Blasphemy in the Christian World David Nash,2010-09-16 Tracing the subject from the Middle Ages to the present David Nash outlines the history of blasphemy as a concept from a species of heresy to modern understandings of it as a crime against the sacred and individual religious identity Investigating its appearance in speech literature popular publishing and the cinema he disinters the likely motives and agendas of blasphemers themselves as well as offering a glimpse of blasphemy s victims In particular he seeks to understand why this seemingly medieval offence has reappeared to become a distinctly modern presence in the West Like A Pelting Rain Roland Cap Ehlke,2018-04-10 When it comes to analyzing today s

culture people talk about politics economics and even morals Like a Pelting Rain The Making of the Modern Mind goes deeper and looks at the spiritual condition of Western civilization How we arrived at where we are is the long and complex interplay of theology and culture Understanding the trends of the times does not necessitate accepting them God calls upon Christians to contend for the faith The Holy Spirit is still at work and the Gospel remains the power of God for the salvation of all who believe Historical Abstracts ,1986 **The Best Books for Academic Libraries: Religion and philosophy**

,2002 *Baudelaire's Le Spleen de Paris* MariaC. Scott,2017-09-29 Maria Scott s study of the operation of irony in Baudelaire s Le Spleen de Paris contends that the principal target of the collection s spleen is its own readership Baudelaire as one of the most perceptive cultural commentators of the nineteenth century was naturally very keenly aware of the growing dominance of the bourgeoisie in France not least as a market for art and literature Despite being dependent on this market for his own writing the poet was highly critical of bourgeois values and attitudes Scott builds on existing criticism of the collection to argue that these are indirectly mocked in Le Spleen de Paris often in the person of the poet s supposed textual alter ego The contention is that the prose poems betray the trust of readers by way of an apparent transparency of meaning that functions to blind us to their embedded irony Though focused on Le Spleen de Paris Scott s study engages with the full range of Baudelaire s writings including his art and literary criticism Her book will be of interest not only to

Baudelaire scholars but also to those engaged more generally with nineteenth century French culture *Bibliographies of Studies in Victorian Literature for the Ten Years 1975-1984* Richard Clark Tobias,1991 This volume comprises publications on Victorian literature written in the period 1975 1984 The lists derive from the summer issues of the journal Victorian Studies which are devoted to bibliography of the period Also included is an index of names and subjects *Art in*
