothing would stop it from taking Moscow. Luther narrates June 22 one of the pivotal days of World War II from high command down to the tanks and soldiers at the sharp end covering strategy as well as tactics and the vivid personal stories of the men who crossed the border into the Soviet Union that fateful day which is the Eastern Front in microcosm representing the years of industrial scale warfare that followed and the unremitting hostility of Germans and Soviets.

*The Red Army, 1918-1941* Earl F Ziemke, 2004-05-20 Supported by evidence released after the collapse of the Soviet Union this book follows the career of the Red Army from its birth in 1918 as the vanguard of world revolution to its affiliation in 1941 with the citadel of capitalism the USA.
