Armageddon At Defcon 1:

Armageddon at Defcon 1 Teretha G. Houston,1998-10 *Awaiting Armageddon* Alice L. George,2004-07-21 For thirteen days in October 1962 America stood at the brink of nuclear war Nikita Khrushchev's decision to place nuclear missiles in Cuba and John F Kennedy's defiant response introduced the possibility of unprecedented cataclysm The immediate threat of destruction entered America's classrooms and its living rooms *Awaiting Armageddon* provides the first in depth look at this crisis as it roiled outside of government offices where ordinary Americans realized their government was unprepared to protect either itself or its citizens from the dangers of nuclear war During the seven days between Kennedy's announcement of a naval blockade and Khrushchev's decision to withdraw Soviet nuclear missiles from Cuba U S citizens absorbed the nightmare scenario unfolding on their television sets An estimated ten million Americans fled their homes millions more prepared shelters at home clearing the shelves of supermarkets and gun stores Alice George captures the irrationality of the moment as Americans coped with dread and resignation humor and pathos terror and ignorance In her examination of the public response to the missile crisis the author reveals cracks in the veneer of American confidence in the early years of the space age and demonstrates how the fears generated by Cold War culture blinded many Americans to the dangers of nuclear war until it was almost too late **The Turned 'Armageddon'** Paul Weightman,2019-09-28 After the previous great battle of modern times Reformed Vampires known as Reefers and humans had learned to live side by side Lycanthropes agreed upon a truce with their age old enemies the vampires Once again society was rebuilt and for over a decade there was peace The resurgence of Zaegon and Melanie would once again recruit dissident vampires for their evil cause and once again Nathan Boni and their allies would face another threat to their civilisation and survival The Devil himself would be at the forefront of the dissident vampire armies and the hordes of demons The final solution would be something on scale never yet witnessed by mankind Existential Threats Lisa Vox,2017-07-03 In *Existential Threats* Lisa Vox explores the growth of dispensationalist premillennialism alongside scientific understandings of the end of the world and contends that these two allegedly competing visions have converged to create an American apocalyptic imagination

ARMAGEDDON's SONG 1 'STAND - TO' ANDY FARMAN,2014-07-03 Volume 1 of a 5 Volume story the best selling Armageddon's Song series now with map illustrations Did the Cold War really end No matter it is about to get hot anyway Espionage subterfuge corruption in high places and a nuclear plot are uncovered by a beautiful spy more used to shedding her clothes to discover secrets than she is of keeping them Will duty bind her to silence or will conscience win her over Stand To is the first book in the Armageddon's Song series and it puts you in the seat of a Sea Harrier dog fighting over the Pacific in the control room of a submarine during a torpedo attack in the Atlantic looking down the sights of a sniper rifle on the north German Plain and at the side of a Russian paratrooper General who leads from the front Encompassing not just a story from a US point of view but also through the eyes and deeds of the other combatants on both sides of the conflict

Gambling with Armageddon Martin J. Sherwin, 2020-10-13 From the Pulitzer Prize winning author of *American Prometheus* comes the first effort to set the Cuban Missile Crisis with its potential for nuclear holocaust in a wider historical narrative of the Cold War how such a crisis arose and why at the very last possible moment it didn't happen In this groundbreaking look at the Cuban Missile Crisis Martin Sherwin not only gives us a riveting sometimes hour by hour explanation of the crisis itself but also explores the origins scope and consequences of the evolving place of nuclear weapons in the post World War II world Mining new sources and materials and going far beyond the scope of earlier works on this critical face off between the United States and the Soviet Union triggered when Khrushchev began installing missiles in Cuba at Castro's behest Sherwin shows how this volatile event was an integral part of the wider Cold War and was a consequence of nuclear arms *Gambling with Armageddon* looks in particular at the original debate in the Truman Administration about using the Atomic Bomb the way in which President Eisenhower relied on the threat of massive retaliation to project U.S. power in the early Cold War era and how President Kennedy though unprepared to deal with the Bay of Pigs debacle came of age during the Cuban Missile Crisis Here too is a clarifying picture of what was going on in Khrushchev's Soviet Union Martin Sherwin has spent his career in the study of nuclear weapons and how they have shaped our world *Gambling with Armageddon* is an outstanding capstone to his work thus far

gratitude from the politicians In the Pacific all eyes are on the Spratly Islands as the Allies combat the Chinese 3rd and 6th Armies but the aftermath in Europe may have left the US and the ANZACs standing alone or has it Soldiers have more honour than politicians at the end of the day *Planning Armageddon* Stephen Robert Twigge, Stephen Twigge, Leonard Victor Scott, 2000 This unique volume provides the first detailed account of Britain's Command Control Communications and Intelligence infrastructure focusing on the British American atomic relationship and its implications for NATO strategy

