March of the Pigments Mary Virginia Orna, 2022-05-23 Take a colorful walk through human ingenuity Humans have been unpacking the earth to use pigments since cavemen times Starting out from surface pigments for cave paintings we've dug deep for minerals mined oceans for colors and exploited the world of plants and animals Our accidental fumbles have given birth to a whole family of brilliant blues that grace our museums mansions and motorcars We've turned waste materials into a whole rainbow of tints and hues to color our clothes our food and ourselves With the snip of a genetic scissor we've harnessed bacteria to gift us with greener blue jeans and dazzling dashikis As the pigments march on into the future who knows what new and exciting inventions will emerge Mary Virginia Orna a world recognized expert on color will lead you through an illuminating journey exploring the science behind pigments Pausing for reflections en route to share stories around pigment use and discoveries informed by history religion sociology and human endeavour this book will have you absorbing science and regaling tales Jam packed with nuggets of information March of the Pigments will have the curiously minded and the expert scientist turning pages to discover more

Culturing the Body Benjamin Collins, April Nowell, 2024-03-01 The human body is both the site of lived experiences and a means of communicating those experiences to a diverse audience Hominins have been culturing their bodies that is adding social and cultural meaning through the use pigments and objects for over 100 000 years There is archaeological evidence for practices of adornment of the body by late Pleistocene and early Holocene hominins including personal ornaments clothing hairstyles body painting and tattoos These practices have been variously interpreted to reflect differences such as gender status and ethnicity to attract or intimidate others and as indices of a symbolically mediated self and personal identity These studies contribute to a novel and growing body of evidence for diversity of cultural expression in the past something that is a hallmark of human cultures today

Handbook Of Traditional Chinese Medicine (In 3 Volumes) Stevenson Xutian, Shusheng Tai, Chun-su Yuan, 2014-09-19 For over two thousand years Traditional Chinese Medicine TCM has made many significant contributions to China's growth and prosperity This textbook based on the unique characteristics of TCM discusses its principle theories and presents a comprehensive daily practice guide for health maintenance and disease treatment The book provides clinical practitioners with a fundamental understanding of the essence of TCM We highly recommend this book for students

interested in TCM Chinese medicine doctors and other healthcare professionals biomedical researchers and interested individuals Readers will benefit from the inspirational viewpoints discussed in the book Unsettling Narratives Clare Bradford,2007 Children s books seek to assist children to understand themselves and their world Unsettling Narratives Postcolonial Readings of Children s Literature demonstrates how settler society texts position child readers as citizens of postcolonial nations how they represent the colonial past to modern readers what they propose about race relations and how they conceptualize systems of power and government Clare Bradford focuses on texts produced since 1980 in Canada the United States Australia and New Zealand and includes picture books novels and films by Indigenous and non Indigenous publishers and producers From extensive readings the author focuses on key works to produce a thorough analysis rather than a survey Unsettling Narratives opens up an area of scholarship and discussion the use of postcolonial theories relatively new to the field of children s literature and demonstrates that many texts recycle the colonial discourses naturalized within mainstream cultures *A Tale of Two Collectors: The Lithic Collections of Geoffrey Taylor and David Heys (with particular reference to the county of Yorkshire)* Keith Boughey,2023-11-16 Geoffrey Taylor and David Heys over a 25 year period amassed a huge amount of prehistoric material in flint jet stone glass and metal gathered mostly off the North York Moors The present book aims to introduce the collections to the archaeological world and to give the reader a clear impression of their contents *The London Encyclopaedia* ,1829 **People of the Bear Mother** T. D. Austin,2012-08 The most powerful shaman of the People of the Bear Mother invites a young woman to take her soul s great adventure by painting a new piece of animal art on the walls in the deepest chambers of the awesome Great Cave The time has come for Little Bear to make the life altering choice to overcome her fear of the terrifying old shaman and in doing so unalterably change all the lives her soul will subsequently experience even as her lion eye reappears in each lifetime to identify her avatar But before she may embark on her hero s journey she must be initiated as hunter and then as Seer through trials ordeals and the revelations of her people s mythology expressed in the art of the Cave The tale builds to an unexpected climax as one soul experiences many lifetimes in a hunting culture where being born female or male homosexual or heterosexual young or old are equally valid ways of being human Inspired by the work of Joseph Campbell and the artwork of France s 35 000 yearold Chauvet Cave the novel takes a fresh look at and is a new take on the life ways and religion of our earliest ancestors through Little Bear s encounters with shamans hunters avatars and painted caves This story reveals that the spiritual messages hidden within this magnificent incredibly ancient art are the same metaphysical beliefs of the New Age and the same universal human truths at the heart of every world religion and mystical philosophy 2011 Book Competition Finalist Awards USA Best Book Awards for New Age Fiction IBA for Chick Lit Women s Fiction IBA for Gay Lesbian Fiction Where the Land Meets the Sea Tom D. Dillehay,2017-08 This landmark interdisciplinary volume on the excavation of one of the longest occupied yet most enigmatic sites in human history sheds new light on how civilization began among farmers and fishermen some fourteen

thousand years ago **UPDATING HINDU MYTHOLOGICALS** V.K. SINHA,2020-02-18 The story written in the Ramayana seems to be very simple and straightforward but it hides many secrets in its bosom For the layman it is a story of good versus evil with evil getting a beating and good being victorious getting a rousing welcome But there are many details that if read carefully reveal many secrets that have been hidden from the general society The present author has tried to reveal those secrets but because of lack of space has limited himself to the revelation of just a few of those secrets After a proper study it seems that Ravana was not as bad as has been made out to be It seems he had many grand ideas but because the war was lost the ideas also died One of them not mentioned in the book because of the lack of full details is that he had a medical system similar to the Red Cross that we have today Similarly there are many other details of Ravana that have been described It turns out that Ravana was not that bad a person nor was it that Rama that did not have any fault in him Ramayana emphasises that the victor is always a good and revered person and the loser is cursed by society
