The Mystic Ark Conrad Rudolph, 2014-06-09 In this book Conrad Rudolph studies and reconstructs Hugh of St Victor s forty two page written work *The Mystic Ark* which describes the medieval painting of the same name In medieval written sources works of art are not often referred to let alone described in any detail Almost completely ignored by art historians because of the immense difficulty of its text Hugh of Saint Victor s *Mystic Ark* c 1125 1130 is among the most unusual sources we have for an understanding of medieval artistic culture Depicting all time all space all matter all human history

and all spiritual striving this highly polemical painting deals with a series of cultural issues crucial in the education of society's elite during one of the great periods of intellectual change in Western history *Michelangelo's Design Principles, Particularly in Relation to Those of Raphael* Erwin Panofsky, 2020-06-23 Abstract The discovery of the actual manuscript was featured on the front pages of the major German newspapers and reported throughout the world It consists of 334 pages typewritten with extensive handwritten amendments notes and edits According to Gerda Panofsky her husband had continued to expand and edit the manuscript until 1922 and was preparing it for publication when he had to leave it behind In this study Panofsky provides a detailed analysis of Michelangelo's artistic style comparing Michelangelo directly with Raphael and then later taking a larger historical view This text offers important new information about the evolution of Panofsky's scholarship as well as on the state of research on Michelangelo and the High Renaissance during a period of transition for the discipline in which formal readings of artworks began to take precedence over artists' biographies Work Values, 2020-10-12 This book is an important contribution to the Values literature on the meanings of work These essays explore the philosophical ethical religious and social foundations that underscore so much of the current thinking and concern about work satisfaction and the place of work in the search of meaning Various points of view are presented and these include among others historical perspectives empirical studies and cross cultural explorations The result is a compelling and critical volume which challenges many basic cultural and empirical assumptions and raises many questions about values and value based decisions **Yarnall Library of Theology of St. Clement's Church, Philadelphia** Philadelphia. Grief Cynthia Mills, 2014-09-23 Beyond Grief explores high style funerary sculptures and their functions during the turn of the twentieth century Many scholars have overlooked these monuments viewing them as mere oddities a part of an individual artist's oeuvre a detail of a patron's biography or local civic cemetery history This volume considers them in terms of their wider context and shifting use as objects of consolation power and multisensory mystery and wonder Art historian Cynthia Mills traces the stories of four families who memorialized their losses through sculpture Henry Brooks Adams commissioned perhaps the most famous American cemetery monument of all the Adams Memorial in Washington D C The bronze figure was designed by Augustus Saint Gaudens who became the nation's foremost sculptor Another innovative bronze monument featured the Milmore brothers who had worked together as sculptors in the Boston area Artist Frank Duveneck composed a recumbent portrait of his wife following her early death in Paris in Rome the aging William Wetmore Story made an angel of grief his last work as a symbol of his sheer desolation after his wife's death Through these incredible monuments Mills explores questions like Why did new forms many of them now produced in bronze rather than stone and placed in architectural settings arise just at this time and how did they mesh or clash with the sensibilities of their era Why was there a gap between the intention of these elite patrons and artists whose lives were often intertwined in a closed circle and the way some public audiences received them through the filter of the mass media Beyond Grief traces the monuments creation influence and reception in the hope that they will help us to understand the larger story how survivors used cemetery memorials as a vehicle to mourn and remember and how their meaning changed over time *Escrits d'arquitectura, art i política* Josep Puig i Cadafalch, Xavier Barral i Altet, 2003 **Subject Index of the Modern Works Added to the British Museum Library** British Museum.
