New York Magazine ,1969-04-28 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea **Glittering Decades** Nayantara Pothen,2012-01-30 New Delhi was purpose built to trumpet the

supremacy of the British Raj and inaugurated in 1931 Instead it came to represent a fading imperial dream in the two decades that followed In the heyday of the British Raj strict social and racial hierarchies governed the social life of the city s ruling elites And the frivolity of New Delhi s high society was kept in check by a faithful adherence to etiquette and protocol in everyday life For example the sixteen button glove at a formal viceregal dinner party was of great importance as a means

of maintaining the authority of the Raj But the 1930s and 1940s were a period of transition The political shifts associated with India s journey to self government echoed in the social codes of conduct adopted by the Indian elites of New Delhi and undermining the Raj s pomp became a legitimate means of challenging its authority Closely examining the role of social ritual interaction and behaviour in the shaping of the city and its elite groups *Glittering Decades* tells the story of New Delhi and its privileged inhabitants between 1931 and 1952

Olma Media Group , *Love, Rōshi* Helen J. Baroni,2012-10-11 Love Roshi explores the relationship between Robert Baker Aitken 1917 2010 American Zen teacher and author and his distant correspondents individuals drawn to Zen teachings and practice through books Aitken founder of the Honolulu Diamond Sangha promoted Zen to a wide audience in works such as *Taking the Path of Zen* and *The Mind of Clover* Aitken s twentieth century American Zen valued social justice and was compatible with work and family life Helen J Baroni makes use of Aitken s extensive correspondence preserved in an archive at the University of Hawaii to provide a window to view the beliefs and practices of the least studied and a difficult to study segment of the Western Buddhist community Buddhist sympathizers and solo practitioners The book looks at the concerns of these correspondents which included questions on meditation dealing with isolation as a Buddhist finding teachers and disillusion with teachers and being a Buddhist in prison among a myriad of other matters The writers letters reveal much about their notion of Zen and their image of a Zen master Coverage of Aitken s responses provides insight into the accommodation of solo practitioners and into the development of a particular strain of American Buddhism

Lord Gnome's Literary Companion Francis Wheen,1994 His review has got to be in by mid day tomorrow at about 9 pm his mind will grow relatively clear and until the small hours he will sit skipping expertly through one book after another and laying each one down with the comment God what tripe Then suddenly he will snap into it All the stale old phrases a book that no one should miss something memorable on every page jump into their places like iron filings obeying the magnet Thus did George Orwell writing forty years ago in *Confessions of a Book Reviewer* describe the labours of a typical literary hack Precious little has changed over the

intervening decades the servility of the satirical magazine *Private Eye* Lord Gnome's Literary Companion assembles in thematic order the best of these columns to present an astringent rude and funny survey of publishers and the published
