Resources in Vocational Education,1980 **Master Ou's Surrogate Ex-wife** Blue Mountain Mist, This is book 7 of Master Ou s Surrogate Ex wife When she married five years ago she knew her husband had an old lover Tilting her chin he said to her You re just a surrogate Don t think of anything else except money She thought that as long she tried her best to please him he would eventually be touched and fall in love with her However she came to realize later that a man would not fall in love with someone just because they were touched by a woman s actions After five years of marriage her husband s first love has returned and their marriage is on the verge of divorce He even has even asked her to get rid of her baby

The Ex-wife John Lang,1859 **The Young Entrepreneur's Edge** Jennifer Kushell,1999 It seems like these days whenever you look at a newsstand at least one major business magazine has a cover story about a wildly successful entrepreneur in his or her 20s or 30s That s not surprising when one considers that one out of every five small business owners in America is under 35 and that more young people are starting businesses than ever before Right now in college dorm rooms and their parents garages the next generation of Sam Waltons Bill Gateses and Michael Dells are hard at work If you are ever going to take risks in exploring your career options this is the absolute best time to do it says 26 year old entrepreneurial expert Jennifer Kushell Why wait until you have a semi stable corporate job and major financial obligations to discover that you hate your career and need to make a big change Kushell is the ideal mentor for young people thinking about taking the plunge Her very successful Young Entrepreneurs Network educates teens and twentysomethings in 40 countries about forming their own companies A born entrepreneur her father and aunt are leading experts on franchising and trademark licensing respectively Kushell presided over her own company s growth while attending college full time Her

book draws on her invaluable hands on experience It s not so much a how to start a business book as it is a how to cope with life while starting and succeeding in your own business book the author says All I can say is that this is the real deal the real story With wit candor and exuberance for her subject Kushell gives practical and personal insight from a young entrepreneur s point of view to help new business owners get through their first few years The book also teaches you tricks of the trade that you can rely on to compete successfully in a business world with people twice your age and companies God knows how many times as big she adds The Young Entrepreneur s Edge addresses key topics such as trying to obtain capital and writing a business plan which the author says are among the biggest obstacles for young entrepreneurs But the book also tackles critical areas that other business books rarely address how to get older people to take you seriously how not to starve when you re broke how to win your family s approval how to get out and meet important people how not to get carded when entertaining clients and other unique situations faced by young business people Praise for The Young Entrepreneur s Edge Fresh college graduates frustrated by the job search should pick up a copy of this book Los Angeles Times Can help both job seekers and job holders rethink their idea of gainful employment Mademoiselle Entertaining fast reading and immensely sensible Kushell is a human dynamo Sacramento Bee Every young entrepreneur needs good ideas and this book is full of them Fred Deluca founder and president of Subway R Restaurants It is a must read for my students Kathleen R Allen Ph D The Entrepreneur Program University of Southern California

Deus Ex Machina Sapiens David Ellis, 2011 Watson s win on Jeopardy came as no surprise to those who had read Deus ex Machina sapiens It was written largely during the 1990s around the time that another IBM supercomputer Deep Blue was trouncing world chess grandmaster Garry Kasparov The book has since been updated on a few points of detail but its primary message remains intact the Machine is rapidly evolving as Man s rival if not replacement for the job of Steward of the Earth Building upon the work of some of the world s greatest scientists philosophers and religious thinkers and drawing particularly from developments in the computing and cognitive sciences particularly the field of artificial intelligence or AI the book reveals the evolutionary emergence of a machine that is not just intelligent but also self conscious emotional and free willed In the 1980s and 90s you used to hear grandiose claims about AI Machines would soon surpass humans in intelligence it was claimed by some The Japanese government spent a billion dollars on one project to make it happen Well it didn t happen but that didn t stop the development of intelligence in machines AI research simply went underground and has ever since been quietly incorporated into the ordinary programs we use every day without fanfare without hype There is still no machine that rivals Homo sapiens in overall intelligence but today there are machines that far exceed human intellectual capacity in specific domains from games to engineering to art and the number of domains is growing exponentially big and exponentially fast The disappearance of AI from front stage was good insofar as it allowed machines to develop in the right way that is through an evolutionary process which is the only way for something of such complexity to develop But it was bad insofar as we lost sight of the development of the intelligent

machine Deus brings Machina sapiens back to front stage where it belongs After describing the evolutionary development of intelligence in machines it goes on to describe the emotional intellectual and ethical attributes of what is no less than an emergent new life form It asks the Big Question that can only be asked if you accept the very possibility of the new life form Will it be serpent or savior The question is answered in the book s title which is intended to mean God Emerging From the Intelligent Machine The author confesses to having never studied Latin and to have concocted the title from two known Latin phrases Deus ex Machina and Homo sapiens The concoction could be grammatically incorrect The author would be pleased to be corrected