ARMAGEDDON's SONG 'THE LONGEST NIGHT' ANDY FARMAN, 2015-02-10 The war in Europe has reached critical mass and it is a race between the Red Army and the newly arrived US and Canadian 4 Corps The winner owns Europe Just one last push by the New Warsaw Pact will clear away SACEUR's gambit and the last division standing between the Red Army and the Channel Ports It is the Longest Night for everyone and the last night for many *The Armageddon Letters* James G. ARMAGEDDON's SONG 3 'FIGHT THROUGH' ANDY FARMAN, 2015-02-12 The world is at war from the steamy jungles of South America to the high ice of mountain glaciers This is the third of a five part tale of global war and the people under arms on both sides of the conflict NATO won the Battle of the Atlantic at terrible cost and not only in men women and material but to the planet also In Europe the NATO army is close to exhaustion grimly holding its ground along the Elbe and Saale rivers buying time for the US and Canadian 4 Corps to arrive but their grit and determination are frustrating an enemy becoming ever more desperate and a finger hovers over a button marked Nuclear Release **Deterring Armageddon: A Biography of NATO** Peter Apps, 2024-02-01 EXCELLENT THE TLS Hugely impressive The Independent An astonishingly fine history Country Life Fascinating Daily Mail The history of the world's most successful military alliance from the wrecked Europe of 1945 to Vladimir Putin's invasion of Ukraine As they signed NATO into being after World War II its founders fervently believed that only if the West's democracies banded permanently together could they avoid a catastrophic global atomic conflict Over the 75 years since the alliance has indeed avoided war with Russia also becoming a major political strategic and diplomatic player well beyond its borders It has survived disagreements between leaders from Eisenhower Churchill and de Gaulle to Trump Stoltenberg and Merkel faced down Kremlin foes from Stalin to Putin and endured unending questions and debate over what new nations might be allowed to join Deterring Armageddon takes the reader from backroom deals that led to NATO's creation through the Cold War the Balkans and Afghanistan to the current confrontation with the Kremlin following the invasion of Ukraine It examines the tightrope walked by alliance leaders between a powerful United States sometimes flirting with isolationism and European nations with their ever evolving wishes for autonomy and influence Having spent much of its life preparing for conflicts that might never come NATO has sometimes

found itself in wars that few had predicted and with its members now again planning for a potential major European conflict It is a tale of tension danger rivalry conflict big personalities and high stakes military and diplomatic posturing as well as espionage politics and protest From the Korean War to the pandemic the Berlin and Cuba crises to the chaotic evacuation from Kabul Deterring Armageddon tells how the alliance has shaped and been shaped by history and looks ahead to what might be the most dangerous era it has ever faced Utterly eye opening compelling haunting and continually illuminating As Peter Apps so brilliantly demonstrates in this gripping book the story of the NATO alliance is in many ways a parallel global history of the last 75 years As well as all the outbreaks of seething tension between the US and its European allies and the counter moves of rival powers this is also an account of just how often in those postwar years that we all stood on the edge of the most terrible abyss With mesmerising fluency and dazzling research Apps follows the criss crossing threads of the Cold War and beyond Those threads converge in our shadowed present and the conflict in Ukraine In order to fathom today's dark world Apps has explored a labyrinth of once classified history and he brings dazzling clarity Sinclair McKay

