Fabergé and the Russian Crafts Tradition Margaret Trombly, 2017-11-14 A beautifully illustrated book on Russian decorative arts published to coincide with an exhibition at the Walters Art Museum This book gives a fascinating overview of Russian decorative art revealing a highly accomplished crafts tradition that persisted over nine centuries It includes works by Peter Carl Faberg and his workshop jeweled Byzantine icons silver drinking vessels and intricate enamels Featured are two extraordinary Faberg eggs that were once in the Russian Imperial collection including one that opens up to reveal a miniature gold replica of the Gatchina Palace near St Petersburg The decorative arts had flourished in Russia under the patronage of the tsars and their court whose apparently limitless resources supported the production of some of the most technically sophisticated works of art ever made With the onset of the Russian Revolution a few individuals helped bring many of these objects to Europe and then into major private and public collections in the United States including that of the Walters Art Museum On the 100th anniversary of the revolution this book tells the stories of their initial dispersal and of the collectors and dealers through whose hands they passed Full catalog entries for each object are included

Faberge Revealed Geza Von Habsburg, 2011-07-06 The exquisite objects created by goldsmith and jeweler Peter Carl Faberg and his studio in the late 19th and early 20th centuries for the aristocracy and nobility of imperial Russia are considered to be some of the most refined examples of the jeweler s art of any age Of greatest fascination are the extraordinary Easter eggs created as special commissions for the Russian imperial family and other notable patrons works that remain unparalleled in their ingenuity of construction and sheer beauty Accompanying a major exhibition Faberge

Revealed represents a landmark for the Virginia Museum of Fine Arts and for Fabergé scholarship. The essays by G. Za von Habsburg and other scholars present new findings on Fabergé, his workshops and the creation of these extraordinary objects. For the first time all items by or attributed to Fabergé in VMFA's collection are documented along with the museum's significant holdings of other Russian decorative arts. Also included is a section on forgeries that bravely confronts this vexing question. Every object has been splendidly re-photographed for this book and the detailed photography alone should provide inestimable value for future Fabergé scholarship. Richly illustrated with some 600 photographs, the volume documents an important collection bequeathed in 1947 to the Virginia Museum of Fine Arts by Lillian Thomas Pratt of Fredericksburg, Va., the wife of General Motors executive John Lee Pratt. Her collection assembled between 1933 and 1946 comprised several hundred creations by the Fabergé workshops and by other Russian imperial jewelers. These exquisite, marvelously crafted objects range from the majestic jeweled imperial eggs to delicate jeweled flowers in vases to diamond encrusted icons and tiaras to animal figures nimbly carved from precious stone.
