Artaud Fontana Modern Masters:

The Early Modern Theatre of Cruelty and its Doubles Amanda Di Ponio, 2018-08-21 This book examines the influence of the early modern period on Antonin Artaud's seminal work *The Theatre and Its Double* arguing that Elizabethan and Jacobean drama and their early modern context are an integral part of the Theatre of Cruelty and essential to its very understanding. The chapters draw links between the early modern theatrical obsession with plague and regeneration and how it is mirrored in Artaud's concept of cruelty in the theatre. As a discussion of the influence of Shakespeare and his contemporaries on Artaud and the reciprocal influence of Artaud on contemporary interpretations of early modern drama this book is an original addition to both the fields of early modern theatre studies and modern drama. *Mnemodrama in Action* John C Green, 2019-03-05 This book provides an introductory guide to the experiments in actor training conducted by the Italian theatre maker Alessandro Fersen in his studio laboratory in Rome between 1957 and 1983. This work resulted in the creation of Mnemodrama, a drama of memory. The technique was designed by Fersen to provide actors with a psychic training. By entering a state of trance they were able to access previously hidden dimensions of their personas using techniques inspired by ancient ritual practices. In the process of creating Mnemodrama Fersen collaborated with practitioners in the fields of anthropology, ethnology and psychology. The inclusion of a selection of his theatre writings reveals the scope and diversity of Fersen's thinking and argues for this previously little known artist to be considered one of the pioneers of mid 20th century experimental theatre practice. Through tracing one artist's journey this book provides new insights into the relationship between theatre and ritual. *Artaud and After* Ronald Hayman, 1977 [The absurd in literature](#) Neil Cornwell, 2013-07-19 Neil Cornwell's study while endeavouring to present an historical survey of absurdist literature and its forbears does not aspire to being an exhaustive history of absurdism. Rather it pauses on certain historical moments, artistic movements, literary figures and selected works before moving on to discuss four key writers: Daniil Kharms, Franz Kafka, Samuel Beckett and Flann O'Brien. The absurd in literature will be of compelling interest to a considerable range of students of comparative European, including Russian and Central European, and English literatures, British Isles and American, as well as those more concerned with theatre studies, the avant garde and the history of ideas, including humour theory. It should also have a wide appeal to the enthusiastic general reader. *Obliques*, 1976 **Surrealism and the Exotic** Louise Tythacott, 2003-09-02 Surrealism and the Exotic is the story of the obsessive relationship between surrealist and non-western culture. Describing the travels across Africa, Oceania, Mexico and the Caribbean made by wealthy aesthetes, it combines an insight into the mentality of early twentieth-century collectors with an overview of the artistic heritage at stake in these adventures. Featuring more than 70 photographs of artefacts, exhibitions and expeditions in progress, it brings to life the climate of hedonism enjoyed by Breton, Ernst, Durkheim and Mauss. It is an unparalleled introduction to the Surrealist movement and to French thought and culture in the 1920s and 1930s. [Tragedy](#) Adrian Poole, 2005-08-11 What do we

mean by tragedy in present day usage When we turn on the news does a report of the latest atrocity have any connection with the masterpieces of Sophocles Shakespeare and Racine What has tragedy been made to mean by dramatists story tellers critics philosophers politicians and journalists over the last two and a half millennia Why do we still read re write and stage these old plays This book argues for the continuities between then and now Addressing questions about belief blame mourning revenge pain witnessing timing and ending Adrian Poole demonstrates the age old significance of our attempts to make sense of terrible suffering ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

Not Saussure Raymond Tallis, 2016-07-27 This work subjects the fundamental ideas of Derrida Lacan Barthes and their followers to an examination and demonstrates the baselessness of post Saussurean claims about the relations between language reality and self

The Durham University Journal University of Durham, 1980

In Defence of Realism Raymond Tallis, 1998-01-01 In Defence of Realism is a powerful indictment of the fog of bad philosophy and worse linguistics that has shrouded much contemporary literary theory and criticism Raymond Tallis one of the most important critics of post Saussurean literary theory in the English speaking world examines the reasons often cited by critics and theorists for believing that realism in fiction is impossible and verisimilitude a mere literary effect He clearly demonstrates not only that the arguments of critics hostile to realism are invalid but that even if they were sound they would apply equally to anti realist fiction indeed to all intelligible discourse

Love in Contemporary British Drama Korbinian Stöckl, 2021-01-18 Despite the recent turn to affects and emotions in the humanities and despite the unceasing popularity of romantic and erotic love as a motif in fictional works of all genres the subject has received surprisingly little attention in academic studies of contemporary drama Love in Contemporary British Drama reflects the appeal of love as a topic and driving force in dramatic works with in depth analyses of eight pivotal plays from the past three decades Following an interdisciplinary and historical approach the study collects and condenses theories of love from philosophy and sociology to derive persisting discourses and to examine their reoccurrence and transformation in contemporary plays Special emphasis is put on narratives of love s compensatory function and precariousness and on how modifications of these narratives epitomise the peculiarities of emotional life in the social and cultural context of the present Based on the assumption that drama is especially inclined to draw on shared narratives for representations of love the book demonstrates that love is both a window to remnants of the past in the present and a proper subject matter for drama in times in which the suitability of the dramatic form has been questioned

Calcutt,2016-10-06 Since the 1990s both politics and pop culture have been dominated by the twin motifs of the victim and the child Calcutt traces the history of these motifs back to their origins in the counterculture of the 1950s and 1960s and concludes that the counterculture far from being liberating has provided a ready made verbal and visual language for today s victim culture and the authoritarian politics arising from it This title discusses the erosion of adulthood as a pop cultural phenomenon that requires demystification and as a social problem which must be overcome Library of Congress Catalogs