ARMAGEDDON's SONG 2 'ADVANCE TO CONTACT' Andy Farman,2015-02-08 Volume 2 of a 4 part series that goes further than even Tom Clancy's classic in a tale of truly global world war Washington DC Taipei NATO's North Cape naval picket and two carrier combat groups have been destroyed by nuclear weapons NATO is on the back foot and her potential allies are thinning out as China shows no hesitation in levelling entire cities Major Bedonovich and Svetlana Vorsoff are our spies with a conscience and now they are in from the cold but someone will go to any lengths to exact revenge Perhaps baiting the Bear in his lair is their only hope of survival The NATO army in Europe with the battered but defiant Coldstream Guards and US 82nd are holding the line Vital supplies are enroute from America but the determination of those in the convoys and escorts is matched by those charged with sinking them NATO needs to level the playing field and then tilt it in their favour The Armageddon Experience Rod Buntzen,2019-01-25 A chilling echo of the nuclear fear permeating America's public during the Cold War with the Soviet Union is growing louder today with new reports about North Korea's progress on atomic weapons and long range missiles Iran's desire for similar technologies and Russia's and China's increasing pushback against the role of the US in the world In addition uncontrollable Middle East violence and hatred of the US is contributing to the possibility that nuclear weapons may someday detonate on American soil Unfortunately few of our leaders remember the horror of what nuclear weapons can cause and the public today has little understanding of what was at stake during the Cold War and what to expect from a nuclear explosion in one of our cities **DEFCON-2** Norman Polmar,2006-01-01 The closest we've ever come to the end of the world DEFCON 2 is the best single volume on the Cuban Missile Crisis published and is an important contribution to the history of the Cold War Beyond the military and political facts of the crisis Polmar and Gresham sketch the personalities that created and coped with the crisis They also show us how close we came to the edge without becoming sensationalistic Larry Bond bestselling author of Dangerous Ground Spy satellite and

aerial reconnaissance photos reveal that one of the United States s bitterest enemies may be acquiring weapons of mass destruction and the means to use them against the American homeland Administration officials refuse to accept intelligence professionals interpretation of these images and order an end to spy missions over the offending nation More than a month later after vicious infighting the president orders the spy missions to resume The new photos reveal an array of ballistic missiles capable of carrying nuclear warheads and striking deep within U S territory It appears that the missiles will be fully operational within one week This is not a plot setup for a suspense novel it is the true story of the most terrifying moment in the 45 year Cold War between the United States and the Soviet Union the Cuban Missile Crisis DEFCON 2 tells this tale as it has never been told before from both sides with the help of hundreds of recently declassified U S and Soviet documents as well as interviews with numerous former spies military figures and government officials who speak out here for the first time

The Cuban Missile Crisis Len Scott,2023-11-23 It is sixty years since the events of October 1962 brought the world close to nuclear catastrophe The Cuban missile crisis has long been recognized as the moment of greatest danger in the life and near death of humanity In those sixty years our knowledge and understanding of events have undergone significant change There are some reasons to be encouraged inasmuch as we have learned how both President John F Kennedy and Premier Nikita Khrushchev sought to avoid nuclear war More ominously we have learned of incidents and events that suggest nuclear weapons might have been used by subordinate military commanders in circumstances frequently unknown to their political leaders Decisions whether to use nuclear weapons lay in the hands of often junior military commanders some of whom were perilously close to crossing the nuclear threshold This does not mean as often assumed that if some nuclear weapons were used escalation to all out war was inevitable Yet the undoubted risk of thermonuclear war in these circumstances threatened the very survival of civilization Hundreds if not thousands of millions of people would have died from immediate and short term effects while the longer term prospect of a Nuclear Winter portended the virtual extinction of humanity Drawing lessons from sixty years ago faces significant challenges If we draw lessons only to discover our understanding was mistaken we might well have drawn the wrong lessons Many received wisdoms about the crisis have been shown to be misleading What is striking is how after forty or fifty or even sixty years new evidence has emerged to challenge previously accepted explanations It is for the reader to reach their own verdicts on the history of the crisis and how much we owe to political leaders who averted catastrophe as well as how their words and deeds helped create the crisis in the first place It is for the reader to conclude how close we came to nuclear war Whatever conclusions are reached one overriding lesson looms large However we judge the actions of political and military leaders one factor was crucial in why we avoided nuclear war in 1962 It was luck In October 1962 humanity was very lucky Will we be so lucky next time **Metafolklore** Alexander V. Avakov,2012-12 The book is organized in Folklore Units Each Folklore Unit has Context and may have one or more Metacontexts with citations of works of great philosophers or writers hence the title of the book is Metafolklore The
