A Chinese Girl Graduate R. K. Douglas, 2004-06

For both these young men Jasmine had a liking but there was no question as to which she preferred As she herself said Wei is pleasant enough as a companion but if I had to look to one of them for an act of true friendship or as a lover she mentally added I should turn at once to Tu It was one of her amusements to compare the young men in her mind and one day when so occupied Tu suddenly looked up from his book at her

A Chinese Girl Graduate R. K. Douglas, 2006 Set in China this is an utterly charming tale of a young woman out to enjoy life The narrative describes the struggle of a Chinese couple to realize their dreams With

subtle humour and skilfully drawn characters this book captures attention from the very outset Amazing Biography of Yamei Kin M.D. (1864-1934), (Also Known as Jin Yunmei), the First Chinese Woman to Take a Medical Degree in the United States (1864-2016), 2nd ed. William Shurtleff; Akiko Aoyagi, 2016-03-31 The world's most comprehensive well documented and well illustrated book on this subject With extensive subject and geographical index 125 photographs and illustrations mostly color Free of charge in digital PDF format on Google Books Selected Works on China Various Authors, Let me state at the outset that I know no Chinese My duty in Mrs Ayscough's and my joint collaboration has been to turn her literal translations into poems as near to the spirit of the originals as it was in my power to do It has been a long and arduous task but one which has amply repaid every hour spent upon it To be suddenly introduced to a new and magnificent literature not through the medium of the usual more or less accurate translation but directly as one might burrow it out for one's self with the aid of a dictionary is an exciting and inspiring thing The method we adopted made this possible as I shall attempt to show The study of Chinese is so difficult that it is a life work in itself so is the study of poetry A sinologue has no time to learn how to write poetry a poet has no time to learn how to read Chinese Since neither of us pretended to any knowledge of the other's craft our association has been a continually augmenting pleasure I was lucky indeed to approach Chinese poetry through such a medium The translations I had previously read had given me nothing Mrs Ayscough has been to me the pathway to a new world No one could be a more sympathetic go between for a poet and his translator and Mrs Ayscough was well fitted for her task She was born in Shanghai Her father who was engaged in business there was a Canadian and her mother an American She lived in China until she was eleven when her parents returned to America in order that their children might finish their education in this country It was then that I met her so that our friendship is no new thing but has persisted in spite of distance for more than thirty years to ripen in the end into a partnership which is its culmination Returning to China in her early twenties she became engaged to an Englishman connected with a large British importing house in Shanghai and on her marriage which took place almost immediately went back to China where she has lived ever since A diligent student of Chinese life and manners she soon took up the difficult study of literary Chinese and also accepted the position of honorary librarian of the library of the North China Branch of the Royal Asiatic Society Of late years she has delivered a number of lectures on Chinese subjects in China Japan America and Canada and has also found time to write various pamphlets on Chinese literature and customs In the Autumn of 1917 Mrs Ayscough arrived in America on one of her periodic visits to this country She brought with her a large collection of Chinese paintings for exhibition and among these paintings were a number of examples of the Written Pictures Of these she had made some rough translations which she intended to use to illustrate her lectures She brought them to me with a request that I put them into poetic shape I was fascinated by the poems and as we talked them over we realized that here was a field in which we should like to work When she returned to China it was agreed that we should make a volume of translations from the classic Chinese writers Such translations were in the line of

her usual work and I was anxious to read the Chinese poets as nearly in the original as it was possible for me to do At first we hardly considered publication Mrs Ayscough lives in Shanghai and I in Boston and the war time mails were anything but expeditious but an enthusiastic publisher kept constantly before us our ultimate if remote goal Four years have passed and after many unavoidable delays the book is finished We have not done it all by correspondence Mrs Ayscough has come back to America several times during its preparation but whether together or apart the plan on which we have worked has always been the same Very early in our studies we realized that the component parts of the Chinese written character counted for more in the composition of poetry than has generally been recognized that the poet chose one character rather than another which meant practically the same thing because of the descriptive allusion in the make up of that particular character that the poem was enriched precisely through this undercurrent of meaning in the structure of its characters But not always and here was the difficulty Usually the character must be taken merely as the word it had been created to mean It was a nice distinction when to allow one self the use of these character undercurrents and when to leave them out of count entirely But I would not have my readers suppose that I have changed or exaggerated the Chinese text Such has not been the case The analysis of characters has been employed very rarely and only when the text seemed to lean on the allusion for an added vividness or zest In only one case in the book have I permitted myself to use an adjective not inherent in the character with which I was dealing and in that case the connotation was in the word itself being descriptive of an architectural structure for which we have no equivalent except in the Written Pictures where as Mrs Ayscough has stated in her Introduction we allowed ourselves a somewhat freer treatment It has been necessary of course to acquire some knowledge of the laws of Chinese versification But equally of course these rules could only serve to bring me into closer relations with the poems and the technical limits of the various forms It was totally impossible to follow either the rhythms or the rhyme schemes of the originals All that could be done was to let the English words fall into their natural rhythm and not attempt to handicap the exact word by introducing rhyme at all This is the method I followed in my translations of French poems in my book Six French Poets I hold that it is more important to reproduce the perfume of a poem than its metrical form and no translation can possibly reproduce both

