A Californian In Purgatory:

A Dark California Katarzyna Nowak-McNeice, Agata Zarzycka, 2018-02-14 Focusing on portrayals of California in popular culture this collection of new essays traces a central theme of darkness through literature Toby Barlow Angela Carter Joan Didion Thomas Pynchon and Claire Vaye Watkins video games L A Noire music Death Grips Lana Del Rey and the Red Hot Chili Peppers TV True Detective and American Horror Story and film Starry Eyes Southland Tales and A Girl Walks Home Alone at Night Providing insight into the significance of Californian icons the contributors explore the interplay between positive stereotypes connected to the myth of the Golden State and ambivalent responses to the myth based on social and political power the consequences of consumerism transformations of the landscape and the dominance of hyperreality *The Californian* ,1882 **The Californian** Charles Frederick Holder, 1893 **Macnamara's Irish Colony and the United States Taking of California in 1846** John Fox, 1999-11-15 Images of Irish immigration often bring to mind Ellis Island and crowded Eastern ports If Eugene Macnamara's planned Irish Colony in California had succeeded however we might have a very different view of the Irish in America In 1844 Eugene Macnamara an Irish priest with a shadowy history began promoting his plan to create an Irish colony in California With the first of the Potato Famines a year later many Irish farmers had to seek a new life and California seemed to be the answer In both Washington and Mexico Macnamara and his plan were viewed as suspicious even dangerous yet once the U S war with Mexico gained California for the United States the priest and his plan were largely forgotten Both period documents and new discoveries are used to flesh out the story of the California colonization project and the mysterious figure behind it With illustrations maps and index this book is a valuable resource for understanding American Mexican and Irish history and a fascinating glimpse of the ways in which the past might have been different Soil Conservation ,1967-08 **The California Missions** Edna E. Kimbro, Julia G. Costello, Tevvy Ball, 2009 Illustrated in color throughout The California Missions History Art and Preservation combines engaging text with historical paintings archival photographs and recent photography to create a vivid chronicle of these iconic institutions The narrative recounts their founding and early history surveys mission art and architecture and examines their role in shaping the history and culture of California A final chapter discusses recent advances in preserving the mission heritage for future generations The second part of the book provides concise historical profiles for each of the twenty one missions Book Jacket **Skiing** ,1986-01 **California Comeback** Narda Zacchino, 2016-08-16 An in depth look at California's remarkable 21st century turnaround focusing on the role played by the state government under Jerry Brown In the most economically important state in the country and the 7th largest economy in the world a political revolution of historic importance has occurred which has not been sufficiently covered by the media In the state where the Reagan Revolution was born there has recently occurred a remarkable progressive revolution under the leadership of another governor four term Democrat Jerry Brown Over the past several decades as it has evolved from a red state to solid blue

California has boldly reinvigorated the notion that government is not a dirty word but rather an instrument for uniting people and improving their lives From raising taxes on those with annual incomes over 250 000 to shifting money toward the schools in low income communities from seeking environmental alliances with other countries to limit climate change to the rejection of militaristic solutions to illegal immigration California has been a laboratory of innovation Californians have rejected the race to the bottom right wing philosophy that catapulted conservative politics in recent years That model of endorsing privatization deregulation reductions in government spending and a tax system that disproportionately favors the wealthy is exemplified by conservative governors and rejected by the pragmatic liberal Jerry Brown In California Comeback award winning journalist Narda Zacchino who has covered California politics for over three decades clearly lays out the history of California s initial experiments with progressivism under Brown its swing to the right under Reagan near financial collapse under Schwarzenegger and recent return to stability bulwarked but the progressive policies made possible by the second coming of Jerry Brown This progressive mindset forged in the crucible of the tumultuous last half century is California s true contribution not only to the country but to the world

Liquid Sociology Mark Davis,2016-05-13 Zygmunt Bauman s liquid sociology confronts the awesome task of reminding individual men and women that an alternative way of living together is within our eminent capabilities if only we start to think differently about our world The metaphor of liquidity which has become such a prominent feature of his writings since 2000 provides us with just such a new interpretation with a novel way of seeing Each chapter in this unique collection takes seriously Bauman s analysis of modernity as liquid throwing new light upon global social problems as well as opening up a space for assessing the nature of Bauman s contribution to sociology and for understanding what may be gained and lost by embracing an artistic sensibility within the social sciences With contributions from internationally renowned scholars this book will appeal to all those interested in Bauman s work especially within sociology social political and cultural theory and to anyone curious about the value of metaphor in interpreting the social world
