99 More Unuseless Japanese Inventions The Art Of Chindogu:

99 More Unuseless Japanese Inventions Kenji Kawakami, Dan Papia, 1997 Back by popular demand Following the massive success of 101 Unuseless Japanese Inventions 99 more specimens of the art of Chindogu to amaze confuse and entertain Chindogu is the Japanese word coined for the art of the unuseless idea weirdly logical designs for living that have taken an unsuspecting world by storm Meant to solve the niggling problems of modern life these bizarre and logic defying gadgets and gizmos have a tendency to fail completely but also heroically magnificently and hilariously Addicts of the unuseless will love this collection of brand new Chindogu including the Eat n Exercise no one cares about calories when you exercise as you eat the Drymobile your laundry dries as you drive the Solar Powered Torch and many many more Chindogu is the Chaos Theory put to everyday use Funny but subversive Ordinary but surreal Brilliant but boneheaded Once word gets around stand back John Barry Knight Ridder

99 More Unuseless Japanese Inventions Kenji Kawakami, 1997 Art + DIY Electronics Garnet Hertz, 2023-05-30 A systematic theory of DIY electronic culture drawn from a century of artists who have independently built creative technologies Since the rise of Arduino and 3D printing in the mid 2000s do it yourself approaches to the creative exploration of technology have surged in popularity But the maker movement is not new it is a historically significant practice in contemporary art and design This book documents tracks and identifies a hundred years of innovative DIY technology practices illustrating how the maker movement is a continuation of a long standing creative electronic subculture Through this comprehensive exploration Garnet Hertz develops a theory and language of creative DIY electronics drawing from diverse examples of contemporary art including work from renowned electronic artists such as Nam June Paik and such art collectives as Survival Research Laboratories and the Barbie Liberation Front Hertz uncovers the defining elements of electronic DIY culture which often works with limited resources to bring new life to obsolete objects while engaging in a critical dialogue with consumer capitalism Whether hacking blackboxed technologies or deploying culture jamming techniques to critique commercial labor practices or gender norms the artists have found creative ways to make personal and political statements through creative technologies The wide range of innovative works and practices profiled in *Art DIY Electronics* form a general framework for DIY culture and help inspire readers to get creative with their own adaptations fabrications and reimaginings of everyday technologies *Sustainable by Design* Stuart

Walker, 2012-05-04 To advance the subject of design one has to engage in the activity of designing *Sustainable by Design* offers a compelling and innovative design centred approach that explores both the meaning and practice of sustainable design Walker explores the design process in the context of sustainability and challenges conventional ways of defining designing and producing functional objects He discusses the personal design process tacit knowledge ephemeral design experimental design and the relationship between intellectual design criteria physical expression and aesthetic experience This book will introduce vital concepts to students and will inspire designers by providing a well articulated basis for

understanding the complexity and potential of sustainable design and extolling the contribution of design to the creation of a more meaningful material culture *Media, Modernity and Technology* David Morley, 2006-09-27 From best selling author David Morley this book presents a set of interlinked essays which discuss and examine some of the key debates in the fields of media and cultural studies Spanning the last decade this fascinating and readable book is based on interdisciplinary work on the interface of media and cultural studies cultural geography and anthropology Clearly structured in five thematic sections the book surveys the potential contribution of art based discourses to the field and offers critical perspectives on the emergence of the new media of our age Including discussion on the status and future of media and cultural studies as disciplines the significance of technology and new media and raising questions about the place of the magical in the newly emerging forms of techno modernity in which we live today this is a media student must read *Reluctant Readers* Ron Jobe, Mary Dayton Sakari, 1999 This detailed book outlines the characteristics of reluctant readers strategies for reading success how to overcome barriers and more Cf Our choice 1999 2000 **99 Unuseless Japanese Inventions** ,1998