Contrived Laissez-Faireism Fujio Mizuoka, 2018-03-19 This book analyses neo liberal economic policy in Hong Kong and its relationship to British colonial governance Using historical political and economic examples the author argues that the growth and stability experienced by Hong Kong in the post WWII pre 1997 era was a direct result of policies enacted by the British in an effort to maintain colonial dominance in an era of decolonization rather than the independent workings of the free market The book works through examples of policies employed by the British in Hong Kong such as the creation of artificial scarcity in colonial land policy the construction of large scale public housing and

the Mass Transit Railway System and education policy that favored competition Challenging long accepted narratives this book draws a direct line between market fundamentalism and direct colonial control As such this book will be of interest to scholars and students of economics political science history and those studying the Asia Pacific region *Monthly Bulletin of the New York Free Circulating Library* New York Free Circulating Library,1895

Voices of Asian Americans in Higher Education Festus E. Obiakor,Ying Hui-Michael,2018-10-01 Voices of Asian Americans in Higher Education Unheard Voices is a unique and historical book Asian Americans are often portrayed as model minority yet their personal and educational experiences are often unheard In this book 10 Asian American educators and scholars present realistic pictures of America s higher education using personal narratives The contributors in this book come from different regions and teach in different colleges and universities and coincidentally they all endure the outsider category formerly as students and now as professors and leaders This outsider status can be emotionally overwhelming and psychologically unnerving This status hampers opportunities for Asian Americans to grow and maximize their fullest potential Though they develop different strategies to address their outsider label it does not make it comfortable But time and time again they have proven that they can succeed In this technological age we must value unending truths as we educate ourselves and others We hope that this book will be an educational and informational resource for students administrators and faculty in higher education and also educational policy makers and stakeholders *A Lillian Smith Reader* Lillian Smith,2016-09 As a writer and forward thinking social critic Lillian Smith 1897 1966 was an astute chronicler of the twentieth century American South and an early proponent of the civil rights movement From her home on Old Screamer Mountain overlooking Clayton Georgia Smith wrote and spoke openly against racism segregation and Jim Crow laws long before the civil rights era Bringing together short stories lectures essays op ed pieces interviews and excerpts from her longer fiction and nonfiction *A Lillian Smith Reader* offers the first comprehensive collection of her work and a compelling introduction to one of the South s most important writers A conservatory trained music teacher who left the profession to assume charge of her family s girls camp in Rabun County Georgia Smith began her literary careerwriting for a journal that she coedited with her lifelong companion Paula Snelling successively titled *Pseudopodia* 1936 the *North Georgia Review* 1937 41 and *South Today* 1942 45 Known today for her controversial best selling novel *Strange Fruit* 1944 her collection of autobiographical essays *Killers of the Dream* 1949 and her lyrical documentary *Now Is the Time* 1955 Smith was acclaimed and derided in equal measures as a southern white liberal who critiqued her culture s economic political and religious institutions as dehumanizing for all white and black male and female rich and poor She was also a frequent and eloquent contributor to periodicals such as the *Saturday Review* *LIFE* the *New Republic* the *Nation* and the *New York Times* The influence of Smith s oeuvre extends far beyond these publications Her legacy rests on her sense of social justice her articulation of racial and social inequities and her challenges to the status quo In their totality her works propose a vision of justice and human understanding that we have yet to achieve **Text,**

Performance, and Gender in Chinese Literature and Music Maghiel van Crevel, Michel Hockx, Tian Yuan Tan, 2009-11-27
Wilt Idema is one of the world's leading scholars and translators of Chinese literature with research interests ranging from classical poetry to premodern fiction performance literature and women's writing His oeuvre is exceptional in its inclusiveness and its ability to let different historical periods genres and issues speak to one another and to make the riches of Chinese literature accessible to a wide range of readers In honor of his work this collection brings together new research by twenty two prominent scholars in a field of tremendous scope and diversity on topics including genre characteristics literary representations of social and political history gender and cultural identity music autobiography women's writing internet literature and more

The North-China Herald & Supreme Court & Consular Gazette, 1910 Chinese Americans in the Heartland Huping Ling, 2022-09-16 The term Heartland in American cultural context conventionally tends to provoke imageries of corn fields flat landscape hog farms and rural communities along with ideas of conservatism homogeneity and isolation But as the Midwestern and Southern states experienced more rapid population growth than that in California Hawaii and New York in the recent decades the Heartland region has emerged as a growing interest of Asian American studies Focused on the Heartland cities of Chicago Illinois and St Louis Missouri this book draws rich evidences from various government records personal stories and interviews and media reports and sheds light on the commonalities and uniqueness of the region as compared to the Asian American communities on the East and West Coast and Hawaii Some of the poignant stories such as the Three Moy Brothers Alla Lee and Save Sam Wah Laundry told in the book are powerful reflections of Asian American history
