## **Blood Red Rose:**

**Blood Red Rose's** Chanelle Owens, *A Blood Red Rose for Sophia* Lois Scott, 2002-04-17 Prom night turns from happy to horror in this tale of teen tragedy *The Song of the Blood-Red Flower* Johannes Linnankoski, 2022-08-01 In *The Song of the Blood Red Flower* Johannes Linnankoski provides a poignant exploration of the profound connection between nature and human experience The novel set against the backdrop of rural Finland weaves a rich tapestry of imagery and metaphor reflecting the author's lyrical style that is both evocative and deeply rooted in Finnish cultural identity Through the story of its protagonist Linnankoski delves into themes of love loss and the indomitable spirit of life effectively situating his work within the broader literary context of early 20th century Finnish realism augmented by strands of romanticism and modernist thought Johannes Linnankoski whose real name was Taito Kalevi Sali was deeply influenced by the natural landscapes of Finland an affinity that permeates his writing His experiences as a schoolteacher and his profound appreciation for Finnish folklore and mythology informed his narrative style and thematic choices in this work Linnankoski's literary journey was marked by a desire to capture the essence of Finnish identity at a time when the nation was on the cusp of independence making *The Song of the Blood Red Flower* an essential reflection of both personal and national awakening This captivating novel warrants a place on the bookshelf of anyone eager to explore the depths of the human soul as reflected through the prism of nature Readers seeking a lyrical profound meditation on life interwoven with Finnish tradition will find in Linnankoski's work not only aesthetic beauty but also a resonant call to embrace the complexities of existence Wounds of Love Frank Graziano, 2004-01-15 The Peruvian mystic St Rose of Lima Isabel Flores y Oliva 1586 1617 was canonized in 1671 as the first saint of the New World and remains the object of widespread devotion today In this engrossing new study Frank Graziano uses the example of St Rose to explore the meaning of female mysticism and the way in which saints are products of their cultures Virginity austerity eucharistic devotion incessant mortification and mystical marriage to Christ characterized the devotional regimen that structured St Rose's entire life Many of her mystical practices echo the symptoms of such modern psychological disorders as masochism depression hysteria and anorexia nervosa Graziano offers a sophisticated argument not only for the origins and meaning of these behaviors in Rose's case but also for the reason her culture venerated them as signs of sanctity In the process he explores a wide range of themes from the idea of suffering as an expression of love to the assimilation of childhood trauma through religious repetition Graziano also offers a penetrating analysis of the politics of Rose's canonization He finds that her mystical union with God bypassing the institutional channels of sacrament and priestly mediation was inherently subversive to the bureaucratized Church Canonization was a cooptation by which Rose's competing claim to Christ was integrated into the Catholic canon The book concludes with a fascinating exploration of mystical eroticism with its intense experiences of vision and ecstasy The eroticized suffering of many mystics is shown to be very human in origin the mystic's wounded love is projected onto a God conceived to accommodate it Wounds of Love is

Rush,2005-03-17 Say body modifications and most people think of tattoos and piercings They associate these mainly with the urban primitives of the 1980s to today and with primitive tribes In fact as this fascinating book shows body mods have been on the scene since

ancient times traceable as far back as 1.5 million years and they also encompass sacrifice, branding and implants. Professor John Rush outlines the processes and procedures of these radical physical alterations showing their function as rites of passage, group identifiers and mechanisms of social control. He explores the use of pain for spiritual purposes such as purging sin and guilt and examines the phenomenon of accidental cuts and punctures as individual events with sometimes profound implications for group survival. Spiritual Tattoo finds a remarkable consistency in body modifications from prehistory to the present suggesting the importance of the body as a sacred geography from both social and psychological points of view.

*WineSpeak* Bernard Klem, 2009-07-01. If you read wine reviews you're already either amused or confused by the soaring language wine writers often use to describe what they're smelling and tasting. But do you always know what they mean? Have you ever sipped a complex white and sensed what's so colorfully described as a peacock's tail? Have you ever savored a full-bodied red only to detect the ripe, acrid smell of a horse stall? If not, you're in for a treat because these terms and thousands more are all here to amuse, dismay, enlighten, inspire, puzzle and utterly shock you. Welcome to the rich linguistic universe of wine speak, a world where words and wine intersect in an uncontrolled riot of language guaranteed to keep you entertained for hours. The author, a lifelong lover of both wine and words, has compiled and organized this unique thesaurus of 36,975 wine tasting descriptors into 20 special collections extracted from 27 categories so you can locate exactly the right term or phrase to express yourself clearly or to understand others. May your path across the galaxy of wine be paved only with labels from the very best bottles on earth. Or much more cautiously with wines that could introduce you to angel pee, citronella, eastern European fruit soup, Godzilla, iodine, ladies underwear, mustard gas, old running shoes, rawhide, hot tar roads, bubblegum, sweaty saddles, crushed ants, kitchen drains or even turpentine.

*Colonial Australian Women Poets* Katie Hansford, 2021-01-08. My book traces the significant poetic and political contributions made by non-canonical women poets situating women's poetry both in colonial Australian print culture and in wider imperial and transnational contexts. Women poets in colonial Australia have tended to be represented as marginal and isolated figures or absent. This study intervenes by demonstrating an alternative networked tradition of transnational feminist poetics and politics beyond and around emergent masculine nationalism particularly within newspapers and periodical print culture. Without the inclusion of periodical literature, women's poetry in Australia during the colonial period would appear to have been fairly limited. When periodical literature is taken into account, this picture is radically altered and poets emerge as consistent contributors often across a variety of newspapers and journals who were well-known, influential and connected with political figures and literary circles. In examining this poetry in the original context of the newspapers and journals, the political intervention and the reception of that poetry is made much more apparent.
