GOD OF KILLING CHAPTER 01 Nguyen Huong, 2025-07-22 GOD OF KILLING CHAPTER 01 Shi Yan suddenly woke up and felt a splitting pain in his head as if his head was filled with lead This was a dark cave a cave the size of a basketball court and on the ground were piles of white bones and there were ten strangely dressed corpses scattered around him The clothes on the corpses were still very new it seemed like they had not been dead for long Where was this Was it the Bahamas in the Caribbean Shi Yan was a person who loved extreme sports to the point of almost going crazy At the age of twenty seven his mother passed away early and his father who had accumulated wealth all his life died of cancer in middle age So he inherited a fortune early and could not spend it all in his lifetime Others were painfully searching for something in life but he had it as easy as turning his hand it was already there from the beginning *GOD OF KILLING CHAPTER 53* Nguyen Huong, 2025-07-24 GOD OF KILLING CHAPTER 53 While Shi Yan and Ze Xi Li Ya were in the lake outside the lake a long time had actually passed During this period of time Shang Yun and Ze Xi Li Ya went first into the belly of the divine mountain Hei Ge and Ao Da Li brought people along experienced layers of suffering harvested a lot of spirit stones beautiful jade spirit herbs and primordial fruits and finally arrived at the foot of the divine mountain Ka Sam of the Zha Te Li Si family had already experienced the lowest wave of his life all kinds of torture added to his body he had collapsed had endured had harmed himself and finally woke up once again *The Power of Denial* Bernard Faure, 2009-01-10 Innumerable studies have appeared in recent decades about practically every aspect of women s lives in Western societies The few such works on Buddhism have been quite limited in scope In *The Power of Denial* Bernard Faure takes an important step toward redressing this situation by boldly asking does Buddhism offer women liberation or limitation Continuing the innovative exploration of sexuality in Buddhism he began in *The Red Thread* here he moves from his earlier focus on male monastic sexuality to Buddhist conceptions of women and constructions of gender Faure argues that Buddhism is neither as sexist nor as egalitarian as is usually thought Above all he asserts the study of Buddhism through the gender lens leads us to question what we uncritically call Buddhism in the singular Faure challenges the conventional view that the history of women in Buddhism is a linear narrative of progress from oppression to liberation Examining Buddhist discourse on gender in traditions such as that of Japan he shows that patriarchy indeed misogyny has long been central to Buddhism But women were not always silent passive victims Faure points to the central role not only of nuns and mothers and wives of monks but of female mediums and courtesans whose colorful relations with Buddhist monks he considers in particular Ultimately Faure concludes that while Buddhism is in practice relentlessly misogynist as far as misogynist discourses go it is one of the most flexible and open to contradiction And he suggests unyielding in depth examination can help revitalize Buddhism s deeper more ancient egalitarianism and thus subvert its existing gender hierarchy This groundbreaking book offers a fresh comprehensive understanding of what Buddhism has to say about gender and of what this really says about Buddhism
