Basic Skills for Academic Reading James W. Ramsay, Ramsay Academi, 1986-01-01 **Instructor's Manual Basic Skills for Academic Reading** James W. Ramsay, 1986 **Basic Skills Education in Community Colleges** W Norton Grubb, 2013-01-04 Nearly two thirds of students require some form of remediation before taking college level classes and community colleges have become increasingly important in providing this education Unfortunately relatively few students complete the developmental courses required to make a transition to college level work Based on a three year study of over twenty community colleges *Basic Skills Education in Community Colleges* analyzes developmental education practices exploring what goes wrong and what goes right and provides a series of recommendations for improved practice Including both classroom observations and interviews with administrators faculty and students this valuable book balances critique with examples of innovation Part One explores the instructional settings of basic skills the use of drill and practice and remedial pedagogy in math reading writing and ESL as well as innovations in colleges that show developmental education need not follow remedial pedagogy Part Two examines institutional factors shaping basic skills and provides recommendations for improving the quality of basic skills instruction The research grounded observations and recommendations in *Basic Skills Education in Community Colleges* make this an invaluable resource for scholars administrators and faculty aiming to help students progress through developmental education to college level work and beyond *Resources in Education* ,1996 *Teaching and Learning English in East Asian Universities* Lan Li, David D. Qian, 2014-10-02 The 25 chapters contained in this book were all written by scholars working in the field of applied linguistics and English language teaching in various East Asian contexts East Asia is large and diverse in terms of socio economic linguistic and ethnic parameters Statistics alone cannot give a clear understanding of what goes on in rural and urban universities and what challenges English language teachers and learners face in those contexts To understand this wide gamut of issues in English language teaching in East Asia is thus a very large undertaking The book addresses some of these issues arranging its 25 chapters into five sections namely Assessing Language Performance Teaching English Writing Learner Autonomy Corpus and Discourse Research and Learning English in East Asian Contexts Many of the chapters in this volume concern familiar topics such as linking assessment to teaching learning and curriculum conducting assessment validation research examining meta cognitive strategies investigating teaching and learning English for academic purposes and profiling prevailing word lists for language learners Other chapters are on novel or lesser known topics such as non verbal delivery in speaking assessment the use of visualization as a reading strategy learner strategies in a Facebook corpus effects of discourse signaling cues and rate of speech and an ontogenetic analysis of college English textbooks Collectively these chapters showcase English language learning teaching and assessing in a range of contexts using a variety of methods and techniques to deal with issues relevant to East Asian teachers learners and researchers *Psychiatry, 2 Volume Set*
