Shamanism Paolo Fortis, 2013-01-02 Known for their beautiful textile art the Kuna of Panama have been scrutinized by anthropologists for decades Perhaps surprisingly this scrutiny has overlooked the magnificent Kuna craft of nuchukana wooden anthropomorphic carvings which play vital roles in curing and other Kuna rituals Drawing on long term fieldwork Paolo Fortis at last brings to light this crucial cultural facet illuminating not only Kuna aesthetics and art production but also their relation to wider social and cosmological concerns Exploring an art form that informs birth and death personhood the dream world the natural world religion gender roles and ecology Kuna Art and Shamanism provides a rich understanding of this society s visual system and the ways in which these groundbreaking ethnographic findings can enhance Amerindian scholarship overall Fortis also explores the fact that to ask what it means for the Kuna people to carve the figure of a person is to pose a riddle about the culture s complete concept of knowing Also incorporating notions of landscape islands gardens and ancient trees as well as cycles of life including the influence of illness Fortis places the statues at the center of a network of social relationships that entangle people with nonhuman entities As an activity carried out by skilled elderly men who possess embodied knowledge of lifelong transformations the carving process is one that mediates mortal worlds with those of immortal primordial spirits Kuna Art and Shamanism immerses readers in this sense of unity and opposition between soul and body internal forms and external appearances and image and design **Crafting Gender** Eli Bartra, 2003-10-01

Memories of a Future Home Lok Siu, 2007-08-06 While the history of Asian migration to Latin America is well documented we know little about the contemporary experience of diasporic Asians in this part of the world Memories of a Future Home offers an intimate look at how diasporic Chinese in Panama construct a home and create a sense of belonging as they inhabit the interstices of several cultural national formations Panama their nation of residence China Taiwan their ethnic homeland and the United States the colonial force Juxtaposing the concepts of diaspora and citizenship this book offers an innovative framework to help us understand how diasporic subjects engage the politics of cultural and political belonging in a transnational context It does so by examining the interaction between continually shifting geopolitical dynamics as well as the maneuvers undertaken by diasporic people to negotiate and transform those conditions In essence this book explores the contingent citizenship experienced by diasporic Chinese and their efforts to imagine and construct home in diaspora

Troubling Tricksters Deanna Reder, Linda M. Morra, 2010-02-10 Troubling Tricksters is a collection of theoretical essays creative pieces and critical ruminations that provides a re-visioning of trickster criticism in light of recent backlash against it The complaints of some Indigenous writers the critique from Indigenous nationalist critics and the changing of academic fashion have resulted in few new studies on the trickster For example The Cambridge Companion to Native American Literature 2005 includes only a brief mention of the trickster with skeptical

commentary And in 2007 Anishinaabe scholar Niigonwedon Sinclair a contributor to this volume called for a moratorium on studies of the trickster irrelevant to the specific experiences and interests of Indigenous nations One of the objectives of this anthology is then to encourage scholarship that is mindful of the critic s responsibility to communities and to focus discussions on incarnations of tricksters in their particular national contexts The contribution of Troubling Tricksters therefore is twofold to offer a timely counterbalance to this growing critical lacuna and to propose new approaches to trickster studies approaches that have been clearly influenced by the nationalists call for cultural and historical specificity

Humanities Projects in Museums and Historical Organizations,1999 **Humanities** ,1999 **Maya Figurines** Christina T. Halperin,2014-05-01 Rather than view the contours of Late Classic Maya social life solely from towering temple pyramids or elite sculptural forms this book considers a suite of small anthropomorphic zoomorphic and supernatural figurative remains excavated from household refuse deposits Maya Figurines examines these often neglected objects and uses them to draw out relationships between the Maya state and its subjects These figurines provide a unique perspective for understanding Maya social and political relations Christina T Halperin argues that state politics work on the microscale of everyday routines localized rituals and small scale representations Her comprehensive study brings together archeology anthropology and art history with theories of material culture performance political economy ritual humor and mimesis to make a fascinating case for the role politics plays in daily life What she finds is that by comparing small scale figurines with state sponsored often large scale iconography and elite material culture one can understand how different social realms relate to and represent one another In Maya Figurines Halperin compares objects from diverse households archeological sites and regions focusing especially on figurines from Pet n Guatemala and comparing them to material culture from Belize the northern highlands of Guatemala the Usumacinta River the Campeche coastal area and Mesoamerican sites outside the Maya zone Ultimately she argues ordinary objects are not simply passive backdrops for important social and political phenomena Instead they function as significant mechanisms through which power and social life are intertwined
