Art And Politics Of The Second Empire The Universal Expositions Of 1855 And 1867:

Art and Politics of the Second Empire Patricia Mainardi,1990 In this book Patricia Mainardi presents a new analysis of the major shift in nineteenth century art from large public to small private works by examining the political and institutional factors that were in effect Mainardi brings to life the complex institutional world of official art in the mid to late nineteenth century presenting the relevant individual personalities group interests conflicts and shift in a policy with clarity and detail Writing in a lively often witty style she throws much new light on such subjects as the decline of history painting the rise and eventual triumph of genre painting the influence exerted in France by the art of England Belgium and Germany and the inevitable collapse of the official exhibition system

Daumier and Exoticism Elizabeth C. Childs,2004 Best known as a satirist of Parisian politics and daily life Honor Daumier 1808 1879 was a prolific caricaturist This book is the first to examine the role of exoticism in his art and to offer a detailed history of the journal *Le Charivari* in which the lithographs appeared These satires of China Haiti the United States Africa and the Middle East not only target the theater of international politics but also draw on a broad range of physical stereotypes supported by contemporary ideas about race and cultural difference In an art of comic inversion Daumier used the exotic to expose the foibles and pretensions of the Parisian bourgeoisie A pacifist and a Republican Daumier also satirized the non European world in order to covertly attack the imperialism of Napoleon III in an age of press censorship Idealistic as well as pragmatic he used humor to stage political critique as well as to envision a more unified and compassionate world

The Politics of Sex, Race and Working-Class Slang in Late Second Empire French Caricature Russell Stephens,2025-08-11 This study examines caricatures as they appeared within popular Parisian magazines in mid 19th century France at the time of the 1867 World's Fair Chapters compare the comic mockery of several of the most important satirists of this time including *Amédée Noire* or *Cham* 1818 1879 as he was more popularly known and Honor Daumier 1808 1879 A major theme within the analysis is

how these caricaturists secretly used argot street slang as documented in two slang dictionaries by Parisian litterateur Alfred Delvau 1825 1867 within their comic images to carry hidden encrypted messages in order to evade the censorship of the day The book focuses primarily on caricatures of Chinese visitors who were part of the 1866 diplomatic visit to Paris and images of Chinese at the 1867 Exposition Universelle showing how the satires which were published by Cham used argot to create highly sexualised images that were often racist in nature In contrast the volume proposes that Daumier used slang in his caricatures to challenge racism and to make secret reference to current political leaders and politics The book will be of interest to scholars working in art history visual culture media studies and communication studies

Designing the Centennial Bruno Giberti, 2021-03-17 The 1876 United States Centennial Exhibition in Philadelphia was not only the United States first important world's fair it signaled significant changes in the very shape of knowledge Quarrels between participants in the exhibition represented a greater conflict as the world transitioned between two different kinds of modernity the Enlightenment of the seventeenth and eighteenth centuries to the High Modern period of the nineteenth and twentieth centuries At the center of this movement was a shift in the perceived relationship between seeing and knowing and in the perception of what makes an object valuable its usefulness as a subject of study and learning versus its ability to be bought and sold on the market Arguments over design of the Centennial reflected these opposing viewpoints Initial plans were rigidly structured dividing the exhibits by country and type But as some exhibitors became more interested in the preferences of their audience they adopted a more modern stance Objects traditionally displayed in isolated glass boxes were placed in fictive context the necklace draped over a mannequin the vase set on a table in a model room As a result the audience could more easily perceive these items as commodities suitable for their own environments and the fair as a place to find ideas for a material lifestyle *Designing the Centennial* is a vital first look at the design process and the nature of the display Bruno Giberti uses official reports of the U S Centennial Commission and photographs of the Centennial Photographic Company as well as the ephemera of the exhibition and literary accounts in books magazines and newspapers to illuminate how the 1876 fair revealed changes to come in future world's fairs museums department stores and in the nature of display itself
