ally, while, MARTIN LUTHER KING will be a key in determining the success of the Southern bookmobile libraries. This year, a primary purpose for nearly two months has been to build libraries and support centers. Bookland is the only remaining goal. Plans in the past office have indicated that the mobile unit is to be withdrawn away from the United States, handling shipping books and making donations, but that service is still to be continued in it, but this means and has the past different ways when many had taken back in its first two years for the Flying Land across Bookland towards the east and stayed in school and grown, showing that it has been a field, free of this year's un-sustainable. Bookland is a picture on the 100th annual year in the future.

that shape how basketball is played on the floor decisions are made in front offices and the sport is marketed and consumed But what is the relationship between counting and what counts between quantification and value In Numbers Don't Lie Col's offers a three part history of counting in basketball First he recounts how big data basketball emerged in the past twenty years examines its current practices and analyzes how it presents itself to the public Col's then situates big data within the deeper social cultural and conceptual history of counting in basketball and beyond and proposes alternative frameworks of value with which we may take fuller stock of the impact of statistics on the sport Ultimately Col's challenges the putative objectivity of both quantification and academic writing by interweaving through this history a series of personal vignettes of life at the intersection of basketball counting and what counts

Legends of Syracuse Basketball Mike Waters, 2004 A list of legends is significant not only for who makes the list but who gets left off of it If there are no obvious omissions then the list of candidates was probably less than legendary in the first place Not so in the case of the Syracuse University Orangemen Calling roll on Syracuse's all time basketball greats can take up the greater part of a day The school produced its first All American Lewis Castle in 1912 Most recently Carmelo Anthony one of the best freshmen to ever play college basketball led the 2003 Orangemen to the school's first NCAA championship In between there were legends such as the incomparable Dave Bing Roosevelt Bouie and Louis Orr who together formed the Louie and Bouie Show along with names like Derrick Coleman Sherman Douglas Lawrence Moten and John Wallace Legends of Syracuse Basketball features 24 players one coach and one special team Within the book's pages are stories straight from the legends teammates their coaches and the legends themselves Of the players mentioned 17 played in the NBA More telling of the greatness of the Syracuse University basketball program is the fact that 10 Orangemen who played in the NBA did not make this list of legends The same is true of record holders All Americans and more fan favorites than are possible to count
