Armed For Action:

Armed for Action Joan C. Durrance, 1984 **Dying for Action: Decision time for an urgent, effective Arms Trade Treaty** Edmund Carins, **Military Review**, 1969 Hollywood's Women of Action Philip Caudrey, 2024-04-26 The action heroine has never been more popular than she is today with the likes of The Hunger Games 2012 Mad Max Fury Road 2015 and Wonder Woman 2017 granting her a newfound prominence in Hollywood filmmaking When most knowledgeable action fans think of the action heroine historically however they tend to do so through the prism of her most iconic characters Emma Peel in the 1960s Lynda Carter's Wonder Woman in the 1970s Ripley and Sarah Connor in the 1980s Xena Warrior Princess and Buffy the Vampire Slayer in the 1990s and of course the likes of Hermione Granger Katniss Everdeen Imperator Furiosa and Princess Diana in modern times Yet the action heroine's epic journey goes back much further than this Indeed it has its origins in the earliest days of cinema amongst the serial queens of the early silent era and the fleeting cowgirls swordswomen and jungle girls of Hollywood's Golden Age in the 1930s 1940s and 1950s This book is about that epic journey It traces the action heroine's century long struggle for legitimacy and respect beginning with the silent era serial The Perils of Pauline 1914 and ending with the big budget action blockbusters of today This book asks why the action heroine's path towards acceptability on mainstream film and television has proven such a long and tortuous one why she is so hated by a vocal minority of male action fans and how she has overcome the conservatism of the Hollywood system to at last forge a reputation for herself as a genuinely viable protagonist on both the big and small screens **Civil Liabilities and Other Legal Issues for Probation/parole Officers and Supervisors**, 2001 **Sons of Valor II: Violence of Action** Brian Andrews, Jeffrey Wilson, 2022-06-07 From New York Times bestselling authors Andrews Riker who has an uncanny ability to escape death and Whitney Watts a former CIA analyst who sees patterns everyone else seems to miss are mobilized to prosecute the threat But this is no ordinary counterattack because someone posts the details of the hit all over social media taunting the American SEALs Worse the enemy seems prepared to counter all the Tier One's moves a dangerous new stage in the war on terror and a troubling sign that whoever is behind the attack is planning something bigger Fearing they may have been duped into chasing the wrong target Chunk and his team embark on a high stakes cat and mouse mission where nothing and no one is what they expect And when their enemy finds a way to strike at the heart of what's nearest and dearest to them it will test not only their bonds but also the personal sacrifices they've made to keep America safe Armor, 1966
