**Blood Fugue** Joseph D'Lacey, 2012 Reclusive outdoorsman Jimmy Kerrigan finds himself battling a vampiric plague which threatens to destroy Hobson's Valley the isolated mountain community he calls home When his family friends and neighbours fall prey to the Fugue Kerrigan is the only one who can save them and prevent the disease spreading beyond the remote town's boundaries Kerrigan is uniquely equipped to deal with the outbreak He carries a variant strain of Fugue enabling him to overcome and heal its victims However the nature of the illness ensures neither he nor those he hunts down are aware they're infected After feeding on humans the diseased forget their behaviour Even Kerrigan having confronted or neutralised a Fugue is unable to recall his actions as guardian of Hobson's Valley The illness and its effects have like tetanus survived in the earth around the mountain for countless generations The lineage of Fugue Hunters has always been able to reverse an outbreak but not this time someone wants the disease to spread and in combination with a mutation of the virus Kerrigan realises he may not be strong enough to contain it Kerrigan is challenged beyond his limits when an innocent family of outsiders hikes straight into a wilderness crawling with Fugues a wilderness he is responsible for Can he really save them and protect the town Can he defeat the creature who has caused the Fugue to mutate And most crucially when he learns the horrifying truth about his own infection will he even have the strength to try

**Blood Moon** Jerry Ahern, The history of the world has been changed by evil more often than by good Evil does not always come straight at you evil is a coward that insinuates itself around the truth around courage and even around reality That is why we call it evil John Thomas Rourke and his family and friends have dealt with evil before But this time it is strangely different Not long ago Atlantis and UFOs and Aliens were legends Now the legends are not only real but interlinked inexorably and forever tied to each other A history we never knew is now a reality we will never forget One tinged by evil This time courage alone nor hot lead alone nor cold steel alone can fix the problem All of the threads of the recent past have now been pulled together but to what end Once again the world is about to change and nothing can stop it The question now is can John Thomas Rourke guide his family toward their own survival and into yet another new world

Spires, 2019-03-08 In the years between the American Revolution and the U S Civil War as legal and cultural understandings of citizenship became more racially restrictive black writers articulated an expansive practice based theory of citizenship Grounded in political participation mutual aid critique and revolution and the myriad daily interactions between people living in the same spaces citizenship they argued is not defined by who one is but rather by what one does In The Practice of Citizenship Derrick R Spires examines the parallel development of early black print culture and legal and cultural understandings of U S citizenship beginning in 1787 with the framing of the federal Constitution and the founding of the Free African Society by Absalom Jones and Richard Allen and ending in 1861 with the onset of the Civil War Between these two points he recovers understudied figures such as William J Wilson whose 1859 Afric American Picture Gallery appeared in seven installments in The Anglo African Magazine and the physician abolitionist and essayist James McCune Smith He places texts such as the proceedings of black state conventions alongside considerations of canonical figures such as Frances Ellen Watkins Harper and Frederick Douglass Reading black print culture as a space where citizenship was both theorized and practiced Spires reveals the degree to which concepts of black citizenship emerged through a highly creative and diverse community of letters not easily reducible to representative figures or genres From petitions to Congress to Frances Harper's parlor fiction black writers framed citizenship both explicitly and implicitly the book demonstrates not simply as a response to white supremacy but as a matter of course in the shaping of their own communities and in meeting their own political social and cultural needs **Wolf in Shadow** John Lamshead, 2013-06-15 Urban fantasy in one of the world's greatest cities Rhian a girl from the Welsh valleys on the run from tragedy and herself finds a new home in the modern East End of London where the world's

largest financial center spins a web of money and power from glistening towers of chrome and glass Beneath the digital facade lurks the old East End where the layers of two thousand years of dramatic and violent history slide over one another like glaciers spilling out in avalanches that warp the real world As bodies begin to litter the East End streets The Commission dispatches its best enforcers to deal with the situation Karla is not human and Jameson left his humanity behind in pieces in Northern Ireland and Afghanistan Rhian makes new friends dangerous friends and where Rhian goes the wolf is always in her shadow just a heartbeat away Among the bankers and traders of the East End walk demons in human form and who is to say which are the monsters London is a magical bomb waiting to explode and somewhere a fuse is hissing At the publisher's request this title is sold without DRM Digital Rights Management      **Cerebral Blood Flow, Metabolism, and Epilepsy** M.
