Picturing the (Un)Dead in Beirut Agnes Rameder, 2024-12-14 Martyr posters are more than obituary images they can act as visual politics Focusing on Rabih Mrou s play How Nancy Wished That Everything Was an April Fool s Joke 2007 Agnes Rameder analyses how contemporary artists question and appropriate Lebanese martyr posters By linking the posters from the Wars in Lebanon 1975 1990 to contemporary posters she shows that these images continue to the present day that martyrs are still created and that deaths such as those who were killed in the explosion on 4 August 2020 are still visually remembered This study does not focus on how such pictures are perceived by a Western audience but delves into the use and abuse of martyr posters that were intended to be shown to the Lebanese **The Art Experience** Alex Rajczi, 2024-04-24 The Art Experience An Introduction to Philosophy and the Arts takes readers on an engaging and accessible journey that explores a series of fundamental questions about the nature of art and aesthetic value The book s 12 chapters explore three questions What makes something a work of art How should we experience art to get the most out of it Once we understand art how should we evaluate whether it is good or bad Philosophical theory is illustrated with concrete examples the paintings of Frida Kahlo the music of Johann Sebastian Bach the masks of the Nso people and many others Classic questions are balanced with cutting edge challenges such as Linda Nochlin s work on the exclusion of women from the artistic canon The Art Experience presupposes no prior knowledge of philosophy or art and it will be of interest to any reader seeking an accessible and engaging introduction to this field Along the way readers learn how philosophical theories can affect our real world experiences with painting music theater and many other art forms Key Features Accessible for any college student assumes no knowledge of philosophy art theory or any artistic medium Organizes topics conceptually rather than historically

allowing students to more easily grasp the core issues themselves rather than tracing their historical evolution Offers readers a large number of contemporary examples and a consistent focus on the way theory can affect people s real world experiences with art Explores questions about bias for example whether the artistic canon has excluded some groups unfairly and whether definitions of art are Western biased
