Art Of Speech:

The Art of Speech and Deportment Anna Morgan, 1909 The Art of Public Speaking Stephen Lucas, 1989 **The Art of Speech ...** Luther Tracy Townsend, 1885 **The Art of Elocution** George Vandenhoff, 1846 **Art of Speech** Luther Tracy Townsend, 1885 *The Art of Speech* Langman, Dawn, 2014-10-06

The Art of Speech offers to the English language a systematic in depth and thoroughly readable exploration of Rudolf Steiner's original exercises. Langman's contribution developed over decades of research, performance and teaching is filled with relevance for today's speech artists. The powerful spiritual inspirations that stand behind the spoken word are infused throughout giving this book its wings. Dr Diane Caracciolo, Associate Professor of Educational Theatre, Adelphi University. Langman's seminal work leads the artist through a portal to an experience of the heart and the genius of speech as the activity of divine creative beings. Dr Jane Gilmer, Assistant Professor of Drama, VPA National Institute of Education, Singapore. A prodigious work, intriguing, enlightening and passionate and the co-ordination with Chekhov invaluable. Those fortunate enough to see Dawn's solo performances of King Lear and Kaspar Hauser know that this book is the fruit of living and loving experience. Sophia Walsh, pioneer teacher and artist of Speech Formation in the English language, Dornach, Switzerland. The Art of Speech presents a dynamic path of practice leading to an experience of the Word as a living healing and creative power. Helping to deliver Western intellectual speech from what Artaud described as shrivelled throats and monstrous talking abstractions, Langman brings to life the spiritual realities out of which a true Art of Speech arises. Inspired by Rudolf Steiner and pioneered initially in the German language by Marie Steiner, this artform is illuminated here through the genius of the English language. Langman builds a bridge between mainstream research into the intrinsic nature of Speech and the levels of spiritual cognition that led to Rudolf Steiner's insights. Speech and language can no longer be reduced to an arbitrary collection of abstract symbols, she asserts. This book will inspire those working with these disciplines as practitioners both artistic and therapeutic as well as those who wish to understand their significance in human evolution both past and future. Following her first book *The Art of Acting*, this volume completes a foundation of understanding for an exploration in the conclusion of Langman's trilogy of an integrated art of speech and acting. Grounded in the spiritual reality of the human being, Langman presents a systematic methodology with which to explore Rudolf Steiner's Speech and Drama Course.

Art of Speech Luther Tracy Townsend, 2019 **The Art of Speech** Luther Tracy Townsend, 2015-06-02

Excerpt from *The Art of Speech* Vol 2: The author desires to express gratitude for the commendations bestowed by the public upon Volume I. Nor is he less thankful for adverse criticisms, the most of which doubtless are just. If errors are discovered in this book, he would regard it a favor to have them pointed out that corrections may be made. The author has felt that clergymen more than those of other professions will study this treatise; hence the same method as in Volume I has been adopted, that of drawing the illustrations largely from the Bible and sermonic literature. The field remaining to be discussed under *The Art of Speech* includes *Studies in Elocution and Psychology*. A

volume covering these subjects uniform with I and II will in due time be prepared for the Chautauqua Course by some writer not yet determined upon About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
