A Biographical Dictionary Of Women Economists:

A Biographical Dictionary of Women Economists Robert William Dimand, Mary Ann Dimand, Evelyn L. Forget, 2000 This reference contains over 100 articles on the lives and writings of women who made significant contributions to economics Some notable Danish Dutch French German Greek Italian Japanese Russian and Swedish economists are included

A Biographical Dictionary of Women Economists Robert William Dimand, Mary Ann Dimand, Evelyn L. Forget, 2008 Includes over one hundred specially commissioned articles on the lives and writings of women who made significant contributions to economics It sheds new light on the rich but too often neglected heritage of women s analysis of economic issues and participation in the discipline of economics

A Bibliography of Female Economic Thought to 1940 Kirsten Kara Madden, Janet A. Seiz, Michèle A. Pujol, 2004 Contains references to over 10 000 articles books and pamphlets on economic issues written by more than 1 700 women published between 1770 and 1940 Introduction

A Bibliography of Female Economic Thought up to 1940 Kirsten Madden, Michele Pujol, Janet Seiz, 2004-03-01 Contributions to female economic thought have come from prolific scholars leading social reformers economic journalists and government officials along with many other women who contributed only one or two works to the field It is perhaps for this reason that a comprehensive bibliographic collection has failed to appear until now This innovative book brings together the most comprehensive collection to date of references to women s economic writing from the 1770s to 1940 It includes thousands of contributions from more than 1 700 women from the UK the US and many other countries This bibliography is an important reference work for systematic inquiry into questions of gender and the history of economic thought This volume is a valuable resource and will interest researchers on women s contributions to economic thought the sociology of economics and the lives of female social scientists and activist authors With a comprehensive editorial introduction it fills a long standing gap and will be greeted warmly by scholars of the history of economic thought and those involved in feminist economics

A Biographical Dictionary of Australian and New Zealand Economists John Edward King, 2007 A valuable reference book and at the same time an account of economics in Australia that can be read right ththrough as history J King La Trobe University Australia

The Elgar Companion to Feminist Economics Janice Peterson, Margaret Lewis, 2001-01-01 Comprehensive reference work introducing readers to the field of feminist economics It addresses key concepts as well as feminist economic critiques and reconstructions of major economic theories and policy debates

Frontiers in the Economics of Gender Francesca Bettio, Alina Verashchagina, 2009-11-24 Gender is now recognized as a fundamental organizing principle for economic as well as social life and related research has grown at an unprecedented pace in the recent decades across branches of economics The volume takes stock of this research proposes novel analytical frameworks and outlines further research directions It grew out of the Summer School of International Research in Pontignano University of Siena that traditionally brings together the most representative scholars in the chosen field The thirteen essays included in the volume

cover recent advances in gender related issues across disciplinary branches from Economic History and the History of Economic Thought to Macroeconomics Household Economics the Economics of Care Work Labour Economics Institutional and Experimental Economics The volume is primarily addressed to graduate students in Economics and is an essential companion for researchers in the area of Gender Economics As most essays are written in a non technical language it is also of interest to a wider audience including specialists in Sociology Demography and History

Slavery, Capitalism, and Women's Literature Kristin Allukian,2023-08-01 With *Slavery Capitalism and Women's Literature* Kristin Allukian makes an important contribution to slavery and capitalism scholarship by including the voices of some of the best known nineteenth century American women writers Women's literature offers crucial and previously unconsidered economic insights into the relationship between slavery and capitalism different from those we typically find in economics and economic histories Allukian demonstrates that because women's imaginative and creative texts take the material historical connection of slavery and capitalism as their starting point they can be read for the more speculative extensions of that connection extensions not possible to discover on a material historical level Indeed Allukian contends these authors and texts disclose unique economic insights critiques and theories in ways that are only possible through literary writing The writers featured in this study Harriet Beecher Stowe Lucy Larcom Harriet Jacobs and Frances Ellen Watkins Harper published written accounts of the continuities between slavery and capitalism including between language and activism accounting and sentimentalism labor and technology race and property and inheritance and reparations Their essays novels poems and autobiographies provided forums to document data stimulate debate generate resistance and imagine alternatives to the United States developing capitalist economy engined and engineered by slavery Without their unique economic insights the national narrative we tell about the relationship between slavery and capitalism is incomplete

Waving the Swedish Flag in Economics Muriel Dal Pont Legrand,Harald Hagemann,2025-04-22 This book examines Swedish influences in the history of economics Knut Wicksell 1851 1926 can be regarded as the founder of modern monetary macroeconomics His work has significantly influenced both economic theory and the monetary policy of central banks and continues to do so to this day Wicksell and other important Swedish economists like Gustav Cassel Bertil Ohlin and Erik Lindahl as well as Swedish economic policy have shaped Hans Michael Trautwein's research from the very beginning In this book written in honor of Hans Michael Trautwein leading international scholars discuss various topics in modern monetary macroeconomics Swedish contributions to economics problems in international economics and globalization and selected topics in the history of economic thought

