Eyes Off the Prize Carol Elaine Anderson,2003-04-21 This book was first published in 2003 As World War II drew to a close and the world awakened to the horror wrought by white supremacists in Nazi Germany African American leaders led by the NAACP National Association for the Advancement of Colored People sensed the opportunity to launch an offensive against the conditions of segregation and inequality in America The prize they sought was not civil rights but human rights Only the human rights lexicon shaped by the Holocaust and articulated by the United Nations contained the language and the moral power to address not only the political and legal inequality but also the education health care housing and employment needs that haunted the black community But the onset of the Cold War and rising anti communism allowed powerful Southerners to cast those rights as Soviet inspired Thus the Civil Rights Movement was launched with neither the language nor the mission it needed to truly achieve black equality

Encyclopedia of African American History, 1619-1895 Paul Finkelman,2006-04-06 It is impossible to understand America without understanding the history of African Americans In nearly seven hundred entries the Encyclopedia of African American History 1619 1895 documents the full range of the African American experience during that period from the arrival of the first slave ship to the death of Frederick Douglass and shows how all aspects of American culture history and national identity have been profoundly influenced by the experience of African Americans The Encyclopedia covers an extraordinary range of subjects Major topics such as Abolitionism Black Nationalism the Civil War the Dred Scott case Reconstruction Slave Rebellions and Insurrections the Underground Railroad and Voting Rights are given the in depth treatment one would expect But the encyclopedia also contains hundreds of fascinating entries on less obvious subjects such as the African Grove Theatre Black Seafarers Buffalo

Soldiers the Catholic Church and African Americans Cemeteries and Burials Gender Midwifery New York African Free Schools Oratory and Verbal Arts Religion and Slavery the Secret Six and much more In addition the Encyclopedia offers brief biographies of important African Americans as well as white Americans who have played a significant role in African American history from Crispus Attucks John Brown and Henry Ward Beecher to Olaudah Equiano Frederick Douglass Sarah Grimke Sojourner Truth Nat Turner Phillis Wheatley and many others All of the Encyclopedia s alphabetically arranged entries are accessibly written and free of jargon and technical terms To facilitate ease of use many composite entries gather similar topics under one headword The entry for Slave Narratives for example includes three subentries The Slave Narrative in America from the Colonial Period to the Civil War Interpreting Slave Narratives and African and British Slave Narratives A headnote detailing the various subentries introduces each composite entry Selective bibliographies and cross references appear at the end of each article to direct readers to related articles within the Encyclopedia and to primary sources and scholarly works beyond it A topical outline chronology of major events nearly 300 black and white illustrations and comprehensive index further enhance the work s usefulness
