A Bad Run Of Fate:

A Bad Run of Fate Bret Burquest, 2001-01-18 A dark psychological mystery examines the essence of the tortured soul of a serial killer Eight men learn of a fabulous cache of gold hidden in the hills near Congress Arizona But a mysterious serial killer the Lord of the Wings stands in their way The actual cache of gold revealed within the narrative remains undiscovered to this day The story within the story details how the real treasure was hidden over a century ago and reveals its likely location The author is offering a 90% finders fee for anyone who discovers the riches through the use of facts in this book

Running from Destiny II C. L. Holden, 2025-06-25 This book is a stand alone sequel to *Running from Destiny* where Derek Anderson was being groomed to be a pastor but he didn't feel that was his calling He was smart and successful and always wanted to be a corporate tech giant like Bill Gates or a billionaire businessman like Michael Bloomberg Derek found out the hard way that you can't run from God There was always a challenge or situation that pulled him back into the will of God no matter how far out he wandered The love of money almost cost him his salvation as he literally battled demons on a regular basis This book continues ten years later after they returned back home to Bradley Ohio with the kids all grown up and facing challenges and tests of their faith in their adult Christian life It tugs at your heart at times and I want people to read my book and smile in some chapters and also laugh and cry with the characters because everything isn't roses life isn't perfect People are not perfect so my characters have flaws as well They need to be human and believable because the Christian life isn't a fairy tale and I want my readers to know that God never gives us more than we can handle and that he is ever present Never stop praying

Transforming Fate Into Destiny Robert Ohotto, 2008-03-01 In this penetrating book renowned intuitive speaker and teacher Robert Ohotto guides us on an investigation of the Heroic Journey of the Soul Exploring three modern day manifestations of Fate he shows how psychic energy from family patterns cultural influences generational legacy and global evolution inform our self concept every day and how they often block our highest potential and Fate us to challenging circumstances and relationships But he reveals these Fated encounters are actually the keys to our unlived life Each chapter maps our psyche and unravels the mysterious connections of Fate Free Will and Destiny transforming our Fate into Destiny and our limitations into gifts Through this seminal work based on years of experience discover how we've made two fundamental agreements with the Universe as part of our Heroic Journey one with Fate and the other with Destiny As we learn to dance with these two forces they become two voices challenging and beckoning us to discover our ultimate purpose the primary task of the modern day Hero and Heroine and in the process serve to unleash the power of our Soul in delivering grace to the world
