Museum of Art,1991 *Enchanted Lives, Enchanted Objects* Dianne Sachko Macleod,2008 This insightful and beautifully illustrated book offers the first feminist analysis of the phenomenon of women art collectors in America Dianne Sachko Macleod brings a surprising paradox to light showing that collecting which provided wealthy women with a private sense of solace also liberated them to venture into the public sphere and make a lasting contribution to the emerging American culture Beginning in the antebellum period continuing through the Gilded Age and reaching well into the twentieth century Macleod shows how elite women enlisted the objets d art and avant garde paintings in their collections in causes ranging from the founding of modern museums to the campaign for women s suffrage **Authenticity in Architectural Heritage Conservation** Katharina Weiler,Niels Gutschow,2016-07-01 The book contributes to a recontextualization of authenticity by investigating how this value is created reenacted and assigned Over the course of the last century authenticity figured as the major parameter for the evaluation of cultural heritage It was adopted in local and international charters and guidelines on architectural conservation in Europe South and East Asia Throughout this period the
