*Theological Context for Pastoral Caregiving* Howard W. Stone, 1996 In *Theological Context for Pastoral Caregiving* Howard W Stone helps his fellow pastors and worship leaders provide effective and faithful pastoral care and counseling through the study of the correlation between pastoral care and theology You will learn that in order for pastoral care to be effective it must have a theological base to shape the caregiving experience At the same time theology must be informed by the needs and experiences of the people being served and by the ministry of pastoral care By relating these two issues you gain a unique viewpoint not offered by books with simply a psychological focus The author draws from his day to day clinical practice of pastoral care and counseling to show how pastoral care and theology can be brought together Through Howard Stone s work the reader learns of an overview of pastoral care and counseling today how to provide a pastoral assessment of the persons served the author s theological understanding of the ministry of pastoral care and counseling methods for correlating theology and pastoral care how spiritual direction as a discipline can help pastoral care and counseling ministry regain a solid theological base theological themes that might be more explicitly and intentionally related to pastoral care *Theological Context for Pastoral Caregiving* provides useful information for parish pastors people in training to be parish pastors and specialists in the field of pastoral care counseling As one of the easiest to read books on this subject it can also
