*The Arts Go to School* David Booth,Masayuki Hachiya,2004 Discover the power the arts bring to every aspect of learning Incorporating the arts in your classroom opens up new possibilities expands the mind creates a thirst for knowledge and helps students become more open to the world around them offering another way of thinking about being in and constructing our world Too often classroom teachers face the challenge of teaching the arts without the background or support they need

The Arts Go to School explores every aspect of implementing and integrating the arts into both the curriculum and everyday life. It contains a wealth of classroom activities that help kids give form to their thoughts and feelings. This easy-to-use resource features chapters on each of the major art forms and shows teachers how to help students meet related curriculum outcomes: music from composing songs and the elements of music to novel approaches to singing songs; visual arts from exploring pattern, shape, color, and texture to special events that feature mobiles, collages, and paper structures; drama from playing, moving, and imagining to communicating, improvising, and performing; dance from physical ways of conceptualizing to dance as a problem-solving exercise; media from being intelligent media users and using interactive media to taking a media field trip. The Arts Go to School offers a glimpse into dozens of exemplary classrooms where you can see, hear, and feel the arts bring learning to life. Checklists throughout the book provide handy reminders to key outcomes and guide teachers in thoughtful encouragement and assessment.

**Social Justice Art** Marit Dewhurst, 2014-11-01 In this lively and groundbreaking book, arts educator Marit Dewhurst examines why art is an effective way to engage students in thinking about the role they might play in addressing social injustice. Based on interviews and observations of sixteen high schoolers participating in an activist arts class at a New York City museum, Dewhurst identifies three learning processes common to the act of creating art that have an impact on social justice: connecting, questioning, and translating. Noting that one of the challenges of social justice art education has been the difficulty of naming effective strategies that can be used across multiple contexts, Dewhurst outlines core strategies for an activist arts pedagogy and offers concrete suggestions for educators seeking to incorporate activist art projects inside or outside formal school settings. *Social Justice Art* seeks to give common language to educators and others who are looking to expand and refine their practices in an emerging field, whether they work in art education, social justice programming, or youth development.

**Scenic Art for the Theatre** Susan Crabtree, Peter Beudert, 2012-11-12 Now in its Third Edition, *Scenic Art for the Theatre: History, Tools, and Techniques* continues to be the most trusted source for both student and professional scenic artists. With new information on scenic design using Photoshop, Paint Shop Pro, and other digital imaging softwares, this text expands to offer the developing artist more step-by-step instruction and more practical techniques for work in the field. It goes beyond detailing job functions and discussing techniques to serve as a trouble-shooting guide for the scenic artist, providing practical advice for everyday solutions.

**Inside Art** Mary Brown, 2002 An explanation of the way in which the study of art can act as a trigger for change in prisoners. This stimulating work is based on conversations with artists, including people in prison or who were once imprisoned. It charts the importance of creative activity as an instrument of personal change. As the author is compelled to say, "Individuals can and do change. If there is a message in these stories, this is it: we need to listen, understand, and act upon it. The physical walls around prisons must not become mental walls keeping us from understanding the worlds of those within. We are all members of the society that builds the prison walls."
