The Adaptation Industry Simone Murray, 2012-03-12 Adaptation constitutes the driving force of contemporary culture with stories adapted across an array of media formats However adaptation studies has been concerned almost exclusively with textual analysis in particular with compare and contrast studies of individual novel and film pairings This has left almost completely unexamined crucial questions of how adaptations come to be made what are the industries with the greatest stake in making them and who the decision makers are in the adaptation process The Adaptation Industry re imagines adaptation not as an abstract process but as a material industry It presents the adaptation industry as a cultural economy of six interlocking institutions stakeholders and decision makers all engaged in the actual business of adapting texts authors agents publishers book prize committees scriptwriters and screen producers and distributors Through trading in intellectual property rights to cultural works these six nodal points in the adaptation network are tightly interlinked with success for one party potentially auguring for success in other spheres But marked rivalries between these institutional forces also exist with competition characterizing every aspect of the adaptation process This book constructs an overdue sociology of contemporary literary adaptation never losing sight of the material and institutional dimensions of this powerful process

Family Relationships in Contemporary Crime Fiction Bill Phillips, 2019-04-23 Behind every crime novel there is a family The author's the hero's or the heroine's and that of the villains themselves Some families organise themselves into crime syndicates controlling drugs prostitution and illegal gambling Others are simply dysfunctional tearing themselves apart fathers against sons mothers against daughters sisters against brothers husbands against wives Not everyone escapes alive However families do not exist in a vacuum They are an important part of our society for many one of its most essential building blocks That being said society itself can impinge disastrously on personal relationships War that greatest of crimes leaves children bereft of parents Generations of children are stolen by cynical racist administrators in supposedly civilised countries Religion requires its followers to flourish and multiply while abandoning all including family for their faith All of these issues and more are explored in this collection of essays about crime fiction and the family

Contemporizing the Classics Gregory Sarno, 2005-02 Contemporizing the Classics Poe Shakespeare Doyle is a how to on the art and craft of transforming a classic into a feature film screenplay with a modern storyline The introduction probes an issue that weaves throughout role of artistic license in balancing fidelity to the

original versus dramatic needs of the script Contemporization of a classic being the most flagrant form of dramatic license the introduction presents three guidelines for a considered exercise thereof Each part debuts a feature film script that resets a classic work s in the present Part One offers a contemporary visualization of Macbeth in the process turning an Elizabethan tragedy into a dramatic comedy Part Two applies the guidelines to several renowned works by Edgar Allan Poe Arthur Conan Doyle s The Hound of the Baskervilles having frequently screened as a period piece Part Three gives the hound a twenty first century twist

Irish English as Represented in Film Shane Walshe, 2009 This study is the first of its kind to analyse the representation of Irish English in film Using a corpus of 50 films ranging from John Ford s The Informer 1935 to Lenny Abrahamson s Garage 2007 the author examines the extent to which Irish English grammatical discourse and lexical features are present in the films and provides a qualitative analysis of the accents in these works The authenticity of the language is called into question and discussed in relation to the phenomenon of the Stage Irishman

Writing and Seeing Rui Manuel G. de Carvalho Homem, Maria de Fátima Lambert, 2006 The essays in this volume are informed by a variety of theoretical assumptions and of critical methodologies but they all share an interest in the intersections of word and image in a variety of media This unifying rationale secures the present collection s central position in the current critical context defined as it predominantly is by ways of reading that are based on a relational nexus The intertextual the intermedial the intersemiotic are indeed foregrounded and combined in these essays conceptually as much as in the critical practices favoured by the various contributions Studies of literature in its relation to pictorial genres enjoy a relative prominence in the volume but the range of media and of approaches considered is broad enough to include photography film video television comic strips animated film public art material culture The backgrounds of contributors are likewise diverse culturally academically linguistically The volume combines contributions by prominent scholars and critics with essays by younger scholars from a variety of backgrounds The resulting plurality of perspective is indeed a source of new insights into the relations between writing and seeing and it contributes to making this collection an exciting new contribution to word and image studies

