Hooper, 2002 Executive Outcomes was the title of the most successful private army of modern times In Angola Sierra Leone and Papua New Guinea it stepped in while the UN revealed itself as little more than a debating society But the motives of this mercenary army are open to question was it more interested in protecting Sierra Leone s diamond mines than the people caught up in a savage guerilla war Journalist Jim Hooper followed Executive Outcomes on operations all over Africa and in this book reveals the story of a mercenary army in action *American Book Publishing Record* ,2003 **The Mercenary**

Christopher Kinsey, 2023 The growing reliance by the US Russia and China on military and security contractors suggests that the mercenary remains a key player in international politics now emerging from the shadows to help expand state influence on the world stage by serving as an important actor in the conduct of conflict and the winning of small wars *Parameters*
