AB Bookman's Weekly, 1998 **Book Prices** Edward N. Zempel, Linda A. Verkler, 1993 *Book Prices: Used and Rare*, 1994 Edward N. Zempel, 1994 Annual Register of Book Values Annual register of book values. Modern first editions, Clive Limited, The, 1996-12 *The Voice of the Mother* Jo Malin, 2000 Analyzing this narrative practice Malin examines ten texts by women who seem particularly compelled to tell their mothers stories Each author is in fact able to write her own autobiography only by using a narrative form that contains her mother's story at its core These texts raise interesting questions about autobiography as a genre and about a feminist writing practice that resists and subverts the dominant literary tradition **The Palgrave Handbook of the Southern Gothic** Susan Castillo Street, Charles L. Crow, 2016-07-26 This book examines Southern Gothic a term that describes some of the finest works of the American Imagination But what do Southern and Gothic mean and how are they related Traditionally seen as drawing on the tragedy of slavery and loss Southern Gothic is now a richer more complex subject Thirty five distinguished scholars explore the Southern Gothic under the categories of Poe and his Legacy Space and Place Race Gender and Sexuality and Monsters and Voodoo The essays examine slavery and the laws that supported it and stories of slaves who rebelled and those who escaped Also present are the often neglected issues of the Native American presence in the South socioeconomic class the distinctions among the several regions of the South same sex relationships and norms of gendered behaviour This handbook covers not only iconic figures of Southern literature but also other less well known writers and examines gothic imagery in film and in contemporary television programmes such as *True Blood* and *True Detective* **Theology** Helena Petrovna Blavatsky, 1878 **Isis unveiled** Helena Petrovna Blavatsky, 1877 Isis Unveiled H. P. ,1898 The Politician ,1846 *Isis Unveiled* Helena Blavatsky,2022-11-13 Helena Blavatsky's *Isis Unveiled* is a profound exploration of the intersection between science, philosophy, and spirituality, crafted in a distinctive literary style that blends scholarly rigor with poetic prose. First published in 1877, this seminal work challenges the prevailing materialistic views of the 19th century by advocating for a deeper understanding of ancient wisdom and mysticism. Blavatsky delves into the esoteric teachings of Eastern religions, particularly Hinduism and Buddhism, weaving them into a tapestry that critiques Western scientific paradigms while promoting a holistic worldview that acknowledges spiritual truths often dismissed by contemporaneous thought. As co-founder of the Theosophical Society, Helena Blavatsky draws extensively from her own extensive travels and studies of various spiritual traditions. Her upbringing in an aristocratic Russian family and her experiences in India profoundly shaped her philosophical outlook and led her to seek a synthesis of Eastern and Western thought. Blavatsky's background as a medium and her passion for unraveling spiritual mysteries inform her arguments, positioning her as a pivotal figure in the revival of interest in occultism and metaphysical inquiry during her time. *Isis Unveiled* is not merely a historical text but a call to re-evaluate our understanding of reality through a spiritual lens. I highly recommend this work to anyone interested in the foundations of modern esotericism, the synthesis of science and spirituality, or those seeking a deeper understanding of the mysteries of existence. Blavatsky's compelling prose invites readers to embark on a transformative journey that reverberates through contemporary thought.
