Introduction to International Law Marek St. Korowicz, 2013-06-29 This book in its entirety as well as in each of its parts is an outline of the problems under discussion The subject matter of some eighty sections of the book is extensive it could indeed be presented by experts in as many volumes This study offers an attempt to formulate a synthesis however difficult of the vast amount of available material Unlike the well known standard Introductions to International Law which

deal with all the major fields of international law this book treats exclusively the present conceptions of that law as expressed in legal literature international treaties and other agreements inter national judgements and awards governmental and diplomatic state ments and the like Special attention is devoted in several chapters of the book to the teachings of the most highly qualified publicists of the various nations which are considered by Article 38 paragraph 1 d of the Statute of the International Court of Justice as subsidiary means for the determination of rules of law An endeavor is made to ascertain whether in certain fields of the theory of international law a *Communis opinio doctorum* has either been reached or is in the process of achievement Some readers may consider that there are too many quotations from writings of publicists others will certainly feel as does this writer that too many outstanding international lawyers have not been included

Measuring International Authority Liesbet Hooghe, 2017 This is the third of five ambitious volumes theorizing the structure of governance above and below the central state This book is written for those interested in the character causes and consequences of governance within the state This book sets out a measure of authority for seventy six international organizations IOs from 1950 or the time of their establishment to 2010 which can allow researchers to test expectations about the character sources and consequences of international governance The international organizations considered are regional e g the EU Andean Community NAFTA cross regional e g Commonwealth of Nations the Organization of Islamic Cooperation and global e g the UN World Bank WTO Firstly the book introduces carefully constructed estimates for the scope and depth of authority exercised by international governments The estimates are unique in their comparative scope their specificity and time span Secondly it describes describe broad trends in IO authority by comparing delegation and pooling over time across IOs and across decision areas Thirdly it presents the evidence gathered by the authors to estimate international authority by carefully discussing forty seven international organizations and showing how their bodies are composed what decisions each body makes and how they make decisions Transformations in Governance is a major new academic book series from Oxford University Press It is designed to accommodate the impressive growth of research in comparative politics international relations public policy federalism environmental and urban studies concerned with the dispersion of authority from central states up to supranational institutions down to subnational governments and side ways to public private networks It brings together work that significantly advances our understanding of the organization causes and consequences of multilevel and complex governance The series is selective containing annually a small number of books of exceptionally high quality by leading and emerging scholars The series targets mainly single authored or co authored work but it is pluralistic in terms of disciplinary specialization research design method and geographical scope Case studies as well as comparative studies historical as well as contemporary studies and studies with a national regional or international focus are all central to its aims Authors use qualitative quantitative formal modeling or mixed methods A trade mark of the books is that they combine scholarly rigour with readable prose and an attractive production style The series is edited by Liesbet
