A Brief And Cleere Confutation 1603:

A Brief and Cleere Confutation. 1603 Richard Walpole, O. E., 1975 **A Brief and Cleere Confutation, 1603** Richard Walpole, 1975 A brief, and cleere confutation, of a new, vaine, and vaunting Challenge, made by O. E. Minister [i.e. Matthew Sutcliffe, Dean of Exeter], vnto N. D. author of the Wardword [i.e. Robert Persons]... By W. R. [i.e. R. Walpole.] [Sometimes attributed to R. Persons.] Richard WALPOLE, 1603 **The Shakespeare First Folio: A new worldwide census of first folios** Anthony James West, 2001 Existing copies of the Shakespeare First Folio 1623 were surveyed and counted a hundred years ago in Sidney Lee's Census of 1902 Since then some seventy copies have come to light some of which are only now identified as First Folios This new Census lists 229 copies giving concise descriptions of each The entries cover condition including the number of original leaves items of special interest provenance and binding A concordance of Lee and West numbers is also provided To set the stage the volume tells the story of the search for copies and the detective work involved in dealing with doubtful identifications Because Folios survive in such a wide variety of condition the tests for defining what to count as a copy are described then demonstrated with three unnumbered unrecognized copies at the Folger Shakespeare Library Finally details of missing copies are given to increase the likelihood of their rediscovery Defining the Jacobean Church Charles W. A. Prior, 2005-07-25 This 2005 book proposes a model for understanding religious debates in the Churches of England and Scotland between 1603 and 1625 Setting aside narrow analyses of conflict over predestination its theme is ecclesiology the nature of the Church its rites and governance and its relationship to the early Stuart political world Drawing on a substantial number of polemical works from sermons to books of several hundred pages it argues that rival interpretations of scripture pagan and civil history and the sources central to the Christian historical tradition lay at the heart of disputes between proponents of contrasting ecclesiological visions Some saw the Church as a blend of spiritual and political elements a state Church while others insisted that the life of the spirit should be free from civil authority **Early English Printed Books in the University Library, Cambridge** C. book charts the progress of these various disputes by listing all publications involved placing each in the context of a particular controversy and explaining its relationship with the other literature It is both a reference book and an historical study being a descriptive catalogue of the material with linking commentary and historical background As Professor Elton writes in his Foreword Whatever one may think two generations of intelligent men spent so much time thought and ink on lambasting one another in the cause of the Prince of Peace a vital part of the age s experience flowed in those channels
