The Empire's Missing Links Walid Bitar,2008 The Empire s Missing Links explores a world familiar to readers of Walid Bitar s previous three books a world where language is never simple where the most ordinary words are weapons used against us in the play for private and public power Resembling a series of unflinchingly ambivalent and often jarringly enigmatic history lessons Bitar s new poems are rich in original observations about our contemporary unease The effect in the end is of a single wandering monologue its 21st century sense of crisis encoded in unpredictable quatrains whose evasiveness is always in step with lapidary plainness and metaphorical surprise The Empire s Missing Links is Bitar s darkest most daring book yet