Rethinking the Novel/Film Debate Kamilla Elliott, 2003-08-07 Sample Text **Adapting Stephen King** Joseph Maddrey, 2021-08-04 Stephen King s fiction has formed the basis of more motion picture adaptations than any other living author Over half a century since his earliest publications Hollywood filmmakers continue to reinvent reimagine remake and reboot King s stories with mixed results This book volume 1 in a series examines the various screen adaptations of King s first three novels Carrie Salem s Lot and The Shining Reaching further than questions of fidelity to the author and adherence to directorial visions it charts the development of each individual adaptation from first option to final cut Through old and new interviews with the writers producers and directors of these films as well as in depth analyses of produced and unproduced screenplays it illuminates the adaptation process as an intricately collaborative endeavor Rather than merely synopsise the resulting stories its goal is to compare contrast and contextualize each of these adaptations as the products of

their creators

Narrative Across Media Marie-Laure Ryan, James Ruppert, John W. Bernet, 2004-01-01 Narratology has been conceived from its earliest days as a project that transcends disciplines and media The essays gathered here address the question of how narrative migrates mutates and creates meaning as it is expressed across various media Dividing the inquiry into five areas face to face narrative still pictures moving pictures music and digital media Narrative across Media investigates how the intrinsic properties of the supporting medium shape the form of narrative and affect the narrative experience Unlike other interdisciplinary approaches to narrative studies all of which have tended to concentrate on narrative across language supported fields this unique collection provides a much needed analysis of how narrative operates when expressed through visual gestural electronic and musical means In doing so the collection redefines the act of storytelling Although the fields of media and narrative studies have been invigorated by a variety of theoretical approaches this volume seeks to avoid a dominant theoretical bias by providing instead a collection of concrete studies that inspire a direct look at texts rather than relying on a particular theory of interpretation A contribution to both narrative and media studies Narrative across Media is the first attempt to bridge the two disciplines

The Makeover in Movies Elizabeth A. Ford, Deborah C. Mitchell, 2004-04-14 The plots of many films pivot on the moment when a dowdy girl with bad hair ill fitting outdated clothing and thick glasses is changed into an almost unrecognizable glamour girl Makeover scenes such as these are examined beginning with 1942 s Now Voyager The study examines whether the film makeover is voluntary or involuntary whether it is always successful how much screen time it takes up where in the narrative structure it falls and how the scene is actually filmed Films with a Pygmalion theme such as My Fair Lady Vertigo and Shampoo are examined in terms of gender relations whether the man is content with his creation and what sort of woman is the ideal Some films publicity capitalizes on a glamorous star s choice to play an unattractive character as discussed in a chapter examining stars like Bette Davis Meryl Streep and Cameron Diaz Topics also include folk literature s Cinderella tale men as the inspiration for makeovers in teen flicks films like Clueless She s All That and Me Natalie and class repositioning in such movies as Working Girl Pretty Woman and Grease Photographs are presented in a before after format showing the change in the makeover character

Writing the Character-Centered Screenplay, Updated and Expanded edition Andrew Horton, 2000-02-23 We need good screenwriters who understand character Everywhere Andrew Horton traveled in researching this book from Hollywood to Hungary he heard the same refrain Yet most of the standard how to books on screenwriting follow the film industry s earlier lead in focusing almost exclusively on plot and formulaic structures With this book Horton a film scholar and successful screenwriter provides the definitive work on the character based screenplay Exceptionally wide ranging covering American international mainstream and off Hollywood films as well as television the book offers creative strategies and essential practical information Horton begins by placing screenwriting in the context of the storytelling tradition arguing through literary and cultural analysis that all great stories revolve around a strong central character He then suggests specific

