take a highly successful series of ribbed basket classes that Anne has taught since 1998 and translate that proven knowledge into book form This is not just another basket book the goal of this book is to take a body of knowledge that Anne has acquired through 40 years of basketmaking and teaching and make it accessible to a broader audience This kind of basket construction is native to Anne s Appalachian roots and because of that she wants to see this kind of work continue to grow and expand for future generations of weavers About the Author Anne Bowers is a full time artisan craftswoman Almost all that she knows today is self taught Anne has been a recipient of the Award of Excellence given by then Governor Cecil Underwood 1997 Her work has been purchased by Tamarack The Best of West Virginia Beckley WV and also used in exhibits there Anne s baskets have been shown at many juried art and craft shows most notably the Waterford Crafts Exhibit 1992 2002 the Mountain Heritage Arts and Crafts Show in Charles Town WV 1989 2001 the National Craft Show in Gaithersburg MD 1989 1993 and the National Audubon Society Holiday Fair in Chevy Chase MD 1995 1997 Her baskets have been shown in several solo exhibits as well as The Best of West Virginia exhibit at Tamarack 2009 the National Basketry Organization s exhibits Beyond Basketry 2008 and Basketry Today A New World of Methods and Materials 2002 at the New Hampshire Institute of Art Anne has also won Viewer s Choice and Professional prizes several years in various categories from the North Carolina Basketry Association the Missouri Basketry Guild and the Heritage Craft Center Martinsburg WV In the first 20 years of Anne s career she made and sold baskets of all kinds at various high end craft shows and at her studio in the Eastern Panhandle of West Virginia Slowly she transitioned from making baskets into teaching basketry which she still enjoys Teaching has become Anne s life s work and she conducts classes all over the United States at various established conventions and conferences in WV VA MD NC SC FL VT NH MO MI KY TN CT WI NY IN CA WA and OH and in her studio and even on occasion cruise ships All of these events have limited focus on ribbed basketry as very few teachers know and teach these techniques One of Anne s most honored privileges has been to be a 33 year member of the Over the Mountain Studio Tour in her home county Jefferson WV The studio tour began 33 years ago at Anne s kitchen table and has developed into a tour that is well recognized regionally It gives Anne great pleasure to know that the 25 artisans who are on the Over the Mountain Studio Tour are assisted in making their living through the tour The hundreds of people who come to the studios consistently are attracted by the positive vibes in our group of artisans the quality of their work and by the positive reputation they have in their community and area Being a member of the Steering Committee and an annual tour participant has helped Anne to develop into the artisan she is today

much I would LET THE CHILDREN PLAY And as I watched the little children stand in line for the bus stand in line for lunch and walk in line through the hall I vowed that in gym class they would not spend a lot of time standing in line I would LET THE CHILDREN PLAY This book is based on the premise LET THE CHILDREN PLAY We managed our class using the four Cs cooperation competition consideration of others and control of the self The activities are selected first because they are fun The second premise have as many children as active as possible at one time This was accomplished through the use of small group games stations and circuits The third premise all children will be treated fairly and affirmatively All children are the leaders all children get to be the taggers all children get to have a turn and all children have an equal opportunity to learn the fundamentals in all areas taught The fourth premise to teach children to compete to practice to persevere The concept of doing the best you can and respecting yourself and others is a necessary thing to teach The fifth premise to teach the children how to cooperate together The big question is this If we call children names or make fun of them will they perform better or worse in the activity We learn to share and help each other in all of our activities The activities are based on ten years of experience teaching beginning skills and games The children decided what activities should be included in this book It is packed full of the things they like to do LET THE CHILDREN PLAY is a compilation of activities that work with average normal children and is useful to the classroom teacher as well as the specialist *Congressional Record* United States.
