*The Morenci Marines*

Kyle Longley, 2015-06-15 In 1966 nine young men left the Arizona desert mining camp of Morenci to serve their country in the far flung jungles of Vietnam in danger zones from Hue to Khe Sanh Ultimately only three survived Each battled survivor's guilt difficult re entries into civilian life and traumas from personally experiencing war and losing close friends along the way Such stories recurred throughout America but the Morenci Marines stood out ABC News and Time magazine recounted their moving tale during the war and in 2007 the Arizona Republic selected the Morenci Nine as the most important veterans story in state history Returning to the soldiers Morenci roots Kyle Longley's account presents their story as unique by setting and circumstance yet typical of the sacrifices borne by small towns all across America His narrative spotlights a generation of young people who joined the military during the tumultuous 1960s and informs a later generation of the hard choices made many with long term consequences The story of the Morenci Marines also reflects that of their hometown a company town dominated by the Phelps Dodge Mining Corporation where the company controlled lives and the labor strife was legendary The town's patriotic citizens saw Vietnam as a just cause moving Clive Garcia's mother to say He died for this cause of freedom Yet while their sons fought and sent home their paychecks Phelps Dodge sought to destroy the union that kept families afloat pushing the government to end a strike that it said undermined the war effort Morenci was also a place where cultures intermingled and the nine friends included three Mexican Americans and one Native American Longley reveals how their backgrounds affected their decisions to join and also helped the survivors cope with Mike Cranford racing his Harley on back roads at high speeds while Joe Sorrelman tried to deal with demons of war through Navajo rituals Drawing on personal interviews and correspondence that sheds new light on the Morenci Nine Longley has written a book as much about loss grief and guilt as about the battlefield It makes compelling reading for anyone who lived in that era and for anyone still seeing family members go off to fight in controversial wars      *Echoes Down the Centuries* Mary Whetzel, 2007-09 This book is a real Wild West story told in their way by the people who lived in the Patagonia Sonoita region of southeastern Arizona Life here was hard and the stories of how people lived and followed their instincts to survive may touch your heart make you laugh or cry or maybe both Their bravery hardships and desire for a new future developed southern Arizona There are stories of Indians priests miners ranchers good men and bad life and death and much more The author used information from various reputable publications for background but concentrated primarily on stories told by people who lived them or whose ancestors did She tape recorded the recollections of hundreds of local residents and also included information from newspapers family records diaries memoirs and even cemeteries From the many people interviewed comes a clear picture of a country hard won much loved well remembered and treasured      **Sierra Vista** Ethel Jackson Price, 2003-10-22 The story of Sierra Vista Arizona begins with Coronado's explorations of the southwestern desert in the sixteenth century long before the 1877 establishment of Camp Huachuca home of the famed 24th Infantry Buffalo Soldiers Sierra Vista grew up in the fury of the silver and copper mining days surrounded by three stunning mountains and the San Pedro River Once known as Fry