techniques and concepts to help any writer whether new or experienced build more vivid characters and screenplays Centering his discussion around four film examples including *Thelma Louise* and *The Silence of the Lambs* and the television series *Northern Exposure* he takes the reader step by step through the screenwriting process starting with the development of multi dimensional characters and continuing through to rewrite Finally he includes a wealth of information about contests fellowships and film festivals Espousing a new character based approach to screenwriting this engaging insightful work will prove an essential guide to all of those involved in the writing and development of film scripts Royal Portraits in Hollywood Elizabeth Ford,2009-06-26 In the history of cinema many film genres have gained and lost popularity with the changing times but one has maintained its supreme reign the royal biopic In *Royal Portraits in Hollywood* Filming the Lives of Queens authors Elizabeth A Ford and Deborah C Mitchell follow the lives of historical queens as depicted on film from the 1930s to the present Women as diverse as Catherine the Great Cleopatra Mary Stuart and Marie Antoinette have been represented on the silver screen dominating the masculine world of politics while maintaining their femininity During the golden age of American film these roles gave Hollywood a means of portraying powerful women without threatening the patriarchal social order Depictions of the lives of queens have progressed from idealized and romanticized portraits to the more personal complex portrayals of modern Hollywood By walking the line between fact and fiction these royal portraits of queens reveal just as much our society as they do about the historical periods they represent Audiences are drawn to the theaters year after year because the lives of queens promise good drama and attract some of the most talented actresses The success of Hollywood s leading ladies in playing queens further solidifies the link between Hollywood royalty and authentic royalty Actresses such as Bette Davis Judy Dench Helen Mirren Elizabeth Taylor and Greta Garbo have done more than influence the way we imagine historical queens they also have changed how we perceive women in powerful positions today *Royal Portraits in Hollywood* analyzes seventy five years of films about queens as well as the lives of the actresses who starred in them Combining biographical sketches and excerpts from letters and journals Ford and Mitchell show how filmmaking and our society s perceptions of gender have changed The authors compare Hollywood s on screen portrayals to the historical records often drawing connections to the actresses careers and personal lives This comprehensive analysis provides a more complete picture of the lives that take place behind the thrones both real and fictional The spectacle of a woman dressed in the full regalia of power remains a compelling image in our society Hollywood actresses and the queens they portray are women who wield power and by examining the lives of these women the authors reveal not only society s perceptions about female power but also how those perceptions continue to evolve **The Medial Afterlives of H.P. Lovecraft** Tim Lanzendörfer,Max José Dreyse Passos de Carvalho,2023-02-09 *Medial Afterlives of H P Lovecraft* brings together essays on the theory and practice of adapting H P Lovecraft s fiction and the Lovecraftian It draws on recent adaptation theory as well as broader discourses around media affordances to give an overview over the presence of Lovecraft

in contemporary media as well as the importance of contemporary media in shaping what we take Lovecraft's legacy to be. Discussing a wide array of medial forms from film and TV to comics, podcasts and video and board games and bringing together an international group of scholars, the volume analyzes individual instances of adaptation as well as the larger concern of what it is possible to learn about adaptation from the example of H. P. Lovecraft and how we construct Lovecraft and the Lovecraftian today in adaptation. *Medial Afterlives of H. P. Lovecraft* is focused on an academic audience but it will nonetheless hold interest for all readers interested in Lovecraft today.

The Palgrave Handbook of Script Development
Stayci Taylor, Craig Batty, 2022-01-04
The Palgrave Handbook of Script Development provides the first comprehensive overview of international script development practices. Across 40 unique chapters, readers are guided through the key challenges, roles and cultures of script development from the perspectives of creators of original works, those in consultative roles and those giving broader contextual case studies. The authors take us inside the writers' room alongside the script editor, between development conversations and outside the mainstream and into the experimental. With authors spanning upwards of 15 countries and occupying an array of roles including writer, script editor, producer, script consultant, executive, teacher and scholar, this is a truly international perspective on how script development functions or otherwise across media and platforms. Comprising four parts, the handbook guides readers behind the scenes of script development, exploring unique contexts, alternative approaches, specific production cultures and global contexts, drawing on interviews, archives, policy, case study, research and the insider track. With its broad approach to a specialised practice, the Palgrave Handbook of Script Development is for anyone who practices, teaches or studies screenwriting and screen production.

British Fantasy Cinema
Carolyn Rickards, 2024-09-30
Provides a fresh perspective on British fantasy film. Combines a methodological approach of textual analysis, critical discourse and production histories to expand current knowledge and appreciation of British fantasy film. Promotes new avenues for film studies by investigating a comprehensive range of British film titles previously disputed or overlooked in existing academic scholarship. Informs a more general understanding which is focused on contemporary fantasy but contributes to a broader historical assessment of the fantastic within British cinema. In the period since 2001, cinema has witnessed a notable influx in fantasy film. Many constitute adaptations from British fantasy literature, often created and produced in the UK and showcase domestic talent both in front and behind the screen. This includes massive box office hits such as the Harry Potter series (2001–2011) through to smaller scale and independent endeavours like *Nanny McPhee* (2005), *MirrorMask* (2005) and *Franklyn* (2008). However, such films have received minimal critical attention as British fantasy films. The reasons for this absence are manifold, leaving many films contested, ignored and omitted from established canons. This book re-addresses prevailing scholarship on the fantasy genre, national film production and representation on screen, providing readers with a revised appraisal of the contemporary film landscape. It delivers a fresh perspective across a broad range of films which all embrace the fantastic within British cinema.
