Aronstein,2012-12-10 For many the middle ages depicted in Walt Disney movies have come to figure as the middle ages forming the earliest visions of the medieval past for much of the contemporary Western and increasingly Eastern imagination The essayists of *The Disney Middle Ages* explore Disney's mediation and re creation of a fairy tale and fantasy past not to lament its exploitation of the middle ages for corporate ends but to examine how and why these medieval visions prove so readily adaptable to themed entertainments many centuries after their creation What results is a scrupulous and comprehensive examination of the intersection between the products of the Disney Corporation and popular culture's fascination with the middle ages *HCA Comics and Comic Art Auction Catalog #7021, Dallas, TX* Jim Steele,2010-04

From the Beast to the Blonde Marina Warner,1995 This brilliant and timely study looks beyond the Freudian interpretation of fairy tales to the tellers of the tales and to the social and cultural contexts in which the tales are told and re told through the centuries from the ancient sibyls to the eighteenth century SALONIERES from Angela Carter to Disney The value and enduring popularity of folk and fairy tales derives not only from their mythic significance but crucially from the fact that their concerns are rooted in the material world Lively provocative and ground breaking *FROM THE BEAST TO THE BLONDE* is Marina Warner's first major work of non fiction since the acclaimed *MONUMENTS AND MAIDENS* *The Handbook of Gender, Sex, and Media* Karen Ross,2013-12-04 The Handbook of Gender Sex and Media offers original insights into the complex set of relations which exist between gender sex sexualities and the media and in doing so showcases new research at the forefront of media and communication practice and theory Brings together a collection of new cutting edge research exploring a number of different facets of the broad relationship between gender and media Moves beyond associating gender with man woman and instead considers the relationship between the construction of gender norms biological sex and the mediation of sex and sexuality Offers genuinely new insights into the complicated and complex set of relations which exist between gender sex sexualities and the media Essay topics range from the continuing sexism of TV advertising to ways in which the internet is facilitating the re invention of our sexual selves *I'm No Angel* Ellen Tremper,2006 Have you ever wondered why there are so many dumb blonde jokes always about women Or how Ivanhoe's childhood love theflaxen Saxon Rowena morphed into Marilyn Monroe Between that season in 1847 when readers encountered Becky Sharp playing the vengeful Clytemnestra about to plunge a dagger into Agamemnon and the sunny moment in 1932 when moviegoers watched Clark Gable plunge Jean Harlow's platinum tressed head into a rain barrel the playing field for women and men had leveled considerably But how did the fairy tale blonde that placid pliant girl become the tomato upstairs as Monroe styled herself in *The Seven Year Itch* In *I'm No Angel* The Blonde in Fiction and Film Ellen Tremper shows how at its roots the image of the blonde was remodeled by women writers in the nineteenth century and actors in the twentieth to keep pace with the changes in real women's lives As she demonstrates through these novels and performances fair hair and its traditional attributes patience pliancy endurance and innocence suffered a deliberate

alienation which both reflected and enhanced women's personal and social freedoms essential to the evolution of modernity. From fiction to film the active desiring and sometimes difficult women who disobeyed, manipulated and thwarted their fellow characters mimicked and furthered women's growing power in the world. The author concludes with an overview of the various roles of the blonde in film from the 1960s to the present and speculates about the possible end of blond dominance. An engaging and lively read. I'm *No Angel* will appeal to a general audience interested in literary and cinematic representations of the blonde as well as to scholars in Victorian women's and film studies.

The Fairy's Tale

F. D. Lee, Whoever said fairy tales were easy has never been a wannabe fairy godmother. The truth is making dreams come true can be a total nightmare. Bea is a lowly cabbage fairy but she dreams of being an official Fairy Godmother. So when she is finally given a chance to prove her worth, Bea is determined to make a success of it. Besides, how hard can a Happy Ever After story be? Every girl wants to be rescued by a handsome man, don't they? Apparently not. Bea's heroine doesn't want to be in her story and her hero is much more interested in the ugly sister. The same ugly sister who is trying to overthrow the Kingdom. Suddenly, Bea must confront the fact that her characters are as real as she is and just like her, they are determined to go their own way. The problem is if she fails to finish the story, Bea faces a fate much worse than being put to sleep for a hundred years. Now Bea must figure out what Happy Ever After really means and whose Happy Ever After she's prepared to fight for. Download *The Fairy's Tale* and start your adventure today. I never thought I would say this but thank you F. D. Lee for the lack of sleep. *The Fairy's Tale* is the first novel in The Pathways Tree series. With surprising plot twists and compelling characters, *The Fairy's Tale* is a whirlwind adventure into the sinister world behind classic folk tales and myths. If you love fractured fairy tales and a story you can talk about after you've finished reading, then *The Fairy's Tale* is for you. *The Fairy's Tale* has been featured in The Independent and was rated Outstanding in the 24th Annual Writer's Digest Self-Published Book Awards 2016 for Plot and Story Appeal, Structure Organization and Planning, Character Appeal and Development, Voice and Writing Style, and Spelling, Punctuation and Grammar. Please note this book is written in British English.

Handsome

Heroes & Vile Villains Amy M. Davis, 2014-01-31 From dwarves to princes, heroes to heartbreakers, the Disney treatment of male characters in the studio's animated features. One of PopSugar's Best Books for Women 2013. From the iconic Snow White and the Seven Dwarfs 1937 to *Tangled* the 2010 retelling of Rapunzel, *Handsome Heroes and Vile Villains* looks at the portrayal of male characters in Disney films from the perspective of masculinity studies and feminist film theory. This companion volume to *Good Girls and Wicked Witches* places these depictions within the context of Hollywood and American

popular culture at the time of each film's release. Within her idealism and love for the House of the Mouse, it seems Davis is on to something. Whether idealistic or delusional, the Disney she talks about seems to be a thing that's waiting just around the corner. PopMatters