The Elgar Companion to the Chicago School of Economics Ross B. Emmett,2010-01-01 Many know the Chicago School of Economics and its association with Milton Friedman George Stigler Ronald Coase and Gary Becker But few know the School's history and the full scope of its scholarship In this Companion leading scholars examine its history and key figures as well as provide surveys of the School's contributions to central aspects of economics including price theory

monetary theory labor and economic history The volume examines the School's traditions of applied welfare theory and law and economics while providing a glimpse into emerging research on Chicago's role in the development of neoliberalism A companion in the true sense of the word this volume surveys a wide body of Chicago economic studies and guides readers carefully through each The Companion offers biographies of leading Chicago economists and evaluations of the School's connection to approaches to economics that draw from and complement the School including the Virginia School and the work of Armen Alchian and Edward Lazear Moreover this book is a first in many respects as it analyzes the interconnections of the Chicago School's theory methodology and policy and considers by what means and ideas the School's policy framework is driven The breadth and depth of the insights presented here will appeal especially to students and scholars of economics and historians interested in economics social science and applied public policy

Toward a Feminist Philosophy of Economics Drucilla K. Barker, Edith Kuiper, 2003 This book edited by two of the most respected figures in feminist economics is a welcome collection that charts and critically analyses how other movements have influenced the development of feminist economics as a distinct discipline

Macroeconomics and the History of Economic Thought H.M. Krämer, Heinz Kurz, H.-M. Trautwein, 2012-03-29 The essays in this Festschrift have been chosen to honour Harald Hagemann and his scientific work They reflect his main contributions to economic research and his major fields of interest The essays in the first part deal with various aspects within the history of economic thought The second part is about the current state of macroeconomics The essays in the third part of the book cover topics on economic growth and structural dynamics

Postcolonialism Meets Economics S. Charusheela, Eiman Zein-Elabdin, 2013-04-15 In the last half century economics has taken over from anthropology the role of drawing the powerful conceptual worldviews that organize knowledge and inform policy in both domestic and international contexts Until now however the colonial roots of economic theory have remained relatively unstudied This book changes that The wide array of contributions to this book draw on the rapidly growing body of postcolonial studies to critique both orthodox and heterodox economics This book addresses a large gap in postcolonial studies which lacks the type of sophisticated analysis of economic questions that it displays in its analysis of culture The intellectual and disciplinary terrain covered within this book spans economics history anthropology philosophy literary theory political science and women's studies

Research in the History of Economic Thought and Methodology Luca Fiorito, Scott Scheall, Carlos Eduardo Suprinyak, Rebeca Gomez Betancourt, 2024-02-09 Research in the History of Economic Thought and Methodology RHETM is a book series dedicated to an interdisciplinary approach to a broad range of topics related to the history and methodology of economics

Guide to Reference in Genealogy and Biography Mary K. Mannix, Fred Burchsted, Jo Bell Whitlatch, 2015 An excellent starting point for both reference librarians and for library users seeking information about family history and the lives of others this resource is drawn from the authoritative database of Guide to Reference voted Best Professional Resource Database by Library Journal readers in 2012 Biographical resources

have long been of interest to researchers and general readers and this title directs readers to the best biographical sources for all regions of the world For interest in the lives of those not found in biographical resources this title also serves as a guide to the most useful genealogical resources Profiling more than 1400 print and electronic sources this book helps connect librarians and researchers to the most relevant sources of information in genealogy and biography *Economics and Diversity* Carlo D'Ippoliti,2011-05-15 The bulk of contemporary economics assumes rather than explains differences between people or groups of people Yet many of these differences are produced by society or they imply differing opportunities and outcomes This book argues that economists should concern themselves with the explanation of the social causes and effects of such differences D Ippoliti introduces the concept of diversity to summarise all differences that are of social origin and that a theory or model seeks to explain This contrasts with the traditional concept of heterogeneity that instead refers to differences that are deemed to be exogenous of economic theory In approaching this the book ranges from the fields of methodology and history of economics to applied empirical work as well as gender diversity which is considered in depth The analysis of the thinking of two major economists of the past John Stuart Mill and Gustav Schmoller demonstrates how gender diversity exemplifies some of the fundamental issues in economics such as the division of labour society's capacity to reproduce itself and the role of social institutions and their impact on individual and collective behaviour The book maintains that growth of GDP and of the services sector cannot be trusted to automatically bring about greater inclusion of women in the labour market Active policy interventions are needed spanning from the removal of discrimination to the provision of public services and the establishment of fair competition in the market along with an improved division of social and political power between the sexes This work will be of interest to researchers and students focusing on the history of economic thought labour economics social policy and gender studies *The Origins of International Economics: International exchange rates* Robert William Dimand,2004 A collection of materials reprinted from various sources *Information Sources in the Social Sciences* David Fisher,Sandra Price,Terry Hanstock,2018-02-19 No detailed description available for Information Sources in the Social Sciences *Reflections on the Classical Canon in Economics* Evelyn L. Forget,Sandra Peart,2000-09-28 In this discipline defining volume some of the leading international scholars in the history of economic thought re examine the concepts of classical economics and the canon illuminating the roots and evolution of the contemporary discipline **The Palgrave Companion to Chicago Economics** Robert A. Cord,2023-01-01 The University of Chicago has been and continues to be one of the most important global centres for economics With six chapters on themes in Chicago economics and 33 chapters on the lives and work of Chicago economists this volume shows how economics became established at the University how it produced some of the world's best known economists including Frank Knight Milton Friedman and Robert Lucas and how it remains a global force for the very best in teaching and research in economics With original contributions from a stellar cast this volume provides economists especially those interested in

macroeconomics and the history of economic thought with an in depth analysis of Chicago economics
