

The background of the cover is a medieval manuscript illumination. It features a central figure, likely a saint or angel, seated and holding a book. To the left, a crowned figure, possibly a queen or a high-ranking noble, is seated and gesturing with her hands. To the right, another figure, possibly a saint or a scholar, is seated and holding a book. The entire scene is set against a background of a gold and blue checkered pattern. The figures are dressed in rich, colorful robes. The overall style is characteristic of medieval manuscript art, with detailed line work and a rich color palette.

Material Culture and Queenship in 14th-century France Marguerite Keane, 2016-05-18 In *Material Culture and Queenship in 14th century France* The Testament of Blanche of Navarre 1331 1398 Marguerite Keane considers the object collection of the long lived fourteenth century French queen Blanche of Navarre the wife of Philip VI d 1350 This queen s ownership of works of art books jewelry reliquaries and textiles among others and her perceptions of these objects is well documented because she wrote detailed testaments in 1396 and 1398 in which she described her possessions and who she wished to receive them Keane connects the patronage of Blanche of Navarre to her interest in her status and reputation as a dowager queen as well as bringing to life the material adornment and devotional interests of a medieval queen and her household **The Court of Richard II and Bohemian Culture** Alfred Thomas, 2020 First detailed exploration of the role played by Bohemian tradition and customs on the court of Richard II *French Books of Hours* Virginia

writers and the prominence of royal and noble women as patrons and consumers of their work It also highlights the numerous representations of Catherine in contemporary art Meanwhile elucidatory notes to the translation illuminate its most important features **Art, Identity and Devotion in Fourteenth-century England** Kathryn Ann Smith,2003-01-01 Examines the De Lisle hours of Margaret de Beauchamp the De Bois hours Dubois hours of Hawisia de Bois and the Neville of Hornby hours of Isabel de Byron *Putting Art (Back) in Its Place* John E. the painting reflected those of the viewer so as to impart to the painted image the conviction of reality derived from sensory experience The book makes a distinction between the theological and the cult image in order to isolate those aspects of Marian devotion which the Church embraced as doctrinally important Preface p xii

Thomas Merton's Art of Denial David D. Cooper, 2008-12-01 Trappist monk and best selling author Thomas Merton battled constantly within himself as he attempted to reconcile two seemingly incompatible roles in life As a devout Catholic he took vows of silence and stability longing for the security and closure of the monastic life But as a writer he felt compelled to seek friendships in literary circles and success in the secular world In Thomas Merton's *Art of Denial* David D Cooper traces Merton's attempts to reach an accommodation with himself to find a way in which the silence of the monk could live compatibly with the racket of the writer From the roots of this painful division in the unsettled early years of Merton's life to the turmoil of his directionless early adult years in which he first attempted to write he was besieged with self doubts Turning to life in a monastery in Kentucky in 1941 Merton believed he would find the solitude and peace lacking in the quotidian world But as Merton once wrote An author in a Trappist monastery is like a duck in a chicken coop And he would give anything in the world to be a chicken instead of a duck Merton felt compelled to choose between life as either a less than perfect priest or a less prolific writer Discovering in his middle years that the ideal monastic life he had envisioned was an impossibility Merton turned his energies to abolishing war It was in this pursuit that he finally succeeded in fusing the two sides of his life converting his frustrated idealism into a radical humanism placed in the service of world peace Here is a portrait of a man torn between the influence of the twentieth century and the serenity of the religious ideal a man who used his own personal crises to guide his youthful ideals to a higher purpose

Late Anglo-Saxon Prayer in Practice Kate H. Thomas, 2020-01-20 This monograph examines Anglo Saxon prayer outside of the communal liturgy With a particular emphasis on its practical aspects it considers how small groups of prayers were elaborated into complex programs for personal devotion resulting in the forerunners of the Special Offices With examples being taken chiefly from major eleventh century collections of prayers liturgy and medical remedies the methodologies of Anglo Saxon compilers are examined followed by five chapters on specialist kinds of prayer to the Trinity and saints for liturgical feasts and the canonical hours to the Holy Cross for protection and healing and confessions Analyzing prayer in a wide range of different situations this book argues that Anglo Saxon manuscripts may have included far more private offices than have so far been recognized if we see
